YOUTH, SIXTEEN, ADMITS MURDER OF MARY BOWEN

Find Body of Californian In Switzerland

ROBBERY INTENDED But Nerve Failed Him After Bullets Ended Woman's Life, He Confesses

(U. P. Leased Wire to The Bend Bulletin)
GENEVA, July 30.—Sixteen year old John Hammerschlegel, an Austrian boy, was arrested today and confessed he had murdered Mary Bowen of California, whose body was discovered near Basel. There were bullet wounds in the throat.

Hammerschlegel said in his confession that he killed the woman with robbery as the motive. He had become frightened after the deed and fled.

The woman, mortally wounded, had crawled 150 yards before she expired. She was visiting friends at the Theosophical institute at Dornach and intended to return to her home in Berkeley, California, in a few days.

WORD SENT HUSBAND
BERKELEY, Cal., July 30.—First reports to Howard D. Bowen, wealthy retired Hawaiian planter, that his wife, Mary Bowen, had been murdered, were confirmed later in a cablegram from Dr. Wegmann Ariesheim, saying:

"Your wife shot accidentally or by robber while walking alone in woods. Police investigating. Counsel informed. Funeral Saturday morning. Uplifted special wishes. Profound grief and sympathy."

Bowen replied by ordering the body cremated and the ashes sent to him.

The husband said Mrs. Bowen left here May 25 to study in Europe and attend a conference at Dornach, Switzerland, of an educational religious cult known as the Anthroposophical society, a sect said to attribute to the Deity human emotions and human passions.

NAME DENVER MAN TO HEAD TEMPLARS

Minneapolis and Detroit In Battle for Conclave

(U. P. Leased Wire to The Bend Bulletin)
SEATTLE, July 30.—George W. Valley of Denver was today elected grand master of the Knight Templar of the United States at their 36th triennial conclave here today. He succeeds Leonidas Perry Newby of Knightstown, Ind., who is now retiring.

William Leslie Sharp of Illinois was elected deputy grand master; Perry Weldner of Los Angeles grand generalissimo; Harry G. Walker of New York grand captain general; L. H. Hettinger of Kansas city grand senior warden; Andrew Agnew of Milwaukee grand junior warden; Bernard G. Witt, Kentucky, grand treasurer, and Adrain Hammersly of Indianapolis grand recorder.

H. Wales Lines, 57 years of age, who retired as grand treasurer, was named grand treasurer emeritus as a special mark of honor the first time this has ever been done.

Minneapolis and Detroit were fighting in a spirited race for the next conclave and the city will be named this afternoon.

Candidacy Is Announced By Robert M. La Follette

(U. P. Leased Wire to The Bend Bulletin)
MADISON, Wis., July 30.—Robert M. La Follette today announced his candidacy for United States senator in the special election to fill the seat in congress left vacant by the death of his father.

"I am a candidate for United States senator. In a short time I shall issue a complete statement," Robert, Jr., told newspaper men.

Inventory and Appraisal Filed For Camp's Estate

(U. P. Leased Wire to The Bend Bulletin)
NEW HAVEN, Conn., July 30.—Walter Camp, famous football expert and inventor of the "daily dozen," who was found dead in a New York hotel recently, left an estate valued at \$326,000, it was revealed when the First National bank and Walter Camp, Jr., administrators of appraisal with the probate court.

Boy Scouts Exploring Eight Lakes Basin Country Report Abundance of Huckleberries for This Year

Hike Made Over Ridge of Three Fingred Jack, Trout Feeds Enjoyed—Encampment Ends This Week, Then Twenty-five Boy Rangers to be Given Turn

Accessible only to pack trains or to hikers, the Eight lakes basin, scenic country at the foot of Three Fingred Jack and near Mount Jefferson, was visited this week by 14 boy scouts and Myron H. Symons, head of the camping department of the Central Oregon area council of the Boy Scouts of America. The scout group returned to Scout lake from Santiam lake yesterday.

