

MOOSE DESIRE TO HAVE HOME LOCATED HERE

Lodge Debate On Question Set For Thursday

NEED FOR WEST SEEN

Climate And Central Location Given As Arguments For Institution Similar To That At Mooseheart.

Putting under way a movement to secure for the western states a home for orphaned children of members of the Loyal Order of Moose similar to that now maintained at Mooseheart, Illinois, and to locate such a home in or near Bend, local members of the order will debate the question at their regular lodge meeting next Thursday night.

The opinion is increasing, according to Bend Moose, that a home of the kind would better serve the western territory, in which the order is especially strong, than does the institution in Illinois. This is to be thoroughly discussed at Thursday night's session, and if the decision is favorable, other lodges will be communicated with and their support asked. It is considered probable that with the movement gaining general support, Bend might have Spokane and San Francisco as rivals for the home.

Local Moose are favoring location here because of the invigorating climate and the central location of Bend.

Ultimately, sanction by the grand lodge would be required.

The Mooseheart home in Illinois is now caring for 1,106 children.

ROADS BETTER WITHIN FOREST

Greater Motor Travel Expected Following Improvements.

Better road conditions throughout the Deschutes national forest were announced today by Supervisor H. L. Plumb, based on reports from rangers in the various districts. Motoring to mountain lakes and streams will rapidly increase from now on, he believes.

The Elk lake road was greatly improved by the rain this week, that section between the lava and the forest boundary being now easily traveled. Dragging has smoothed out the grade on the Crane Prairie hill and benefited the road at Snow creek.

A repair crew has been sent out to work between the town of Crescent and Crescent and Odell lakes, Plumb states, and improvements are still being pushed on the China Hat cutoff. Already a number of steep grades have been eliminated, and the road straightened in many places. It is now the best route in motoring to Fort Rock, he says.

MICKIE SAYS

"TH' BIRD TH'AT GITTS TH' BIG LAFF IS HIM WH'AT UP AN' SQUANDERS TWO BITS ON A LIL' AD AN' THEN HOLLERS BEBUX IT DONT LOOM UP LIKE A FIVE DOLLAR ONE! REMEMBAH, TH' MORE MONEY TH' MORE LOOM!"

IF HER BUSINESS ANYWHERE ADVISES IT FOR SALE!

CHARLES CUSHNER

International Bankers Refuse Aid to Germany; New Meeting Possible

(By United Press to The Bend Bulletin.)

PARIS, June 10.—International bankers considering a loan to Germany are understood to have refused it for the present. They finished their deliberations today and submitted a report to the reparations committee. The date for the next meeting depends upon their individual governments.

MILL WORKERS GET INCREASE

Will Be Effective June 16—Better Conditions Permit Raise.

A wage increase to go into effect on June 16 at both the Brooks-Scotton and Shevlin-Hixon mills advancing the rate of pay 25 cents per day, was announced this afternoon, following a meeting with the conference committee of the Loyal Legion of Loggers and Lumbermen.

Bearing on this decision, a letter sent out by General Manager H. K. Brooks outlines the attitude of both mills in making the increase. The letter says:

"Ever since the last wage adjustment, in July, 1921, it has been our desire to increase the rates of pay to our employes, but up to this time we have not been warranted in doing so.

"Since the middle of last year, the lumber industry has been hit harder than almost any other, and has been very slow in showing signs of improvement, but apparently the tide has turned and the country is getting back to normal, although lumber prices are still low and are not particularly attractive from the standpoint of the manufacturer.

"In view of the improvement in our business, and of the upward tendency in general conditions, we feel that we are now justified in advancing wages, consequently, commencing June 16, all employes with certain few exceptions will be paid an extra 25 cents per day. Contract work will be adjusted in proportion.

"In this case, as in all cases of wage adjustment, whether upward or downward, we have conferred and worked in harmony with the Loyal Legion of Loggers and Lumbermen through its regularly appointed committees.

"We very much appreciate the spirit of cooperation and loyalty shown by our L. L. members, and hope and expect even more efficient cooperation in the future."

