**Pedigreed Cockerels**

We have more cockerels than we need for our own use and will sell the surplus at about 25 per cent of value asked by the breeder for mature birds. They are out of a bunch of chicks purchased from Hanson's selected O. A. C. from their sire's (thrifty and fine), some are crowing now. Each has original wing band and pedigree, and from dams with youngest records of 250 to 300 eggs. They are the grade that Hanson sells at \$8 to \$15. We will sell our surplus at \$3 if taken by August 1925.