There will be plenty of huckleberries in the Eight lakes basin this year, it was found by the scouts on their three day trip into the summit country. The berries are not yet ripe, some of them being just out of bloom. The boys on their trip into the mountain country, visited only by occasional hunters or forest service employees, found that the lake territory is covered with a mass of many kinds of flowers.

The scouts and their leader left Scout lake Monday, hiking to Square lake and visiting Round lake. From this point, they returned to Square lake and then hiked over the ridge of Three Fingred Jack. On the following day, the scouts went to Duffy lake, where two good "feeds" of trout were caught. While some of the boys were angling a party went over to Mowitz lake.

This is the final week of the boy scout summer camp, a group of the boys who completed their two or one week periods having returned to Bend yesterday with Symons, K. B. Weil and J. H. McLeland. There are 23 boys, from Bend, Redmond, Prineville and Madras, at the camp this week. Boy rangers, about 25 in number, will be at Scout lake next week.

Bend boys who were members of the group of scouts hiking into the Eight Lake basin are Beryl Coyner, Ralph Grimes, Ralph Hadfield, William Hman, Walter Shull, Harry Monteal, Jack Dahlgreen, Sidney Wells, Paris Bastiani and Fred Fulton.

WARSHIPS TO BRING BODY
WASHINGTON, July 30.—The body of Edgar A. Bancroft, American ambassador who died in Japan, will be brought to San Francisco by a Japanese battleship, according to present plans of the Tokio government. It was learned in diplomatic circles here today.

WOMAN PAYS FINE OF \$500 TO CITY
Bend's city treasury was sweetened \$500 today by Mrs. Ed Hasson of the Boyd hotel when she changed her plea of not guilty of sale of liquor to guilty, and immediately paid the fine of \$500 pronounced by Recorder Louis Bennett. The balance of the penalty imposed, 30 days in jail, was remitted. The trial followed arrest at the hotel Sunday.

Another woman featured in city court proceedings today, the police bringing in Louise Huckaba from a house on Arizona, and two bottles of moonshine to substantiate the charge of liquor possession filed against her after her arrest a half hour before midnight. Miss Huckaba pleaded guilty, was fined the customary \$500 with a 30 day jail sentence, and is still an inmate of the woman's cell in the county prison.

A man who was visiting Miss Huckaba at the time the police called, fled precipitously, but returned when revolver shots were fired over his head. Then he was permitted to leave, it being apparent to the officers that he had no share in the ownership of the liquor found in the place.

North Bend Night Murder Follows Drinking Party

(U. P. Leased Wire to The Bend Bulletin)
NORTH BEND, Ore., July 30.—George I. Homes was dead today and J. R. Hales is in jail charged with murder as the result of a moonshine drinking party started late last night in Hales' garage here. An argument arose during the drinking. Suddenly Hales whipped out a pistol and fired six shots at Homes, four of which took effect. The man died almost instantly. N. Derr, the third drinker, is held as a witness.

Booze Trade on Lake Erie Broken Up by Dry Forces

(U. P. Leased Wire to The Bend Bulletin)
CLEVELAND, O., July 30.—Dry forces have broken the back of the Lake Erie liquor traffic.

This was the declaration today of United States District Attorney A. E. Bernstein following the arrest of a judge and five other prominent men of Sandusky as members of a giant liquor ring.

Arrests of a score of the members of the ring were expected during the day.

WITHDRAW D. C. SUIT

(U. P. Leased Wire to The Bend Bulletin)
WASHINGTON, July 30.—The evolution suit filed in federal court here was withdrawn today by the litigant, Loren H. Wittner, treasury department clerk, because of flaws in the petition. A new "iron clad" suit will be filed later, Wittner said. "In conjunction with another interested party."

SANTA BARBARA SHAKEN

SANTA BARBARA, Cal., July 30.—Two slight earthquakes were felt here early today. The shocks lasted only a few seconds but were strong enough to awaken light sleepers. No damage was reported.

