

Pirates Still Hold High Place After First Crucial Series

RAINY BREAKS FAVOR GIANTS

Critics Assert Pittsburgh Too Young

(U. P. Leased Wire to The Bend Bulletin) NEW YORK, July 11.—Surviving the first crucial series of the season, the Pittsburgh Pirates are still in first place in the National League pennant race. The New York Giants dropped them in two of the three games that were not stopped by rain, but the weather breaks were in favor of the Giants, who were in desperate straits for pitchers.

It is quite apparent now, with half the season behind, that the Pirates are in the race to stay and that they will win the pennant if the Giants do not repeat.

The Pirates have the best all round hitting team in the major leagues, they are the fastest club in baseball and their pitching is better than the Giants. The only thing that critics are now holding against the club is its extreme youth.

Moore, Caylor, Wright and Yde are only sophomores in the big leagues and Charley Gratham, who is doing most of the work at first base, cannot be classed as a veteran. They are all hustling youngsters. Their courage is not questioned but there remains a doubt that they will not blow under the strain of a hot pennant race. The Giants are all veterans and they are used to fighting.

The same conditions hold good in the American league with the veteran Washington Senators, fighting the youthful Philadelphia Athletics. The Senators now have a lead of three and one-half games and the Athletics are not moving along as smoothly as they did in the first half of the race.

Clark Griffith, the owner of the champion Senators, is the first club owner to claim the pennant this season. He says he has the best team in the league and can't miss. It seems that he is making no wild boast.

Bill Stevenson, former Princeton star and a former national quarter mile champion, won the 440 yard run for the English team.

U. track and field meet here today by establishing a new world's record in the 60 yard high hurdles.
