Never before could you get so much tire worth for \$10.90

AR-OWNERS who bought a 30x3 1/2 "Usco" for \$10.90 last Fall have discovered this by now—
Nobody before ever got so much tire value in the neighborhood of ten dollars.
They never had to question the quality—with the makers of U. S. Royal Cords behind it.
They couldn't help admiring the price—spontaneously made to meet the new economy times.

A tire that would be high value at more than \$10.90.
At \$10.90 it is unapproached.

First to establish the new popular price \$10.90
