

UNION LABOR ATTACKED BY U. S. SENATOR

Part In Mine Massacre De- nounced By Myers

MAY ORDER TROOPS

Further Outbreaks Feared When Victims' Funerals Are Held— Coal Company To Sue For Million Damages.

(By United Press to The Bend Bulletin.)
WASHINGTON, June 24.—Senator Myers of Montana today denounced the labor unions for their part in the Herrin mine massacre. On the floor of the senate, Myers declared that America is no longer free when "men must ask an organized minority for permission to do a day's work."

TROOPS WILL REMAIN

HERRIN, Ill., June 24.—When the military commission which Governor Small sent here to investigate the massacre of strikebreakers, completed its work, troops probably will be ordered into Williamson county to stay until the coal strike is settled, it was indicated today.

While on the surface things are peaceful, further outbreaks are feared.

Seventeen bodies still lay unclaimed in the morgue here today. The potter's field seemed to be their destination. Many of them were only partially identified. Curious throngs crowded the morgue.

Feeling is still high and further riots are feared when the victims' funeral is held.

An announcement that the Southern Illinois Coal company would bring suits aggregating a million for damages, against the county and the miners' union, has stirred union members to new hatred.

STRIKE COSTS \$500,000.00

WASHINGTON, June 24.—The coal miners' strike, now nearing its thirteenth week, already has cost the country half a billion dollars, according to compilations from government figures.

CALIFORNIA BANKER TO ARRIVE TONIGHT

E. C. Aldwell, a prominent officer of the California joint stock land bank and of the Bank of Italy, of San Francisco, is expected to arrive in Bend this evening on a tour of inspection over Central Oregon. If favorably impressed, it is expected that arrangements will be made by Mr. Aldwell to place considerable money in farm loans in this section.

OVERSEAS NURSE ENTERS CONTEST

Miss Ruth Santum, who was a nurse overseas during the recent war, was the fifth candidate to be enrolled for the Bend fire department contest for Fourth of July queen and the \$175 diamond ring offered as first prize. All candidates are working hard today, piling up votes in the contest.

Pastor Is Convicted Of Participation In Blair Mountain Fight

(By United Press to The Bend Bulletin.)
CHARLESTOWN, W. Va., June 24.—Rev. James Wilburn, Baptist preacher of Blair, W. Va., was convicted last night of murder in the second degree for participation in the battle of Blair mountain, in the mine war of last year. His son John will next be tried on the same charge.

MINING TOWN FORESEES WAR

Killing of Two Miners In Attack On Deputies May Cause Strife.

(By United Press to The Bend Bulletin.)
CLARKSBURG, W. Va., June 24.—This coal mining center armed itself today in anticipation of further trouble, following the killing of two miners in an attack on a car carrying deputies and strikebreakers yesterday.

The sheriff has authority to deputize a thousand men.

BALLOON ASCENSION MAY BE PUT ON HERE

Celebration Committee Authorizes
Carlton To Make Necessary
Arrangements.

Decision to put on a balloon ascension as one of the features of the Fourth of July celebration here, providing such an act is available, was reached last night at the meeting of the celebration committee at the firehouse. Whether or not a good parachute man can be found to undertake the ascension will be ascertained by Fire Chief Carlton on a trip to Portland tonight.

Final arrangements for fighters to appear in the boxing smoker planned for the Fourth will also be made by Carlton while in Portland.

COVERALLS SELECTED AS 40 ET 8 UNIFORM

Will Be Worn At State Initiation
By Bend Volture Members
At The Dalles.

Brown coveralls are to constitute the uniform of members of Bend Volture la Societe des 40 Hommes et 8 Chevaux, when the ex-service Oregon wreacking crew of the ex-serial men's organization undertakes the chastening of candidates for initiation preceding the American Legion state convention in The Dalles. One hundred and twenty uniforms are being ordered.

The wrecking will be the first state initiation ever held by the organization in Oregon, and probably because Bend volture is the largest of any in the state, a crew of 30 from Central Oregon posts is being picked to conduct the ceremonies.

Bugles for the 40 et 8 corps arrived yesterday, but were found unsuitable for practice in the early stages of instruction, being pitched in the key of "C." They are being retained for future use, and lower toned instruments have been sent for.

JURY DISAGREES IN TRIAL OF TEN I. W. W.

(By United Press to The Bend Bulletin.)
SACRAMENTO, June 24.—Trial of 10 I. W. W. here on charges of criminal syndicalism resulted today in disagreement of the jury. They will be tried again.

PAYS FINE OF \$25 ON LIQUOR CHARGE

Pleading guilty to a charge of having liquor in his possession, William Turney paid a fine of \$25, assessed in city court yesterday afternoon. Turney was arrested by Chief of Police Willard Houston Thursday night.

DO FINAL WORK ON HUBBLE BUILDING

The white cement finishing on the outside of the Hubble service station building is now being put on. The building was completed except for this work some time ago, and has been in use for several weeks.

STATE UNABLE TO PROVE CASE AGAINST SMALL

Freed on Charge of Con- spiracy To Defraud

VAST SUMS INVOLVED

Interest Collected On Illinois Funds Basis of Complaint—Plot On Part of Enemies, Gov- ernor's Reply.

