Bless the Lord, O my soul, and forget not all his benefits: who redeemeth thy life from destruction: who crowneth thee with loving kindness and tender mercies.—Psalm 103:1, 4.

THE NEW FACTORY For over a year it has been an open secret that the Stewart-Hartshorn Company was considering the establishment of a shade roller factory here. Now the announcement has been authorized that the plans of the company have matured and that work is to be begun.

The new industry will start here in a small way, but the addition of only 30 persons to the local payroll will be a very substantial thing.

Apart from these definite commercial advantages expected to accrue as a result of this new industry, the news is gratifying in that it marks the beginning of the manufacture locally of waste material from the two Bend mills.

TUMALO PHONE LINE IS IN USE

Calls From Bend Do Not Require Tolls

Call Numbers On Farmers' Line Are Changed—List Is Given

With the new telephone connection between Bend and Tumalo placed in operation for the first time today, enabling residents of Bend and the Tumalo district to get in touch with each other without having to pay toll, calls assigned to the various subscribers have been listed by Manager J. L. Gather of the local branch of the Pacific Telephone and Telegraph Co.

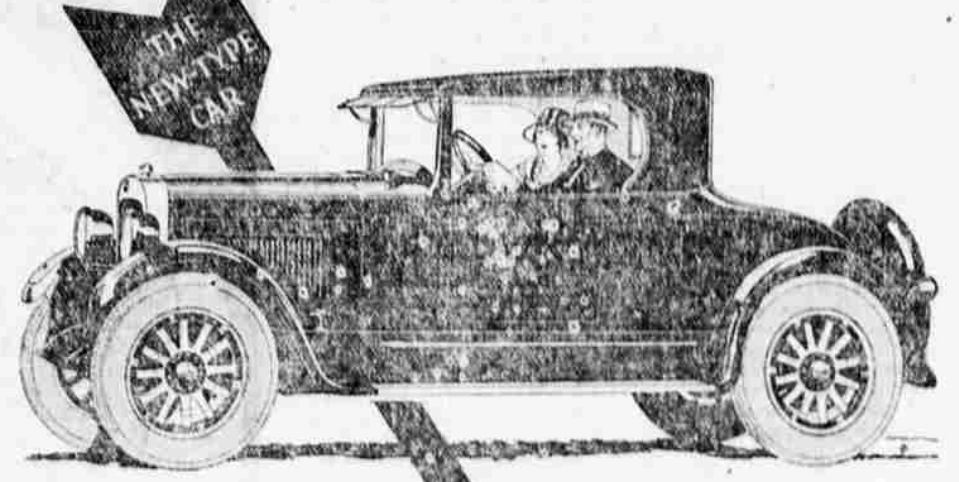

The work of "tuning in" the four lines from Bend to Tumalo with the various farmers' lines was completed yesterday evening. The four circuit line between this city and Tumalo, where a central office was formerly located, was in readiness several days ago, but it was not connected with the farmers' lines until it was made certain that the rural lines were in good shape.

Notification of the new calls assigned to the subscribers were being sent out today from the Bend office. The entire system of calls used when the central office was in operation in Tumalo has been changed. Persons on the same line can get in touch with each other without calling the Bend central, but subscribers on different lines must call through central. It is suggested by Manager Gather that the following names and new telephone numbers be clipped and pasted in the telephone directory:
