Situation Declared Worst in Years.

BLAME CARELESSNESS

Large Tracts Menaced in Oregon, Washington, and British Colum- bia—Losses Mounting Into Millions.

(By United Press to The Bend Bulletin.)
PORTLAND, July 7.—The forest fire situation in the Pacific northwest is the gravest in years. Carelessness by campers and slashers is generally blamed.

A fire in northwestern Oregon extends over a 14-mile front, burning slowly, mostly in logged-off land with green timber endangered.

Fires along the Gowanus river near Kelso, Wash., are very serious. Large tracts of fir are menaced in British Columbia and a fire at Merrillville took a toll of two lives, and burned several houses. Six persons are missing and may be dead.

The loss is running into millions for Oregon, Washington and British Columbia mills, forests and railroads.

GUARANTORS TO COVER \$800 LOSS

Twenty-Six Bend Men to Give \$30 Each to Chautauqua.

Approximately \$800 will be the deficit which guarantors of the 1922 Chautauque will have to meet, J. Alton Thompson, treasurer of the Bend Chautauqua association, and one of the guarantors, stated today. Twenty-six guarantors are now residents of Bend, making better than \$30 which each will probably have to pay in addition to the cost of tickets which he purchased for himself and his family.

A possibility exists, says Thompson, that the completion of returns may cut down this sum, but he does not expect that it will be by any notable amount.

Guarantors who will pay the Ellison-White Chautauqua for its failure here are H. J. Overturf, J. Alton Thompson, Dr. J. C. Vandever, Dr. R. W. Henderson, Hugh O'Kane, E. L. Vinal, Lloyd H. Magill, M. KILLERS' LIVES PAY FOR DEATH OF TIL TAYLOR

Kirby and Rathie Hanged at Penitentiary.

PROTEST INNOCENCE

Companions of Emmett Bancroft in Umatilla County Jail De- fend Fight Hard to Dodge Gallows.

(By United Press to The Bend Bulletin.)
SALEM, July 7.—Elvie D. Kirby and John Rathie paid with their lives on the scaffold here today for the murder of Sheriff Til Taylor of Umatilla county, in Pendleton two years ago. All appeals and attempted writs of habeas corpus sought by their attorney failed. Governor Olcott refused to intervene.

John Rathie dropped through the trap at 8:30 o'clock this morning and was pronounced dead 13 minutes later. Elvie D. Kirby was placed on the scaffold at 8:49 o'clock and the trap sprung at 8:50. He was dead 12 minutes later.

Both men protested their innocence and both voiced forgiveness of all connected with their going to death.

Hart Hanged in 1920

Kirby and Rathie were executed for the part they played in the murder of Sheriff Til Taylor of Umatilla county on July 25, 1920, when they, together with Neil Hart, Floyd Henderson and Irvin L. Stoop, escaped from the Umatilla county jail, and in so doing fatally wounded Sheriff Taylor. Taylor was shot by Hart, whose real name was Emmett Bancroft. He was hanged December 3, 1920. Henderson and Stoop are serving life sentences in the penitentiary. The five men were captured by a posse at Toll Gate in the Blue mountains after a man hunt of several days following the killing of the sheriff.

Case Hard Fought

Kirby and Rathie were given the death sentence by Judge Gilbert W. Phelps at Pendleton October 8, 1920, and were "dressed" in at the state prison two days later. Kirby and Rathie were both sentenced to be hanged at the same time Hart was executed, but appealed their case to the supreme court. The notice of appeal was entered October 18, 1920. A certificate of probable cause was entered October 25. The appeal automatically stayed execution.

Notice of appeal to the supreme court by writ of error was filed April 22, 1921. The supreme court upheld the lower court, the mandate being returned October 5, 1921. On October 24, 1921, having been taken back to Pendleton for the purpose, they were resentence and the date for their execution set for Friday, December 2, 1921.

Appeal Unsuccessful

Legal action was again taken in their behalf through habeas corpus proceedings instituted in the circuit court in Marion county, and on November 30, 1921, they were relieved by Governor Olcott to Friday, February 3, 1922. The petition for writ of habeas corpus was denied in Marion county and the case was appealed to the supreme court. For this reason another reprieve was granted by the governor on February 2, the reprieve extending to Friday, July 7. The state supreme court again upheld the lower court and an effort was made to appeal the case by writ of error to the United States supreme court. This effort was unsuccessful.

Coin Crop Of 1922 Is a Failure; No New Pennies, Nickels, Quarters Half Dollars Or Dimes To Appear

(By Kenneth W. Clark
United Press Staff Correspondent.)
WASHINGTON, July 7.—The 1922 coin crop is a complete failure.

American pockets are so full of silver that there will be no nickels, dimes, quarters, or half dollars coined this year, F. E. Scobey, director of the mint announces.

As for pennies, only a paltry \$70,000 worth have been coined at the Denver mint, as against \$492,000 worth the preceding year.

"There have been approximately \$46,000,000 worth of pennies coined since the mint began in 1792," said Scobey. "So what's the use of making more, when about the only things you can still buy with a penny nowadays are lollypops?"

This is the first time in 108 years that half dollars have not been coined; the first time in 93

years that no quarters have been coined; the first time in 97 years that no dimes have been coined; with the exception of the year 1877, the first time in 67 years that no nickels have been coined; and with the exception of the years 1815 and 1823, the first time since the beginning of the mint in 1793, 129 years ago, that so few pennies have been coined.

This is the first year since 1905 that silver dollars have been coined. In 1905, \$8,812,000 in silver dollars were coined. This year the order is for \$50,000,000, under the provisions of the Pittman act, which required that for every dollar melted into bullion during the war to be sent abroad as a loan to our allies, a new silver dollar would be coined when the war was over. About \$150,000,000 in \$20 gold pieces will be coined this year.