NAME OVERTURF AS APPRAISER

Local Man Chosen To Work On Federal Land Bank Loans.

H. J. Overturf of Bend has been appointed Federal Farm Loan bank appraiser for Central Oregon, according to a telegram received today by the Bend Commercial club from Senator McNary, who has been assisting the Commercial club and the Deschutes County Farm bureau in their effort to have a local man appointed.

At the request of the farm bureau, Overturf was recommended for the office by the club directors two weeks ago.

A resident of Medford has previously been appraiser for this district, and applicants for loans have received little satisfaction. On the last 18 requests for federal money, 12 were flatly denied, four were granted for reduced amounts, and two were allowed for the amounts asked.

The appointment of Overturf came as the result of work by Senator McNary and Congressman Sinnott.

PLANS REBUILDING PRINEVILLE HOTEL

Rebuilding of the Prineville hotel, the new structure to cost \$100,000, is planned by Mrs. C. E. McDowell, proprietor of the hotel which was destroyed in last week's fire. It will be built on the site occupied by the ruined structure.

NEW TONG WAR MAY BE WAGED IN NORTHWEST

Two Killings Prompt Police Activity

GUNMEN ARE SOUGHT

Seattle Chinese Barely Escapes With Life—General Disarmament of Celestials in Portland Ordered.

(By United Press to The Bend Bulletin.)

PORTLAND, June 10.—Rumors of another wholesale tong war electrified the police departments of Seattle and Portland today, following a killing in Astoria and an attempted killing in Seattle.

Toy Tong, Bow Leong tongman, was killed here last Saturday night. Seid You, Bow Leong tongman, was killed in Astoria this morning. The gunman escaped after firing five shots.

Lee Kee, in Seattle, barely escaped with his life. Kee is a Hip Sing.

Police in both cities and in Astoria are seeking to discover the murderers and apprehend strange gunmen. Reports of a truce between Bing Kung-Bow Leong and Hip Sing tongs, circulated in Astoria this morning, are also being checked.

Portland Police have been ordered to comb Chinatown for weapons, and to disarm all Chinese carrying guns.

MURDER PLANS ARE REVEALED

Mexican Exiles In United States To Be Kidnaped, Aim of Plotters.

(By United Press to The Bend Bulletin.)

SAN ANTONIO, Texas, June 10.—A plot to kidnap and murder all exiled former Mexican leaders in this country was bared today by United States border agents, following the kidnaping and murder of General Luis Blanco and Colonel Aurelio Martinez at Laredo, according to an official announcement. Federal agents declared the movement had been afoot for many months to "put these active exiles out of the way."

Arrests of plotters were expected today. Every movement of prominent Mexican exiles in the United States has been watched for weeks and wholesale assassinations planned, according to border authorities.

DECLARES SCENERY HERE THE FINEST

Cascade Skyline More Wonderful Than Best In Rockies, Says Antles.

After traveling railroads having the most attractive scenic mileage through the Rocky Mountains, L. Antles, Bend Commercial club secretary, returning last night, said that nothing he had seen could compare in beauty with the Cascade skyline seen in the trip from Madras to Bend. Antles' chief purpose in taking the trip was to visit his mother in Lincoln, Nebraska. He also spent a short time in Omaha.

In the course of his stay in the middle west he had the opportunity of telling hundreds of people of Bend's wonderful scenery, and the angler's paradise which lies at the city's doors. He lost no chance of disseminating information concerning Central Oregon's resources and attractions.

Heavy crops will be harvested in practically every section through which he traveled, Antles said.

EAST LAKE TO BE OPEN IN FEW DAYS

Ben Estes and Fred Smith, telephone crew for the United States forest service, yesterday drove a car to a point one mile beyond the Paulina lake cabin on the East lake road, indicating that the lake will soon be open to auto travel, according to word received at the local forest office. They climbed Paulina peak, finding eight feet of snow at the top.

