### BIBLE THOUGHT FOR TODAY

THE ONLY SAFE TRUST:—  
Some trust in chariots, and some  
in horses; but we will remember  
the name of the Lord our God.—  
Psalm 20:7.

### STATE TAX AND DELINQUENCY

Assessor Anderson's proposal that  
the state assume a share of the county  
tax delinquencies in proportion  
to its share of the tax levied is a  
matter that is already under con-  
sideration by the Tax investigation  
commission, according to our infor-  
mation. It is to be hoped that Mr.  
Anderson will successfully press his  
resolution at the meeting of the as-  
sessor's so that if the commission in-  
cludes in its report a recommendation  
on the subject there will be also  
the weight of action by another body  
in support of the proposition.

As matters now stand, and espe-  
cially in these days of high state taxes  
and unprecedented delinquencies, the  
burden laid on the county by its  
forced assumption of delinquencies  
in state tax payments is very heavy.  
The tax levied against every piece  
of property includes a sum due the  
state. If the tax on any piece is  
not paid that which is paid on other  
property must make up the shortage.  
This shortage the county has to  
stand.

A simpler way of stating the fact  
and making the point is to assume  
that in any year the state tax is \$100  
and the county tax the same. Assume  
also that all the taxes are pay-  
able by two persons each having  
\$100 to pay. When the first half  
tax payment is due in April one pays  
\$50, the other nothing. In May the  
state calls on the county for the first  
half of the state tax and the \$50  
taken in is sent to Salem. In Octo-  
ber the same thing happens again  
when the second payment is due. The  
result is that the taxes collectible by  
the county for itself and the state are  
50 per cent delinquent, the state  
nevertheless has received its tax in  
full and the county has received  
nothing.

If Mr. Anderson's plan is carried  
out the state and the county, on  
facts as assumed above, would each  
have \$50 and each would have a 50  
per cent delinquency. That would  
be fairer to the county and would  
help it in its own financial affairs  
materially.

### AUDITOR OF MOOSE LODGE IS VISITOR

himself to be well pleased with the  
condition of the lodge here, and fa-  
vorable impressed by the city of  
Bend. His home is in San Francisco.

### Faces

The face you wear was Nature's gift; and it  
may be, perhaps, that people who before you drift  
may have more handsome maps. But let this not  
disturb your rest, don't dope your face with drugs;  
for Nature knows just what is best when she dis-  
tributes mugs. My frontispiece I thought too fierce;  
inspired by foolish hope, I sent away and got a  
tierce of Johnson's Beauty Dope. I spread the mix-  
ture on my brow, and on my cheeks and chin; "I  
will be fairly dazzling now," I said, and rubbed it in.  
I spread the ointment on my ears, and put some on  
my nose, and dreamed of going down the years as  
lovely as a rose. But all my dreams were doomed  
to smash, they died upon a day; the Beauty Dope  
brought out a rash that will not go away. And old  
friends view my face with grief; their gibes I've  
long endured; "You're looking like a side of beef  
that wasn't rightly cured." My skin has an un-  
wholesome shine, and scaly is my crown; my nose is  
slightly out of line, my mouth is upside down. Could  
I but have the useful face I had on that bright day,  
before I vainly tried to chase its blemishes away!  
I would not touch it up with grease, or paint it pink  
or white, but let it be, and live in peace, and have  
sweet dreams at night.

**Cats Once Worshipped.**  
After the Romans conquered Egypt,  
they, with their usual sagacity, toler-  
ated cat love or worship. Diodorus  
tells the story of a mob tearing a  
Roman soldier "to pieces" because he  
had accidentally slain a cat. An office  
of keeper of cats was hereditary. The  
Turks adopted Feils domestica. In  
Cairo homeless cats were fed by order  
of the kadin. According to Lane, the  
translator of the Arabian Nights, the  
Sultan Es-Zahir Beybars founded a  
home for cats in a garden near his  
mosque.

# THOR NEWS

If you knew you could do a TWO DAYS' large family washing  
in ONE DAY and do the ironing besides, and still be in a tem-  
peramental state that would allow you to go to a show or bridge  
party, you certainly would go a long way to find this something  
that accomplishes the above. Well, there's no secret about it.

## A THOR Electric Washing Machine

will do just that very thing. Furthermore, in the last five weeks  
we have added many new owners to the regular list of THOR  
owners, who will vouch for all we say about the THOR.

Your first thought now, then, is that the THOR costs too  
much money. We can prove the contrary, for

## A THOR Pays For Itself as Follows:

**Saves Clothes** No chemicals or rubbing necessary to clean,  
thereby preserving the life of all linen and garments.

**Saves Labor** With a THOR, for an average size family, the  
washing is on the line and dried and the ironing  
done before dinner, house cleaned and ready to en-  
ertain after lunch.

**Saves Health** The THOR motor is only a sixth horsepower  
and uses only two cents' worth of current an hour  
but still has power enough to both CYLINDER and  
WRINGER at the same time. With a THOR there  
is no such thing as overwork or doctor bills that  
would be caused from straining, etc.

**36 Cents a Day** \$10.00 cash and an equivalent of 36 cents a day  
makes you a THOR owner.

**But** See it work and then talk terms. We will de-  
liver a THOR to your home and do a large family  
washing FREE OF CHARGE to prove that a  
THOR is all that we claim it to be.
