

Shevlin-Hixon Has Easy Time Defeating Burns Team

VISITORS SHOW LACK OF SLEEP

Failure to Find Rooms At Hotel Noted

Featured by two long innings in which the visiting players made everything but putouts, letting in five runs on each occasion, a three-run ball game was played Sunday afternoon on O'Donnell field between the Shevlin-Hixon and Burns teams. Few of the spectators waited long enough to learn that the final score was 12 to 1 for Shevlin-Hixon.

The Burns players made the long trip to Bend Saturday night and when they got here found that there weren't enough hotel rooms left in town to accommodate them. This may have been the reason that they couldn't see the ball Sunday afternoon, either when it was thrown or batted in their direction while in the field, or thrown in their direction while at bat.

Under these circumstances Ralph Russell, pitching for Shevlin-Hixon, found it easy to strike out seven men in the first three innings. If he had kept up the average he would have made a Central Oregon strikeout record, but he couldn't do it.

How Burns managed to hold the mill workers to one run in the first and second innings each, is a mystery. In the third Shevlin-Hixon made five runs on a basis of a walk, three hits, including Stow's home run, and one error.

Again in the fifth the local boys bore around the bases for five runs with only one hit to account for them. The Burns boys didn't exactly puff the ball but twice, either they just threw it to the wrong base or couldn't decide where to throw it, letting one more in the sixth. Shevlin-Hixon apparently got weary and decided to call it enough.

An overthrown at first base and an error by Stow, who hadn't fully recovered from being knocked out by a base runner, led in Burns' only run. Another man crossed the plate in the same inning, the fourth, but he had interfered with the catcher and Umpire Van Tassel called him out.

The score:

Shevlin-Hixon		Burns

RUTH INSPIRATION LOST FOR SEASON

Babe May Play But Spirit Will Be Lacking

(U. P. Licensed Wire to The Bend Bulletin)

NEW YORK, June 29.—The inspiration of Babe Ruth, which carried the Yankees to the top of the American League in recent years, is lost to the tribe of Huggins for the rest of the season.

The Babe himself may get back into the ball game, but his spirit is gone and he would just be the ninth man on the ball team.

Ruth is going to a hospital here Thursday to have an X-ray taken of his right ankle, believing the bone is chipped. This comes on the heels of an injury to his leg and ankle, which were swollen last week.

"I'll be lucky if I play again this season," the Babe said, his petulant, boyish mouth drooping even lower than usual. "And I certainly don't expect to have any luck."

Ruth is in one of those frames of mind that go with rainy picnic days. To add to his physical difficulties, the Yankee slugger is reported to be in financial straits.

The farm at Sudbury, Mass., where the Babe once kept his promise to the kids of New York and ran into condition to hit more home runs than anyone else, has been put up for sale. Ruth says he isn't disposing of it because he needs the money, but on the other hand it is not a sign of prosperity.

Indian Team Defeated By American Players

(U. P. Licensed Wire to The Bend Bulletin)

WIMBLEDON, June 29.—Beneath a broiling sun while 12,000 eager spectators watched, L. B. Rice and C. S. Garland, Americans, today beat the Indian pair, S. M. Hadi and S. M. Jacobs in one of the fastest matches of the day in the Wimbledon championship tennis contest.

In the first half the Indians excelled in team work. Garland was slow in retrieving and repeatedly netted the ball, but the Americans won in the numerous brilliant matches, the score being 4-6, 7-5, 6-4, 4-6, 6-2.

Hadi and Rice delighted the gallery with a series of spectacular duels at the net, which Rice generally won.

PLANT TEAM VICTOR BY NARROW MARGIN

Brooks-Scanlon Camps Put Strong Team In Field

The Brooks-Scanlon plant baseball team, leading semi pro players of Central Oregon, Sunday discovered that lumberjacks are a pretty hard class of men to beat at any game if they can play it "in the woods."

The plant team nosed out a 10 to 9 victory over the team recruited from the camps, in a game Sunday at a diamond between the two camps.

The roughness of the field was a factor in the game, the plant players testify, the loggers finding it more natural to lunge underbrush and dodge pitfalls than the town boys.

At that, good ball was played on both sides. The plant team was entertained royally by the boys at camp, the members report.

Gymnasium at Sisters Planned For Schools

With the contract for construction already let, plans for the erection of a school gymnasium in Sisters are well under way, reports H. L. Moody, principal of the Sisters schools, who was in Bend today.