BODY OF BRYAN NOW IN CAPITAL FOR LAST RITES

Vast Crowd Pays Homage to Memory

WIDOW IS SUFFERING Shows Effect of Strain Since Death of Commoner In Tennessee Village

(U. P. Leased Wire to The Bend Bulletin)
WASHINGTON, July 30.—Surrounded by loving members of his family, William Jennings Bryan returned to Washington today on his last pilgrimage to the grave.

The funeral train which bore him from the Tennessee mountain village where he died drew into the Union station at 7:40 a. m.

The journey's end wrote off the last triumphal march of the commoner, as remarkable in its tributes to the fallen leader as ever he received when he sought the popular favor in the vigor of his prime.

Approximately 1,000 people crowded the vast concourse of the station to bid the body hall and farewell. A large detail of police patrolled the station and a mounted squadron kept the exit clear for the movement of the body.

The funeral party was met by an informal reception committee, including Ben G. Davis, former secretary to the commoner; Charles Cook, representing, unofficially, the state department which Bryan headed for two years; Representative W. C. Upshaw of Georgia, and Mr. and Mrs. Daniel McBride, close friends of the Bryans.

Many Flowers Sent
Mrs. Bryan left the train and proceeded to her home before the body was borne from the funeral car. She was carried to the rear platform, placed in a wheel chair and raised to the main level of the station.

Planting of Six Million Trout to be Started Soon

Restocking Lakes and Streams From State Hatcheries Outlined by Superintendent Pearl Lynes

Work of planting approximately 6,000,000 trout in the various lakes and streams of Central Oregon is to be stated immediately, Pearl Lynes, superintendent of the Tumalo and Fall river state fish hatcheries, announced this afternoon. The work of restocking the lakes and streams will be carried on first in the Fall river country, where the auxiliary eyeing station is located.

One of the fish hatchery trucks is to be sent to the Fall river station. This truck will be used in distributing the fry.

In announcing the start of the restocking work, Lynes makes known that 12,000 grass, shipped here from Montana several weeks ago, have been planted in Odell lake. Grass is said to be an excellent game fish. This variety attains a length of about 20 inches.

Virtually all trout which are to be planted at this time are rainbows, according to information obtained from Lynes. In connection with the restocking work, it is made known that the Crane prairie egg taking stations, used for the first time this year, have proved to be excellent locations.

Officers Seize Booze, Someone Else Gets It

(U. P. Leased Wire to The Bend Bulletin)
SAN FRANCISCO, July 30.—By exercising considerable ingenuity and histrionic ability, agents of Captain Charles Goff, federal prohibition chief here, today staged a freak raid on a bootlegging establishment.

They disguised themselves as painters, went to work on the side wall of the building housing the liquor and finally were admitted for a drink. During the raid they found a list of telephone numbers and on calling one of these induced delivery of "more goods."

Then they drove a truck with the liquor back to dry headquarters, reported to their chief and pointed out the truck—only it wasn't there.

While they walked upstairs, someone drove the truck away.

WOULD-RE RESCUER DROWNS

(U. P. Leased Wire to The Bend Bulletin)
SEATTLE, July 30.—Ignoring the fact that he could not swim, Claude A. Witt, 33, jumped into Five Mile lake, near Auburn, yesterday afternoon to rescue Miss Alice Debolt, 21, of Tacoma, and was himself drowned. The girl was saved by Edward Neal, 17, who was camping nearby.

WHY?

There are a good many reasons why the \$600,000 water bond issue should be voted down next Thursday but if there were no other fact that the council has arranged, as part of the deal, to pay \$15,000 to the North Canal company for 11 second feet of Deschutes water would alone be enough.

Those who have read what has appeared in this space already this week have the facts about this 11 second feet of Deschutes water. The contract between the city and the North Canal company was printed here yesterday.