Millage For Education Opposed by the Grange After All Night Fight

McMINNVILLE, June 10.—The Oregon State Grange adjourned early this morning after the close of the fight on final approval of placing a bill on the November ballot eliminating the one and twentieth millage tax for educational institutions. At the end of an all-night fight the vote stood 58 to 56 in favor of putting the bill on the ballot.

The convention also approved the direct primary law, opposing any attempt to return to the old convention system.

EVIDENCE SOON IN MOORE CASE

Testimony On Injunction To Be Heard By Court Monday.

Taking of testimony in the injunction suit brought by L. F. Orrell and others against the Bend school district to prevent the payment of salary to S. W. Moore, city school superintendent for the last three years, will start Monday, Circuit Judge Robert G. Morrow stated this morning.

As the result of an amendment to the answer to the complaint allowed by the court late yesterday afternoon, W. P. Myers, plaintiff's attorney, was permitted to reinsert in his reply, reference to Mark A. Paulson, stricken out earlier in the afternoon. New allegations contained in the defendant's answer set forth that in June, 1921, the school board declared the office of school superintendent vacant, and that later Moore was reinstated.

DEMAND BONUS CONSIDERATION

Senators From 17 Western States All Favor Bill—McNary Plan Added

(By United Press to The Bend Bulletin.)

WASHINGTON, June 10.—Southern and western senators rallied to support the McCumber soldier bonus bill today with a demand that the senate bring it up for early consideration.

Practically unanimous support from senators from 17 western states was pledged to the bill, following inclusion late yesterday, as an amendment, of the McNary \$350,000,000 reclamation project, put in as an additional compensation feature for veterans. This amendment is regarded as a double assurance that the bill will be passed shortly.

Several western senators are understood to have received McCumber's assurance that he was ready to sidetrack the tariff temporarily and take up the bonus.

WILL ASK OWNERS TO REMOVE HAZARD

Council, In Special Session, Gives Until June 16 Before Starting Suit.

Still hoping to be able to handle without litigation the matter of the removal of the Aune barn, condemned more than a year ago as a conflagration hazard, the city council, in special session late yesterday afternoon, decided to use every means possible to induce the tenants to move, and the owners to raze the structure.

If, however, an arrangement of this kind cannot be made before June 16, the date of the next council meeting, legal action will be at once started. The council authorized the designation of special counsel to assist City Attorney C. S. Benson.

INCREASE IN ACREAGE SOUGHT BY DISTRICT

Under the direction of Baar & Cunningham, Portland engineering firm, work of surveying crews on the Lone Pine district has as its object the adding of 1000 acres to the project. State approval of the project, refused last fall when bond certification was asked, is again to be requested.

EXPERT SHOTS OF STATE HERE FOR BIG MEET

Excellent Scores Made In Practice Today

SUCCESS IS ASSURED

30 Entrants Already Here, Including Five Professionals—Former State Champions To Shoot—Accommodations Taxed.

With over thirty entrants for the state trapshooting tournament, which starts her tomorrow, already in the city, and numerous parties still on the road, the success of the meeting here is already assured. Among the men already here are some of the recognized leading amateur and professional shots of the state, while others of top notch ability are known to be on their way. The only point that is worrying the management of the shoot is weather; and while cloudy weather is predicted for tomorrow, today's ideal conditions may be expected.

Disappointment was expressed this morning that Abner Blair, who at present holds the state amateur championship, will not be able to come, on account of poor health. Several ex-champions will be here, among them J. W. Seavey, already in Bend, who held the title for two years. Frank Templeton is another ex-champion who is on his way to Bend.

Many Experts Entered

Other amateurs who will be in the running for the state title this year are H. H. Veatch, Portland man who is well known in Bend; O. N. Ford, manager of the Portland Gun club, and R. W. Lacey of Albany. L. P. Casselberry is counted on to make the best showing for the Bend team. Casselberry formerly held a state championship in the southwest, and is shooting in excellent form.