The new gymnasium, to be ready for use next fall, will be 57 by 110 feet, with a playing floor of 40 by 70 feet. The building will be of wood construction. The gymnasium will be built by John Cunningham, Bend contractor.

According to Moody, the cost of

SPORT TABLOIDS

(U. P. Licensed Wire to The Bend Bulletin)

NEW YORK, June 29.—Mike Halberton, world's junior lightweight champion, defends his title tonight against Vincent Pepper Martin at the Queensboro stadium, 15 rounds.

PARIS, June 29.—In the presence of 250,000 spectators Baron de Rothschild's filly, Lareine Lumiere, a 120 to 1 shot, won the Grand Prix de Paris at Longchamp.

CHICAGO, June 29.—Johnny Weissmuller, holder of a number of world's swimming records, forsook his bathing suit to don knickers and win a two club special golf tournament at the Budlong Woods course Sunday. Johnny shot a gross score of 58 and a net score of 74.

ANACONDA, Mont., June 29.—Frank M. Tynch, Portland, won first place in the annual four day state trapshooting tournament which ended yesterday with a score of 352 out of a possible 400.

Sam Sharman of Salt Lake, member of last year's Olympic team, tied for second with 395. P. O'Brien of Butte turned in a string of 152 consecutive hits.

Mazama to be Lookout In Deschutes Forest

E. T. Valliant of Portland, a member of the Mazamas and one of Oregon's most active mountaineers, has selected an ideal way of spending his summer vacation, in his opinion. He is to be forest service lookout in the Deschutes national forest.

Accompanied by his wife, Valliant left for Maiden peak, near the south end of the Deschutes national forest, this afternoon, to begin his summer's work and vacation. Mrs. Valliant will be with her husband on Maiden peak.

Valliant, who is well acquainted with the Central Oregon country, was in charge of the Portland Mazamas who spent their Memorial day outing in the Cove country last year and this year. He has climbed virtually every snow capped peak in the state.

The mountaineer was formerly a newspaper writer, and this summer will secure material for an article.

When Doctors Disagree

(Monday Health Talk No. 25)
By Roy Reynolds, D.C., Ph. C.

Lieut. Paul Tarnason, noted French war ace, who served through the war with a wooden leg, is to attempt a flight from Paris to New York, non-stop, in July, in a specially built hydroplane. A prize of \$25,000, offered by Raymond Orlicq, New York hotel man, is waiting for the first man to make the 5,000-mile trip.

That he made the first baseball catcher's mask in 1875—one year before the mask was introduced by P. W. Thayer of Harvard, who is generally credited with the invention—is the claim made for "Jimmy" Lombard, now an attorney of Grand Rapids, who in his early days was a player in several of the minor leagues.

HEALTH FOLLOWS

CHIROPRACTIC CORRECTS PRESSURE ON SPINAL NERVES IN DISEASES OF THE FOLLOWING ORGANS:

HEAD, EYES, EARS, NOSE, THROAT, ARMS, HEART, LUNGS, LIVER, STOMACH, PANCREAS, SPLEEN, KIDNEYS, BOWELS, APPENDIX, BLADDER, SPINAL COLUMN, LOWER LIMBS

THE LOWER NERVE UNDER THE MAGNIFYING GLASS IS PINCHED BY A MISALIGNED JOINT. PINCHED NERVES CANNOT TRANSMIT HEALTHFUL IMPULSES. CHIROPRACTIC ADJUSTING REMOVES THE PRESSURE. THE UPPER NERVE IS FREE AS NATURE INTENDS.

When doctors disagree it only means that a definite name cannot be placed upon the particular combination under observation. It doesn't necessarily mean an unusually serious condition, if handled properly, for nearly all disease traces back to a common cause.

That cause lies in spinal pressure upon the motor nerves carrying the life giving force of vital energy to one or more organs. If such pressure is promptly removed by Chiropractic spinal adjustments, Nature will correct the condition and the effects will vanish.

A PASTOR'S WIFE IS HELPED
 "My wife had been an invalid for several years. No two physicians could agree as to what ailed her. After an operation, not bettered, she could neither dress or undress herself. Grasping at any straw that promised relief, she sought a chiropractor in October, 1923, and from the first an improvement was noticed. By March, 1924, she was able to do all her own housework, and has continued to improve until at this date she is in better health than for ten years past. On the strength of her recovery I have not hesitated to advise Chiropractic adjustments to others of my Church, and without exception, all who have tried have been helped."
 (Rev.) M. T. Romano, Chiropractic Research Bureau, Statement No. 2169-W
