## STOCK MARKET CHANGES SEEN

### Irregularities Prevail In Prices

(Wall Street Journal Financial Review)  
 NEW YORK, July 30.—Mixed sentiment was predominant in the market from the opening going today and the bears advanced sufficient argument to make the down side look attractive at times. Brokers' loans are rising at the peak and this in itself produced sufficient caution, profit taking and some short selling, to counterbalance the enthusiasm of the bulls.

General Motors supplied an excellent idea of the see-saw condition of the market. Opening at 88 1/2, it dropped to 88 1/4 on heavy dealings and on increased heavy transactions rose to 89 1/2. American Ice, after opening at 119, dropped to 118 and then advanced to 121 and dropped to 119 1/2.

Altogether, sentiment induced a confused state of affairs. On the other hand, the volume was reduced on the reactions, which suggests that the bulls are still "full of pep" and are not to be downed yet.

Motor shares were very mixed. Chandler, selling at 32, lost most of its recent gains. Meon was strong at 33 1/2, and Hudson was firm and active; Willys-Overland was heavy.

The market closed irregular. Closing prices included:  
 U. S. Steel 118 1/2; American Can 210 1/2, up 2 1/2; General Motors 89, up 1/2; General Electric 290 1/4, up 5/8; North American 58 1/4; Pan Petroleum B 79 1/2, off 1/4; Studebaker 47 1/2, off 1/2; Spicer 30, up 2 1/2; Mack Truck 181 1/2, off 2 1/2; Marland 45 1/2, off 1/2; Texas Company 51, off 1/2; White Motors 89 1/4, off 1/4; Ward Baking 71 1/2; Woolworth 166 1/2;

## Suffer Sharp Losses In Day's Grain Deals

(U. P. Leased Wire to The Bend Bulletin)  
 CHICAGO, July 30.—Sharp losses were sustained in corn in today's session on the board of trade. July wheat, acting alone, had a fractional advance, while distant futures slumped. Oats were lower.

General liquidation carried future wheat down sharply early but in a rally caused by short covering much of the losses were regained. Delivery of a million bushels on contracts precluded a run up in July in response to a 7 1/2 jump in Liverpool. Short covering that developed near the close was caused by an oversold condition.

Corn took a drastic slump on the beneficial rays that visited the main belt overnight.

Oats changes were small. Selling in deferred options weakened the provision list.

**SAN FRANCISCO MARKETS**  
 (U. P. Leased Wire to The Bend Bulletin)  
 SAN FRANCISCO, July 30.—Vegetables—Lettuce, per crate local 75c@81; onions, yellow \$2.75@3.50, brown \$2.75@3.50; potatoes, rivers, fancy wharf \$2.25@2.60, No. 2 8@9c, Sweets 11 1/2@12c.

**WOOL MARKET IRREGULAR**  
 (U. P. Leased Wire to The Bend Bulletin)  
 BOSTON, July 30.—The wool market is irregular, but according to reports from woolen mills business is rather slow. Sales of fine Australian wools reported at \$1.15 clean for 64-70s. Ohio quarter blood combings are moving in a fair way at 52 cents; best delaines held firm, 56 cents. Foreign markets little changed. Local dealers are finding good buyers in Australian markets.

**PORTLAND WHEAT PRICES**  
 (U. P. Leased Wire to The Bend Bulletin)  
 PORTLAND, July 30.—Wheat—hard white, \$1.44; soft white, \$1.44; western white, \$1.44; hard winter, \$1.44; northern spring, \$1.45; western red, \$1.40.

 PORTLAND, July 30.—Butter—Cube extras 47 1/2c, standards 47c, prime firsts 46c, firsts 43c.  
 Eggs—Extras 27c, firsts 25c, pullets 22c, current receipts 20 1/2c.

**LIBERTY BOND PRICES**  
 NEW YORK, July 30.—3 1/2s 100.28; 4 1/2s 101.37; 5 1/2s 100.29; 6 1/2s 101.14; 7 1/2s 102.4; new 4 1/2s 106.10.