G. A. Shelby, Dr. W. G. Manning, R. N. Buchwalter, Dr. J. C. Vandeventer, S. T. Fox, E. L. Douthitt, H. D. Innis, R. S. Hamilton and Clay Miller are other Bend men who will enter. Among the professionals present are J. E. Reid, J. Edward Morris, W. C. Block and B. L. Deaton, all of Portland, and V. A. Smith of Bend.

While the accommodations at local hotels will be taxed by the great number of visitors for the trap shoot, all will be taken care of, hotel men said this afternoon.

Good Scores Made

Good scores were made in the practice shoot this afternoon, perfect marks of 25 targets being made by W. K. France of Arlington, H. H. Veatch and O. N. Ford of Portland. The scores in the four rounds shot up to 2:30 o'clock were:

V. A. Smith of Bend, 23; Ben Hay of Astoria, 18; W. K. France of Arlington, 25; C. Matlock of Pendleton, 22; L. P. Casselberry of Bend, 23. Mark Siddall of Astoria, 22; B. L. Deaton of Portland, 22; A. E. Smith of Portland, 7; Ben Hay of Astoria, 14; F. O. Joy of Portland, 19. H. H. Veatch of Portland, 25; P. J. Holohan of Portland, 22; J. W. Seavey of Portland, 22; W. C. Block of Portland, 21; R. N. Buchwalter of Bend, 21. L. A. Green of Portland, 21; L. P. Casselberry of Bend, 24; O. N. Ford of Portland, 25; J. E. Reid of Portland, 24; J. E. Morris of Portland, 19.

With signs out everywhere to welcome the trapshooters, and several windows decorated to suggest the occasion, Bend has shown that it is taking an active interest in the affair, and is planning to treat the visitors in a manner which will cause them to remember the tournament here for a long time to come.

One of the most striking of the window displays is that at Buckwalter's sport store, which shows a "kewpie" doll with a miniature shotgun, aiming at the flying disc which the boy in the trap house behind him has released at the word, "pull," which issues in a streamer from the mouth of the doll with the shotgun. Except for the costume of the "marksman" the entire window is an accurate reproduction of the scene at the traps course.

Contest Starts Sunday. Promptly at 9 o'clock Sunday morning the tournament will begin, with the entrants shooting 100 registered 16-yard targets, and the first 100 targets for the state amateur

(Continued on Page 4.)

CANDIDATES IN SCHOOL BOARD RACE PETITION

Mrs. Myers Seeks Place On Recall

L. F. ORRELL ASPIRANT

Parent Association Man Out To Succeed Gove, After Gibson Was Endorsed—Heyburn Was Named Director.

Corroboration of yesterday's forecast by The Bulletin that Mrs. W. P. Myers, until Thursday night president of the Parents' association, would be the association's recall candidate to contest the position held by Mrs. Horace Richards on the Bend school board was given this morning when a petition was circulated to place Mrs. Myers' name on the ballot at the annual school meeting, opposing the incumbent. At the last meeting of the association, Mrs. Myers resigned as president so as to be free to run in case her candidacy were considered advisable by the executive board.

Although J. O. Gibson had the endorsement of the association for an appointive berth on the board to succeed L. M. Foss, he will be opposed by the organization as a candidate to fill the vacancy which exists at the expiration of the term of George P. Gove. This was shown today in a petition nominating L. F. Orrell for the vacancy. Orrell was one of the leading members of the association considered as a recall candidate against Mrs. Richards.

Both petitions are being circulated by George Hoover.

Gibson Petition Filed

Filing with the clerk of the district of his petition qualifying him as a candidate for election to succeed Gove was made by Gibson last night.

In an adjourned session yesterday evening, the school board elected J. B. Heyburn to succeed Foss. Heyburn accepted the position and was sworn in as a director. Heyburn is proprietor of the hardware business bearing his name, and has been a resident of Bend for many years.

CANNOT CORROBORATE LENINE DEATH RUMOR

(By United Press to The Bend Bulletin.)

WASHINGTON, June 10.—Report current in diplomatic circles here today that word had been received of the death of Premier Lenine of Russia lacked official confirmation by the state department. Calls at embassies failed to disclose the source of the report.
