

# Slump Early In Season Best, Says Pittsburgh Manager

## GOOD CLUB, TOO, SAYS M'KECHNIE

### Pirates Don't Claim Pennant Yet, However

(U. P. Leased Wire to The Bend Bulletin) NEW YORK, July 8.—"Nothing" Bill McKechnie, manager of the Pittsburgh Pirates, answered without hesitation when he was asked today what had caused his club to ascend from last to first place in the National League.

"We've got a good ball club," he went on to say, "and we're up there because we've been there. We're not claiming the pennant, but we would be glad if we didn't think we had a chance."

"From what I hear around the country, it seems that a lot of the fans think there was something accidental about the spurt that brought us into first place and even if we are playing good baseball they don't think that we will last. We had our slump early and got through it. The Giants, the Indians and the Reds are having their difficulties now."

"Tremendous hitting, good pitching and a fine spirit have made what looks to be a pennant winner out of the Pirates. The most impressive thing observed about this transformed team is its punch, its speed and its hustle. There was a time when the gameness of the team as a whole was questioned and when its seriousness was doubted. But there is certainly nothing timid or slow about this team."

Eight of the team are hitting the ball better than 350 and three others are around 350. Lew Meadows is having the greatest year of his career and has been the mainstay of the team. Yid, the south paw sensation last year, is getting around in shape, and the other pitchers, including 43 year old Babe Adams, have been doing their duty.

## New Phenomena Follow Quakes of California

(Continued from page 1.)

terran the tremors caused panic. Professor Raffaele Bendant's seismographs at Puenza registered two new strong tremors, 5,500 kilometers distant—part of the seismic movement Bendant recently predicted to the United Press.

Catania is in southern Italy and Mount Etna, a volcano, is located within the province.

Two mild earthquakes were felt during the night at Civitavecchia, in the Ufina region, but no damage was reported.

Taranto reported that a six seconds earthquake was felt and that its center was probably in the Ionian islands.

In the Tortorella region, a violent rainstorm did damage estimated at 4,000,000 lire.

### JAPAN SHAKEN

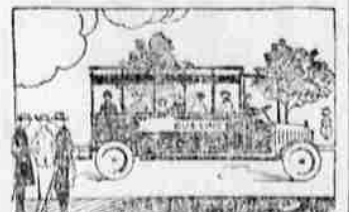

LONDON, July 8.—All of western Japan was shaken by an earthquake which rumbled through Nagoya and centered in the Hida mountains, according to a Times Tokio dispatch today. The dispatch said terrified inhabitants rushed from their houses and spent the night in the open.

Many fissures in the earth were noted but no casualties were reported.

Nagoya is a city lying between Tokio and Osaka.

Boston baseball fans do not have much to cheer about nowadays, but occasionally one or the other of the club teams shows a flash of brilliant playing that seems to hold out promise of better things to come.

Miss May Holman, representing the labor party, has been elected to parliament in West Australia, being the second woman to become a member of the lawmaking body of that state.