**Newsboys Bring Nuggets From Old Gold Workings**  
 (U. P. Leased Wire to The Bend Bulletin)  
 VICTORIA, B. C., July 30.—A newsboys' excursion into Northern British Columbia and Alaska, conducted by George F. Buchanan, millionaire coal man and philanthropist of Detroit, may be the basis of a new gold stampede into the Altna district of British Columbia.

When the boys returned here they exhibited a number of nuggets they had picked up in the Altna district, which was a rich field 25 years ago.

Before 1774 the use of elintz or printed calico for dresses was illegal in England.

## COOLIDGE FACING CHANCE OF STRIKE

### Textile and Mine Situations Become Serious

(U. P. Leased Wire to The Bend Bulletin)  
 SWAMPSCOTT, July 30.—Threats of widespread labor difficulties and possible strikes in two essential industries face President Coolidge today.

With the anthracite coal situation becoming increasingly serious, the American Federation of Labor has come out in open hostility toward the New England textile manufacturers who are reducing wages in many plants.

The textile reductions are serious because of the great general influence of this industry on the country as a whole and because bad times in New England would be certain to endanger the standing of the republican party and would damage Senator Butler's chances of being re-elected in Massachusetts next year.

Butler, close friend and senate spokesman of the president, has large holdings in one of the mills which reduced wages.

The president has no intention of broad government intervention in the anthracite situation and hopes that the quarrels between miners and operators over demands for increased wages can be settled within the industry. But these hopes have less chance of fulfillment each day that the Atlantic City conference between miners and operators remains deadlocked.

Coolidge recognizes the seriousness of the situation such as that in the textile industry, William Green, president of the American Federation of Labor, having just sent a letter to the leaders of the mill owners protesting against the use of "the force of power and might" in making the reduction.

The president believes that several factors, including fierce competition, have affected the New England textile industry adversely and just now he is inclined to sympathize with the mill owners, although generally he does not approve of wage reductions.

The president this afternoon will take an outing trip by motor to the Essex county republican club celebration at Beverly. He will not speak. Senator Densen, Illinois, will be the principal speaker. Densen will be a guest of the summer White House today and tomorrow.

**No Passengers In Stage When Auto Wheel Breaks**  
 No passengers were in the Bend-Kiamath Falls auto stage which was slightly damaged yesterday evening when a wheel of the machine broke in making the sharp turn on the highway at the intersection of Franklin avenue and Hill street, according to information obtained from the management of the stage company. The driver of the auto stage had been at the home of George Duke, one of the operators of the stage line, and was on his way back to the business district when the wheel, which was to be repaired today, broke.

# Your Motor's Mile-Power Depends on Economical Motor Oil

And here's a paradox: The best oil for your motor is by no means the highest-priced. Nor is its economy confined to its cost. It saves most in motor up-keep.

You've paid a high price for motor oil thinking thus to get quality-insurance.

With most things, this would be true. But not so with motor oils.

Aristo Motor Oil, for example, is one of the first quality. It is produced in California, by refining methods of the highest order and with the most modern facilities.

It sells for almost half the price of eastern oils.

And for the very simple reason that it is produced in volume, and carries no heavy freight costs from the east.

Aristo is a rare lubricant. It combats the formation of carbon. And this is its greatest saving.

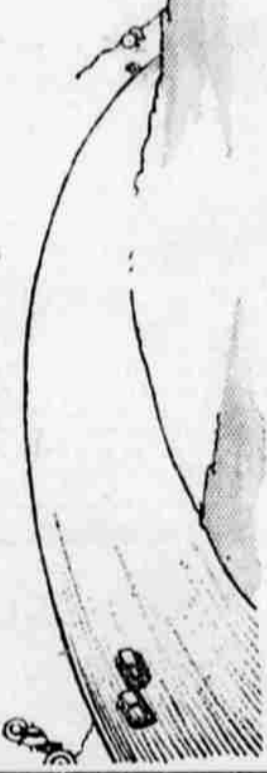

You can pay twice as much and not get as good motor oil as Aristo. Sold at Union Oil service stations and independent dealers of the first class everywhere.