WHY WAS THAT CONTRACT MADE? WHY IS IT NECESSARY TO PAY \$15,000, OR ANY OTHER SUM, TO THE NORTH CANAL COMPANY? WHY BUY WATER FROM THE NORTH CANAL COMPANY?

Of course, it is only if the bonds carry that the money is to be paid. But, if the bonds carry, there is to be bought from the Bend Water, Light & Power Co. its water system, INCLUDING A WATER RIGHT FOR 10 SECOND FEET OF DESCHUTES WATER.

Here is what R. E. Koon, employed by the city to appraise the company's system, says about that water right on pages 19 and 20 of his report:

"No water rights on Deschutes River have yet been adjudicated by the State. Until completion of such adjudication it can only be assumed that the water right claims of the Bend Water, Light & Power Co. are valid and any valuation made must be construed as subject to the effect of the final adjudications and recognition of the Company's right to the use of sufficient water for the domestic supply of the City of Bend.

"The final award may be for a greater or less amount than 10 cubic feet per second, but from evidence at hand it appears that such an amount can reasonably be claimed as a right established by filings, actual use, and probable early future requirements of the City.

"The fair market value of such a water right is best evidenced by the cost of purchasing a like quantity of water, having title equal or superior in priority from owners whose status of rights is as well established as is that of this Company. Information from sources believed to be reliable indicates that bona fide offers to sell such quantities of water have been made in this vicinity at prices ranging from \$800 to \$1600 per second-foot. A value of \$1200 per second-foot has therefore been placed on 10 second-feet of water from Deschutes River at or above Bend, having a priority of about 1905, making a total of \$12,000."

IF THE CITY IS BUYING THE COMPANY'S 10 FEET OF WATER WHY BUY 11 FEET FROM THE NORTH CANAL COMPANY? IF THIS THING GOES THROUGH WHAT WILL THE CITY DO WITH THE 10 FEET BOUGHT FROM THE COMPANY?

Engineer Koon says the water is worth \$1200 per second foot. He is the city's expert. Why, then, does the city propose to pay the North Canal company \$1363.63 per second foot?

The water company offers to sell for a price that is \$5000 only over the engineer's appraisal (an addition of about one-fifth to the price), and the council threatens to condemn, but of its own motion adds one-eighth to the engineer's valuation in a proposal to pay for water the city does not need.

Takes Life to Dodge Embezzlement Charge

(U. P. Leased Wire to The Bend Bulletin)
PORTLAND, July 30.—Threats made Wednesday night to fellow inmates of the city jail by George O. Quam, 39 salesman for the Poole Electric company, that he "would never be taken out of the jail alive," proved true. A trusty, passing his cell at 5 o'clock this morning glimpsed him hanging from a rafter. He was dead.

Quam's troubles, resulting in his being jailed on a charge of larceny by embezzlement and his suicide, were caused by a three week drunk, according to police.

He effected his own death by means of his belt which he threw over a rafter and buckled around his neck. The distance from the rafter was so short that in order to accomplish his purpose he had to hold his legs up in the air. This he did until he was dead.

Hindus Are Beheaded In Automobile Wreck

(U. P. Leased Wire to The Bend Bulletin)
YUBA CITY, Cal., July 30.—Coroner P. W. Rowe of Sutter county is conducting an investigation to determine responsibility for the accident north of here last night which resulted in the decapitation of Esta Singh and Nika Singh, Hindu farmers, and the serious injury of a third Hindu. The automobile in which they were riding was struck by a car driven by Arvin Pierce, of Hollister, Cal. Erwin Dowden, a passenger, was slightly injured. Wilbur Sweeney, another passenger, escaped unhurt.

The Hindus' automobile overturned into a ditch. The two victims were thrown through the windshield, broken glass completely severing their heads from their bodies.

FIND LEPER IN SPOKANE
(U. P. Leased Wire to The Bend Bulletin)
SPOKANE, July 30.—Leprosy in advanced stages was brought into Spokane this week by Sam Alapai, 34, Hawaiian, according to county and city health officials, who have confined the victim to a tent on the grounds of River Crest hospital, under guard. Federal authorities will be asked to take charge.

