

Champion Has Bad Foot, Date for Bout Is Changed

KEARNS WAITS ON COMMISSION

Feeling Against Champ Vented On Manager

(U. P. Leased Wire to The Bend Bulletin)
 NEW YORK, June 9.—Postponement of the bouts between Harry Wills and Charley Walker were announced here today. The promoters were given the permission of the New York boxing commission when it was learned that Walker has an infected foot and will have to stop training for a week or 10 days. The bouts probably will be held at the 14th grounds July 1, 2 or 3.

(The Italian hospital committee, staging the bouts, promised to get Walker's signature to an agreement to fight Dave Shade and present it to the commission at its next meeting on Friday.)

Jack Kearns, manager of Jack Dempsey and Walker, presented himself in the hall outside the commission's office but he was denied an audience. He was told to come back Friday if he had anything to say.

Babe Herman, California featherweight, was accepted as the official challenger for Kid Kaplan, featherweight champion.

When the New York boxing commission was pressing Jack Dempsey to answer the challenge filed against him by Harry Wills, Jack Kearns, the manager of the heavyweight champion, remarked flippantly:

"Let the commission put up the dough and promote the fight and we'll fight."

The commission didn't like his attitude.

Dempsey probably will never put his jaw in a position where it can get a sock of retaliation from the commission, because it is generally agreed that he never will fight again, but Kearns exposed himself today.

Bear Frightens Angler, And Appropriates Fish

(U. P. Leased Wire to The Bend Bulletin)
 KLAMATH FALLS, June 9.—"Well, we'd have had lots of fish, but—"

Many a fish story has been told but now comes W. A. Graham who explains how he left his fish behind at Eagle Ridge.

"I turned around and there was a

big bear pawing over the fish basket. Somehow I didn't want to take the fish away."

Graham's friends vouch for the story, saying that in his hurry Graham made a nose dive in the creek to get away.

COMMITTEE PICKED TO FIX HANDICAPS

Score Cards Called For At Bend Golf Club

Preparations for handicap tournaments which may be held within a few weeks at the Bend Golf club course, were started at Monday evening's meeting of the club trustees. When a handicap committee was named, consisting of Tracy Fairchild, A. H. Oliver and Frank R. Prince.

Members are asked to turn in their score cards at the caretaker's house, so that the handicap committee may compute their handicaps.

A local rule was made allowing players to move their balls without penalty two club lengths in the rough if they cannot be played from the lie, this being deemed advisable on account of the nature of the rough here, it being wholly a matter of chance whether the ball lies in open ground, in a rock ledge or in sage brush.

The trustees adopted a rule that members may, until July 12, take guests who are actually prospective members, and that such guests may play without the payment of green fees.

The gift of benches which have been placed at each of the tees, by P. R. Brooks, owner of the Pilot Butte Inn, was accepted by the trustees with the club's thanks.

R. H. Ferry was employed as caretaker.

Gibbons-Tunney Match On Labor Day Is Asked

HOLLYWOOD, Cal., June 9.—A. E. Santwiler, Hollywood sports promoter, today wired Tom Gibbons and Gene Tunney an offer for a return boxing match to be staged here on Labor day.

Santwiler said he had offered the fighters a guarantee of \$100,000 each to stage the return bout.

The promoter said he was convinced Gibbons worked under heavy handicaps in New York Friday night when he was knocked out by Tunney.

"I believe he would put up a better scrap in another match in the open air out here in California," the promoter said. "I understand the heat was a terrific handicap to Gibbons in New York."

"The fans out here are clamoring for a return match."

Boy Wounded By Officer Makes Rapid Improvement

Boyd Cantrell, shot Saturday night by Officer A. H. Solde while fleeing from the policeman who had arrested him on a charge of pilfering from an automobile, was much improved today and would have been able to leave the hospital except that it was considered best that he lie still and permit the wound to heal more thoroughly, it was reported from the hospital.

The success of the system in intramural athletics originated at Ohio State university several years ago has led to its adoption by many prominent schools and colleges in the country.

No frills of any kind, but—man, what tobacco!

A "fancy" package never fooled any man who knows values. It's what's inside that counts. Inside this Granger package is mighty good tobacco—fine, ripe old Burley with that full-bodied richness that belongs to good pipe tobacco.

And Granger is pipe tobacco, made for pipes and cut for pipes. The "rough cut" gives you a slower-burning, hence cooler smoke!