(By United Press to The Bend Bulletin.)
WAUKEGAN, Ill., June 24.—Governor Len Small was today acquitted of charges of conspiracy to defraud the state of Illinois of huge sums of money. The jury in Lake county returned a verdict of "not guilty."

Governor Len Small of Illinois was indicted by a grand jury at Springfield, Ill., a year ago on charges of embezzling state funds, conspiracy and operation of a confidence game.

Fred Sterling, lieutenant governor, and Vernon Curtis, banker of Grant Park, Ill., were indicted with him.

It was charged in the indictment that during the terms of Small and Sterling as state treasurers, millions of dollars in state funds were loaned to the Grant Park bank, of which Curtis and his brother, the late Edward Curtis, were owners, at 2 per cent interest.

Immunity Claimed

This money, the grand jury said in a statement, was in turn loaned to Chicago packers at from 5 1/2 to 8 per cent interest. Small, Sterling and Curtis pocketed the difference in interest, it was alleged.

Small at first claimed immunity from arrest. His attorneys, in court at Springfield, claimed that the arrest of the governor would be a surrender of the executive to the judiciary branch of the state government, which would be contrary to the constitution. Attorneys furthermore advanced the theory "the king can do no wrong" in attempting to prove Small's immunity from arrest.

Judge E. S. Smith, at Springfield, overruled the appeal of the governor and handed down a decision saying the governor was subject to arrest—that "Illinois had no king."

Arrested at Capitol

Small then started a trip of inspection of the highways of Illinois. He transacted the state business while en route. He reached Chicago and wired the sheriff of Sangamon county he was ready to be arrested.

The sheriff refused to come to Chicago after him and Small continued on his trip. After a month's absence from the state capital, he returned, and "invited" the sheriff to arrest him.

Small was formally taken into custody at the state capitol. When the trial of Small, Sterling and Curtis was called in court, the governor and Curtis asked for a change of venue. It was decided to hold the trial in Waukegan, Ill.

Jury Long In Selection

It took three weeks to select a jury. The evidence against the governor was largely documentary. Records of banks and the Chicago packers were introduced in an effort to prove that Small and Sterling conspired with Curtis brothers to take monies belonging to Illinois.

Small, throughout, claimed the indictment was the result of a plot of his political enemies. He said the traction and cement interests were instrumental in preferring the allegations.

NEW FACES WILL BE SEEN IN GAME

Bend's baseball team will look somewhat different in Sunday's game at Madras, from its appearance in the three previous contests with the team from the Jefferson country metropolis. "Slim" Simpson, who has pitched all of these games, will be given a rest, and some other member of the pitching staff will occupy the mound. Several members of the first string will not be able to make the trip, so that other new faces will be seen.

Madras is counting on this fact and the mighty presence of Jess Tetherow in the lineup, to give the victory and revenge for three straight defeats administered by Bend. The local men, however, believe that they will be able to put a man in the box who will hold the Madras batsmen to few runs, while the Bend sluggers will do the rest.

COUP FOR KAISER FEARED TONIGHT

RAIL SHIPPING TO RANGE MAY BE ABANDONED

Driveway Through Reserva- tion Considered Assured

CATTLE MEN OPPOSED

Fear Move On Part of Woolgrowers To Increase Grazing Rights— 20,000 Sheep Lose An- nual Hide.

Securing of a sheep driveway through the Warm Springs Indian reservation, now virtually an assured fact, will mean that more than twenty thousand sheep from Maupin, Antelope and Shaniko, which formerly have made the round trip between Maupin and Bend by train, going to and from summer range, will now hoof the hundred miles or more. At the same time it has aroused heated opposition from cattlemen in the Sisters section, who see in it a move on the part of woolgrowers to annex a part of their range.

The new driveway, which is being put through largely by the efforts of Norman G. Jacobson, former supervisor of the Deschutes national forest, has as its purpose the avoiding of freight charges, amounting to perhaps \$2,500 a season, according to figures secured at the local railroad office. Hitherto, inability to obtain permission to cross the reservation has made rail shipment necessary, but now the sheep will travel close to 100 miles in reaching the range, feeding as they go.

The driveway will come out near Black butte, it is understood by forest officials.

With the exception of a few small bands, driving of sheep to the forest range will not be started until next month.

END TAX PROBLEM FOR FORMER RULER

Trouble With Holland Checked When Wilhelm's Assess- ments Are Reduced

(By United Press to The Bend Bulletin.)
DOORN, Holland, June 24.—The row between the Dutch authorities and the ex-kaiser's staff over tax payments has been settled.

Well-informed persons in Doorn intimate that probably the officials have been given a tip from higher up not to disturb his majesty further.

Behind this adjustment of an unpleasant row lies perhaps the change in the Haus Doorn personnel, whereby General Doornen replaces General Gontard as "hofmarschall."

Originally, the kaiser was assessed on a property of 350,000 gulden by the district of Doorn. He objected through Gontard and the amount was reduced to 135,000 gulden, on which he was called upon to pay a 2.52 per cent tax.

What he pays the state itself is not revealed, but, in any event, it seems unlikely that the authorities are going to make life onerous for his majesty hereafter—due mainly to Domes' diplomacy.

The kaiser is still waiting upon a settlement of his German estates. And the feeling in Germany against making any enormous payments to him is increasing constantly.

COLLEGE WRESTLING CHAMPION IN CITY

Marion Coyner, who last winter won the title of middleweight wrestling champion in the northwest college conference, arrived in Bend today for a few days' visit with his family. He represents O. A. C. and would be entitled to the Pacific championship except for the fact that no meets could be scheduled with the California schools. He defeated every opponent in the 153 pound class. Coyner is a graduate of the local high school, where he starred at football. He will return in a few days to Corvallis.

British Troops Ready To Resist Attacks of Republicans in Dublin

(By United Press to The Bend Bulletin.)
DUBLIN, June 24.—British troops here prepared today to resist attacks Monday when the 72-hour limit, set in Rory O'Connor's ultimatum to Premier Lloyd-George for the removal of British from Dublin, expires.

LABOR AGAINST SOVIET REGIME

Resolution Condemns Reds And Endorses U. S. Policy.

(By United Press to The Bend Bulletin.)

CINCINNATI, June 24.—American Federation of Labor convention today decisively rejected a resolution demand that the United States recognize the soviet Russian government. Instead, a resolution was adopted condemning the bolshevik and endorsing the United States government's policy.

The decision on the Russian question virtually completed the convention work, and sine die adjournment was expected late today.

SECOND SAWMILL IS BUILT AT LA PINE

Thomas, Funk and Masten Start Construction—Have Timber For Year's Cutting.

LA PINE, June 24.—A second saw mill is now being built at La Pine, on the Frank Funk property north of town. Charles Thomas and John Masten are associated with Funk in the venture. A crew of men is now at work putting in a foundation.

Sufficient timber is controlled to insure a year's cutting. Sawing will be commenced about July 1, it is announced.

ATTENDANCE LARGE FOR SOCIAL SWIM

Success of the swimming membership plan at the American Legion building was seen in the great attendance at last night's social swim. The tank was crowded all during the evening. Membership is increasing daily, according to O. W. Grubb, who is in charge.

REACTIONARIES KILL RATHENAU, ESCAPE IN CAR

Revolvers And Grenades Used By Assassins

GERMANY FEELS BLOW

Same Secret Society Believed To Have Caused Erzberger's Death Blamed By Baden Doc- tor Visiting Here.

(By United Press to The Bend Bulletin.)

BERLIN, June 24.—The assassination of Rathenau is believed by reichstag independent leaders to be a signal for a country wide attempt to overthrow the government tonight. Berlin is in a turmoil, communists demanding immediate arming of workmen to prevent a monarchist uprising.

NEW YORK, June 24.—Reports here from Copenhagen and London said that martial law had been declared in Berlin.

BERLIN, June 24.—Assassins using revolvers and hand grenades killed Walter Rathenau, German acting minister of foreign affairs, in Bismarck strasse near his home today. The murderers escaped in an automobile.

Monarchists are blamed, as Rathenau had incurred their enmity by opposing the reactionaries' return to power.

Although head of the electrical trust, ranking with Hugo Stinnes as the wealthiest man in Germany, Rathenau was a socialist. He was responsible for the recent Rapolla treaty with the Russian soviet.

Fear Widespread Plot

His death is regarded as a tremendous blow to Germany's reconstruction policy, as he was an authority on the indemnity. He was head of the German delegation to the Geneva conference.

The murder of Rathenau was very probably the work of a secret reactionary society which is also believed to have caused the death of Matthias Erzberger, prominent democratic leader, according to Dr. E. Dietsche, now in Bend, who was in Germany at the time Erzberger was assassinated while walking in the Black forest.

This society, Dr. Dietsche stated today, is believed to be planning a "coup d'etat," and is seeking to bring about its success by assassinating the leaders of the present government.

Says Movement Must Fail

They will never be successful, Dietsche stated, for they are very few in number. Rathenau, he declared, was one of the most popular men in Germany, because of his jovial, democratic ways and his genuine interest in the needs of the people. Erzberger was like him in this respect, he stated. Dr. Dietsche also paid tribute to Rathenau's ability, declaring him one of the most able men in the country.

Dr. Dietsche came to America recently from Mannheim, Baden, the home of Karl Schultze, famous revolutionary leader, and the hotbed of the revolution of 1848. His grandfather took a prominent part in that revolution, and was later imprisoned for it. Dr. Dietsche has engaged in 19 duels, all of them with Prussians, according to his cousin, Dr. Paul Woerner, who is also a native of Baden, and a descendant of active revolutionists.

THEORY OF METEOR IS GIVEN CREDENCE

Belief that the phenomenon seen by Bend residents Thursday night, a ball of fire flashing across the sky, was a meteor, was strengthened today when it was learned that it had the same appearance at points in the country districts, apparently eliminating the rocket theory.

A meteor was seen about the same time at La Grande, it was learned here today.