OREGON SOLONS PLANNING VISIT FOR AUGUST 12

Inspection of Deschutes Project Purpose

INVITATION IS GIVEN

Arrival Here to be Followed by Trip Over Irrigated Lands and North Unit

Oregon's national legislative delegation, representatives and senators, will visit the Central Oregon country on Wednesday, August 12, primarily for the purpose of inspecting Deschutes irrigation projects.

The party of legislators visiting the mid state farm lands will include Senators Charles L. McNary and Robert N. Stanfield, Congressman N. J. Sinnott and M. E. Crumpacker, and in all probability Congressman W. C. Hawley.

Decision of members of the Washington delegation to visit Central Oregon was reached this week in Portland when N. G. Wallace, formerly Crook county judge; Harry Gard, secretary of the North Unit district, and R. W. Sawyer, Deschutes county judge, held a conference with Senators McNary and Stanfield and Congressman Sinnott.

It is quite definite that Congressman Hawley will also come to Central Oregon on August 12. An invitation has been sent to Congressman Hawley to join the delegation. The legislators will arrive in Bend on the morning of August 12 by train.

To Breakfast Here
After having breakfast in Bend, the delegation will inspect irrigated lands in this vicinity. From Bend, they will go to the Redmond country and to Powell Butte, coming back to Redmond for lunch.

That same afternoon, the senators and congressmen, and people in Central Oregon who are directly interested in the Deschutes project, will go to the North Unit territory of the Madras country.

After looking over the North Unit lands, which this year are yielding the best crop of wheat since 1916, the delegation will have dinner in Madras. They will leave for Portland on the evening train.

Action Over Million Merely Friendly Suit

(U. P. Leased Wire to The Bend Bulletin)
LOS ANGELES, July 30.—An amended complaint filed in superior court here by Mary Miles Minter, former screen actress, against her mother, Mrs. Charlotte Shelby, has turned into a friendly action.

Last January the actress demanded that her mother account for all monies earned by Miss Minter and turned over to Mrs. Shelby. In the latest document, Miss Minter alleges her financial affairs are so complicated that only a suit of equity can determine the facts in the case.

It is alleged that Mrs. Shelby has never accounted for \$250,000 her daughter received from the American Film Company and \$969,000 from the Famous Players-Lasky Corporation.

County Hospital Inmates In Quarrel, One Is Slain

(U. P. Leased Wire to The Bend Bulletin)
MODESTO, Cal., July 30.—J. T. Swaggart, 62, shot and killed William Sullivan, 76, near the Modesto cemetery this morning as a result of a feud of several months' standing. Both men were inmates of the county hospital.

Swaggart was out for his morning walk when he met Sullivan, who began throwing rocks at him.

"Stop or I'll kill you," Swaggart said he told Sullivan. Sullivan advanced with an iron bar and Swaggart fired. The first bullet hit his arm, while the second pierced his heart.

Student Autoist Is Sued; Speed Injured Girl, Claim

(U. P. Leased Wire to The Bend Bulletin)
SAN RAFAEL, Cal., July 30.—Sue for \$20,000 against R. L. Witt, University of California student, by Miss B. R. Wilson, Long Beach student at the university, was on file here today, charging that she was injured because of Witt's fast driving while riding in his automobile.

Returning from a week end party last fall, the girl's suit said, Witt drove so fast over a rough road that she was bounced and bumped until she had to spend six weeks in a hospital and three months in bed to recover.

Peacock Silhouette Next In Style of Women's Hats

(U. P. Leased Wire to The Bend Bulletin)
LONDON, July 30.—The "peacock silhouette" is the newest Paris creation in hats, according to advance information received here today from French hat designers.

The front of the hat will be perfectly plain, but all there will be a mass of finery, draping off like the expanded tail feathers of the peacock.
