RESIDENCE STREETS SQUARE WITH WORLD

Some Take Course from River, But Compass Guides Most of Streets in Bend.

Which of Bend's streets are "square with the world"?

Many a local man or woman has an idea either that the downtown streets are the only ones that point with the compass, or that none of them do.

In case tourists may ask questions in this regard, it may be well to know that Wall and Bond streets, and others that take their direction from the river, point almost directly northeast, while their cross streets are also nearly 15 degrees off the east and west direction.

It is the residence streets, beginning with Harriman and Hill on the east side of the river, that run directly north and south, while Greenwood avenue east of Bond runs directly east and west. Fifth street is directly north and south west of the river, Newport being directly east and west, west of Third. Delaware avenue is east and west, east of Broadway.

If a picture is worth saving, it's worth having framed. We can care for your wants most satisfactorily. Symons Bros., Jewelers. 311fe

For the balance of the summer and fall we will open at 6 a. m. and close at 11 p. m. M. & C. Service Station. 221fe

ALFALFA ACREAGE GREATER IN CROOK

11,000 Acres Harvested — Yield Averages Three Tons To Acre — Three Crops Expected

PRINEVILLE, July 21.—Harvesting of 11,000 acres of alfalfa in Crook county is in full swing. The average yield will be three tons to the acre, and three cuttings are anticipated by many farmers. The acreage is nearly 2,000 above that of last year.

A shortage of the hay crop in Paulina valley, due to activity of grasshoppers and a dry season, is reported. A labor shortage throughout the county has handicapped the farmers in harvesting the first crop, but many will be ready to start on the second cutting by August 1.

convention next week at The Dalles, arrived today and will be distributed at the meeting tonight at Redmond. The uniform consists of a pair of khaki coveralls, with the 40 et 8 red emblem on the shoulder as well as on the chapman.

For the task of issuing uniforms, F. W. Stary and R. W. Casebeer have been appointed quartermaster sergeants of the vulture.

Youth Preserver.

A noble life aim is more than an ambition preserver; it is also a powerful health and youth preserver. It is a tonic that prevents premature aging. When the faculties are employed in working out a splendid destiny we are happy, contented; the mind is so fully occupied that it cannot deteriorate or lose its buoyancy. And it is the mind that keeps the body young.

Put it in The Bulletin.

Has a Skyscraper.

In central Massachusetts, east of the Connecticut valley, is a ridge of hills, which after crossing into New Hampshire, sends up a well-known watch tower known as Mount Monadnock, 3,180 feet, says the American Forestry Magazine. This range continues northward sending up an occasional peak like Mount Sunapee, the southern Keamsarge and Mount Cardigan.
