

SANTA BARBARA PLANS BUILDING

Work Clearing Streets Begins Anew

Property Damage Mounts to \$25,000,000—Adjusters Arrive to Settle Losses

(Continued from page 1.)

Bill Matthews, workman, killed by crumbling walls.

Unidentified Chinese, killed by falling wall.

The bodies of all but Hazard, Staron, Matthews and the unidentified Chinese have been removed from the ruins.

The injured:

W. H. Heckman, Mrs. Henrietta Beste, Mabel K. Knudsen, John Ellingson, Arthur Hensling, G. Allen Hancock of Los Angeles, Elizabeth Sneed, Mrs. Macorria Villamox, unidentified Mexican, Joseph Goubertier, Parlas Demos, Frank Soto, Mrs. Nora Anheim, Henry Delgadillo, Lee Stewart of Lompoc, Baby Eridi, Ruth Clark, Henry G. Henzy, Mrs. Haner, Mr. and Mrs. F. Denier of Seattle, Mrs. Payne, Baby Spoun, Mr. Baron.

SANTA BARBARA, June 30.—Three distinct earth tremors spread further terror among panic-stricken Santa Barbara residents today. Strict martial law was established throughout the city to safeguard life and property.

A severe jolt, accompanied by rumblings and rolling of the earth literally rocked the entire city at 1:22 a. m. Buildings left standing but in a shaky state from the disastrous upheaval of yesterday, crumbled to the streets.

Inhabitants stood panic-stricken in their yards or on hill sides, and witnessed further destruction of the once magnificent main thoroughfare of the resort city, which less than 24 hours before was lined with beautiful structures of ornate Spanish design.

Shocks Create Panic

Two recurrent shocks at 4:22 a. m. and 5:55 a. m. spread fresh panic among frightened Santa Barbarans. The last jolt toppled showers of brick and cornices to the streets, endangering lives of police and wreckers working in the quake zone.

Santa Barbara's famed residential section was virtually deserted. Entire families trekked to the hill sides with their beds and tables, or spread their household things on lawns and back yards.

When daylight came thousands buried in ruins of his establishment.

The New CITY OF BURNS

The center of Eastern Oregon Lumbering, Stock and Farming Industry

Lots in the heart of Fairview and other additions. Close in, \$75 to \$150 each. Easy terms. Cheapest properties, best locations in city. Splendid 640-acre Homesteads, creeks, springs, splendid grass, timber, near R. R. building. Deeded lands \$5 to \$100 per acre. Build your home or business in this land of opportunity. Write or call upon us at once.

Fire Insurance Building Loans

W. T. LESTER CO. LEADING REALTORS Burns, Oregon.

were preparing their breakfasts in the open. Business was at a standstill. Mothers and fathers gathered their children and braved the quake scare as calm and smiling as could be expected under the circumstances. Police and military dominated the city. Order was being wrought out of chaos.

Injured were given expert care at "The Cottage," only undamaged hospital in the city. Red Cross stations were set up at strategic points throughout the quake area. Sandwiches and coffee were free for those without adequate funds.

Picket Business Section

The entire business section was picketed by soldiers and sailors. A corps of expert traffic officers from Los Angeles augmented the local constabulary and kept tourists off the highways leading into the city. If there are to be further casualties in Santa Barbara, native sons will head the list.

Seventy-five motorcycle officers from Los Angeles streaked into the city today to help handle traffic and maintain order. The U. S. S. Arkansas steamed into port with 200 additional sailors and marines for patrol duty.

Except during the intermittent tremors which create confusion anew with each recurrence, the city was calm. A warm sun beat down on a sodden mass of wreckage. The atmosphere was sultry and sinister—ideal "earthquake weather," according to oldest inhabitants.

A careful recheck of casualties today revealed 13 dead and 23 seriously injured. Approximately 100 have been treated for minor injuries.

Property damage, including that done by recurrent tremors today, totals approximately \$25,000,000, a conservative estimate.

Insurance Men to Meet

Insurance company underwriters arrived here during the day and appraised property losses. A meeting of insurance men is to be held in Los Angeles tonight to determine payments to policy holders in the quake region.

There was little loss to oil companies operating along the Southern California coast, according to the latest survey. An oil tank of the Associate Oil company at Summerland burst at the first tremor and flooded streets for blocks with the inflammable gas. But oil wells generally along the coast, including those built into the sea off Santa Barbara's shores, escaped undamaged.

Thousands of dollars to finance relief and rehabilitation have been donated by civic and welfare sources throughout the state. Plans to rebuild Santa Barbara from its ruins to a city of magnificence again, were already under discussion.

McAdoo Takes Lead

One of the leaders in the reconstruction program was William Gibbs McAdoo, recent candidate for the democratic presidential nomination. McAdoo owns a large estate here and is prominent in Santa Barbara's civic projects.

"The city of Santa Barbara will come back, bigger and better," McAdoo declared. "It has been more than 100 years since the last serious quake struck this city—it will be more than 100 years before such a disaster is duplicated. The citizens will rebuild Santa Barbara within a year with the aid of the state of California."

McAdoo made a personal survey of the ruins today. He owned considerable property devastated by the quake but declared he would donate a portion of his personal fortune towards the reconstruction of Santa Barbara.

