

CHINESE SEND AID TO ORIENT

Million Goal of Celestials In America

Demands Are Filed In Connection With Trouble Started In Shanghai

(U. P. Leased Wire to The Bend Bulletin)
 NEW YORK, June 25.—Chinese students and merchants of the United States, Canada and Mexico, spurred on by rejection of China's demands by the joint foreign-Chinese investigating committee at Shanghai, are endeavoring to raise \$1,000,000 to aid the national movement in China.

The demands—involving matters which, according to the Chinese, contributed to the Shanghai disturbances—were in two groups:

The preliminary ones were:
 The Shanghai mixed court to be returned to complete Chinese jurisdiction.

Labor conditions to be immediately improved.

Administration of the city of Shanghai to be shared by the Chinese as the largest taxpayers.

The Chinese says that the foreigners on the committee characterized these demands as extreme and unreasonable as well as extraneous, but the Chinese regard them as fair and important from their standpoint.

The chief supplementary demands which were to have been considered after regulation of the preliminary questions have been forwarded here to Consul General Chang Ziang Ling. They are:

1. Emergency measures passed by the Shanghai council to be abolished.
2. Release of arrested Chinese and restoration of Chinese schools.
3. Slaying of Chinese students and workmen to be punished.
4. Indemnities for Chinese lives lost.
5. Apologies for the same.
6. Strikers to be reinstated without wage reduction or fines.
7. Voting power in the Shanghai municipal council to be equally divided between foreigners and Chinese, with permission to Chinese land owners to vote in city elections.
8. Chinese to have jurisdiction over all roads arbitrarily built by foreigners in Chinese territory at Shanghai.
9. Rescinding of press restrictions and of certain wharf duties.
10. Freedom of speech, press and assembly to be granted the Chinese, who are now denied these rights in the settlement.
11. Dismissal of the British secretary of the municipal council.

Contributions in New York are already \$40,000 out of a \$100,000 quota, while Cincinnati, Cleveland, Chicago, New Orleans and other cities are contributing.

Prineville 5,000 City As Convention Opens

of the auxiliary.

Social Events Many
 The opening session of the legion pointed to one fact—the veterans have no weighty problems facing them this year. In all probability, the most serious business to be settled by the hundreds of delegates will be a convention city for 1926 and new officers for the state organization. Further, the battle for the

1924 convention city will bring no great flow of oratory, it is predicted, with but two cities, both in western Oregon, the only ones in the race just now.

For the thousands of visitors, the feature of the three day convention will be the rodeo and the other afternoon entertainments. The rodeo performers, featuring some of the prize range entertainers of western America, went into action on the rodeo grounds at 2 o'clock this afternoon. Open house will be held by the Prineville legionnaires at 5:30 this evening, and at 7:30 tonight, the 40 et 5 will hold its grand promenade at the court house. A dance on the open air pavilion will be held at 9 o'clock tonight.

The program for Friday, Bend day at the convention, will be as follows: 9 to 12 o'clock Friday morning, continuation of the business session; 1 o'clock in the afternoon, annual convention parade; 2 o'clock p. m., rodeo; 5:30, open house; 7 o'clock at night, all legion stag party. Dances will be held all three nights of the convention.

Three La Follettes May Seek Public Life

MADISON, Wis., June 25.—A La Follette family triumvirate may take up the political burden laid down when Senator Robert M. La Follette died.

Strenuous appeals are being made to the widow, Mrs. Mabelle Case La Follette to reconsider her decision not to enter politics and take the senatorial seat her husband made vacant.

The son, Robert Jr., may enter the senatorial campaign of 1926 for the seat now occupied by Irvine Lenrow, who is seeking reelection.

The second son, Phillip, now district attorney at Madison, is expected to seek election either to the Wisconsin governorship, the United States congress or the senate next in his political career.

Mrs. La Follette does not desire her husband's seat. She wishes Robert, Jr., to go into the special election which may shortly be called in Wisconsin to select her husband's successor.

CHASES COW, TRAIN KILLS
 TACOMA, June 25.—While chasing his runaway cow along the railroad tracks near Dieringer yesterday afternoon, M. E. Dutcher, 54, a rancher, was struck and killed by a train. The cow escaped uninjured. Dutcher's widow and one son survive.

O.-W. Train Derailed, Delayed At Metolius

Passengers who left Bend on the O.-W. train this morning for Portland or way points beyond Metolius, are marooned at that town today as a result of the unexplained derailment of the train just outside the Metolius yard limits.

Trucks of the coach, baggage car and tender were thrown off the track. No damage was done to the cars. Derrieks were being used this afternoon to put the train back on the track.

The only possible explanation given for the derailment is that the heat may have spread the rails.

Coast Logger Stricken Under Excessive Heat

(U. P. Leased Wire to The Bend Bulletin)
 MARSHFIELD, June 25.—First forest fire of the year, one of the first heat prostrations ever reported in this section, and the closing of

many lumber camps about the heat area are included in the toll of the torrid wave which swept over Coos county yesterday.

Wesley Appleton, Powers logger, was prostrated by heat yesterday and his condition is less critical today. The other prostrations of minor degree were reported at Powers.

All logging camps near Powers were closed until the heat wave is over.

Slashing fires on Cunningham a creek are under control today.

Beaches are crowded by residents seeking to escape heat.

HOOPER'S SON WEDS
 (U. P. Leased Wire to The Bend Bulletin)
 STANFORD UNIVERSITY, Cal., June 25.—Herbert Hoover, Jr., son of Secretary of Commerce and Mrs. Hoover, and Miss Margaret Watson, daughter of Mr. and Mrs. Douglas Watson of San Francisco, were to be married here at 4 p. m. today.

Miss Odene Omega Cornell, a young woman of Oklahoma City, has formed a partnership with her father in the practice of law.

NOTICE!

The Deschutes County Fair Board begs to announce that it has again designated the Bend Bulletin as publishers of the Deschutes County Fair Annual Edition. The Bulletin is therefore accorded the authority from the Board to publish the only Official Edition for 1925.

In this matter the Bulletin will have the full cooperation and assistance of the Deschutes County Fair Board, their committees and appointees.

This action is taken for this year because of the high character of the Edition prepared by the Bulletin last year for the Board, the 1924 Edition undoubtedly contributing heavily toward the success of the Deschutes County Fair last Fall.

DESCHUTES COUNTY FAIR BOARD
 W. M. WILSON, President
 N. A. BURDICK, Secretary

If Gasoline Sold by the Mile—

There wouldn't be enough good gasoline to go around—and the poor gasolines couldn't sell at half their present prices.

Mileage is the quality of a gasoline. Not only "miles per gallon," but "miles per motor." For it is the motor that pays when inferior fuel is used.

Think then of gasoline in terms of good clean miles. On this basis, your choice will fall naturally upon Union Gasoline.

Union Gasoline is a quality product. And it is non-detonating—which means that it does not explode so as to strike the engine a sudden, crashing blow.

The power-impulses from Union Gasoline con-

tinue throughout the entire length of the piston's stroke.

This permits the motor to start quickly—to accelerate with a swift, vibrationless pick-up—and to attain an even, gliding speed.

If a better gasoline were possible it would be made by the Union Oil Company, and sold wherever you see the sign "Union Gasoline." At Union Oil service stations and independent dealers of the first class everywhere.

Greek Cabinet Quits As Revolution Starts

ATHENS, June 25.—Revolution has broken out in Greece and the Michalacopoulos cabinet has resigned.

The president has asked M. Papanastasiou to form a new government.

Papanastasiou under to form the cabinet in collaboration with General Panagolis, as war minister and Hadjidakis as navy minister.

The present move apparently has no monarchistic tinge since since General Panagolis is known for his republican activities.

Papanastasiou was formerly prime minister and minister of communications.

Natron Cutoff Laborer Killed By Fall of Rock

Joe Coll, laborer at a construction camp operated by Stewart & Welch near Odell lake on the Natron cutoff, was killed by a slide of rock today while at work. It was reported from the camp this afternoon. The body was being brought to Bend this afternoon. Little information about the fatal accident could be secured on

account of the electrical disturbance of telephonic communication, caused by the lightning storm this afternoon.

SACRIFICE

Rather than crate and ship, I will sacrifice my furnishings, which are new and up to date, in a new and modern three-room flat. Rent reasonable, close in, and ready for occupancy. An opportunity that won't last long. Call at 828 Hill St., phone 413