JAPANESE SYMPATHIZE

(U. P. Leased Wire to The Bend Bulletin)

WASHINGTON, June 30.—Ambassador Matsudari of Japan today called at the state department and expressed the sympathy of his government and countrymen for the sufferers in the Santa Barbara earthquake.

Short faces with eyes far apart are said to be the characteristic type of people with musical talent.

LOSS BY FIRE SET AT \$2,000

Wiring Blamed for Blaze At Inn Monday

Stuffed Pheasants Move As Heat Scorches—Fire Department Keeps Busy

Damage caused by the fire which broke out Monday in the dining room of the Pilot Butte Inn will approximate \$2,000, according to an estimate made today. The fire, which it is believed was caused from defective wiring, not only charred one of the walls and destroyed considerable furniture, but also blackened the interior of the dining room, necessitating retinting.

When the fire was eating its way through the building, P. R. Brooks, owner of the inn, saw something which made him forget the seriousness of the situation, and laugh. The laugh provoking sight was the scorching of several stuffed pheasants on top of the valuable buffet, near the entrance to the dining room. While Brooks watched the flame enveloped stuffed birds, their heads drooped, their tail feathers fell out and the brightly colored feathers turned to black. Their "framework" warped by the heat, for a time the stuffed birds moved as if alive.

The Bend fire department had its busiest day of the year Monday. This day started early in the morning with the fire in the fuel bins of The Shevlin-Hixon Company. At 3 o'clock in the afternoon, an automobile was destroyed by fire on the west side of the river. The Pilot Butte fire occurred at about 3:20. The final work of the department for the day was extinguishing a sidewalk fire at the corner of Bend and Delaware. This was at 6 o'clock.

Record of Transfers

(By Deschutes County Abstract Company.)

Herbert Warran Hardman to J. H. Conway, lot 7 block 33, Northwest Townsite Co. second addition.

John De Boer to Arrow Motor Co., lot 8 block 6 Kenwood Gardens.

E. U. Broderick to H. J. Overturf, lot 19 block 3 Mill addition.

Elwin L. Vinal to John H. Besson, undivided half interest lot 1 block 25 Bend; lots 15 and 16 block 30 Center addition; lots 1, 2, 3, 24, 27 and 28 block 31 Bend Park; lots 1, 2, 3, 4, 5 and 23 block 83 Bend Park.

Deschutes Park Realty Co. to Elmer Prater, lot 1 block 157 Second addition to Bend Park.

Huge Supply of Fuel Secured For Schools

More than 600 cords of wood have been purchased by the Bend district and the union high school district No. 2 for the schools of Bend. With the wood now on hand, it is believed that the fuel recently purchased will be sufficient to last the schools of this city through the 1925-26 school year.

Arthur Cook and V. M. White were the successful bidders, and will furnish heavy body wood and heavy green slabs to the various schools of Bend. The purchase of fuel for district No. 1 includes 300 cords of limb wood at \$4.25 a cord, 50 cords of heavy green slabs at \$3.50 a cord and 50 cords of heavy body wood at \$5.50 a cord.

Purchase of fuel for the new union high school includes 100 cords of heavy limb wood at \$4.25 a cord, 50 cords of heavy green slabs at \$3.50 a cord and 50 cords of heavy body wood at \$5.50 a cord. Earlier in the season, the school board purchased a considerable amount of wood at a comparatively low price.

No raindrop can be more than one-fifth of an inch in diameter. If it grows bigger it splits.

California's Governor Heads for Quake City

SACRAMENTO, Cal., June 30.—Governor Friend Richardson is en route to Santa Barbara from San Luis Obispo to offer the aid of the state to victims of the tragedy.

Word received at the executive offices here this morning indicated that Richardson would arrive in the stricken city late in the day.

Only a sudden change in the itinerary of the chief executive, who is en route to Los Angeles, enabled him and his party to escape the first shock yesterday. It was learned here.

Many Here Poison Themselves Daily

Carelessness of Modern Living Results in Digestive Disorders, Sick Headache, Gas, Bilioussness—Dr. H. S. Thacher's Remarkable Prescription Relieves Many

A neglected liver can often cause more trouble than a bottle of poison. When the liver is clogged and inactive, it fails to secrete the juices necessary to digestion and elimination. Worst of all, it fails to purify the blood properly. When this happens annoying symptoms tell you that a state of self-poisoning exists in your body.

Symptoms Lead to Sick Bed

It explains why a sluggish liver is attended by such symptoms as constipation, bilioussness, sick-headaches, sourness and gas on a weak stomach, loss of appetite, pains in the back and sides, and a nervous, run-down condition—symptoms that lead to the dangerous and expensive sick-bed unless corrected in time.

Dr. H. S. Thacher, noted medical practitioner, perfected a wholesome vegetable prescription to keep the liver healthy. It is giving quick relief and renewed strength, energy, and vigor to numbers here. This prescription, known pharmaceutically as Dr. Thacher's Liver and Blood Syrup, doesn't cost much, is pleasant to take and contains only ingredients that are known to physicians for their corrective and health-building properties.

Notice Quick Difference

Try this great prescription yourself. Notice the quick difference in the way you look, eat, sleep and feel. You will be completely satisfied; otherwise, there will be no cost.

Dr. Thacher's Liver and Blood Syrup is sold and recommended by Magill & Erskine, Pilot Butte Pharmacy and all leading druggists.
