

POLITICS GETS PROHI CONTROL

Senators Will Approve All Selections

Quick Policy Change Made to Preserve Harmony in Administration Ranks

(U. P. Leased Wire to The Bend Bulletin) WASHINGTON, Aug. 11.—Surrounding to the demands of political leaders, the administration has directed Assistant Secretary of the Treasury Andrews to abandon his efforts to keep prohibition enforcement free from politics.

Every prohibition administrator appointed by Andrews to take office September 1, will have a senator's stamp of approval.

The quick change of policy was made to preserve harmony in the administration ranks. When Andrews selects a man for administrator he will submit his name to senators in the region to which the candidate is to be assigned.

Haynes Gives Advice Daily conferences are also held between Andrews and Prohibition Commissioner Haynes, the assistant secretary's "right arm."

After a conference with Andrews, Haynes stepped out of the office beaming. He was asked what his duties would be now that the power he held would be decentralized to the new regional chiefs.

"Secretary Andrews has answered that question. I am to be his right arm," Haynes said. He denied reports that he would resign, saying he had been so busy with the reorganization work that he had not given his personal affairs a thought.

Requested to define a "right arm," Haynes laughed and said that would be "very broad." He appeared upset

over the publication of reports that he had been "shorn of power." The order transferring complete jurisdiction of districts to regional directors was part of the decentralization plan inaugurated by Secretary Andrews, the commissioner said. "I signed that order myself before I went on an inspection trip through Ohio and Kentucky."

Forest Patrol Gropes Blindly Seeking Fires

(Continued from page 1)

Another serious fire was burning on the Little Quileene creek in the Olympic forest, which covered between 5,000 and 6,000 acres. A large fire covering about 5,000 acres was reported burning near Ruby, Wash.

2,000 BATTLE FLAMES

MISSOULA, Mont., Aug. 11.—More than 2,000 men were today fighting a fire in the Kootenai forest near Libby, Mont., which has spread over 16,000 acres of land and is probably the largest single burn in the entire Pacific northwest.

Forest officials did not know when the fire would be brought under control. Other serious fires were burning in the western part of the state.

CONTROL LADYSMITH FIRE

VICTORIA, B. C., Aug. 11.—Fire which threatened Ladysmith and burned within 200 yards of the city has been brought under control. It was learned today.

Forty families in the Comox district were forced from their homes by a raging forest fire.

The situation is perhaps the worst in the history of Vancouver island.

WIDE AREA RAVAGED

BELLINGHAM, Aug. 11.—Nineteen fires which have destroyed more than 4,400 acres of timber in the Mount Baker forest during the past few days were still raging today, though partially under control.

The worst fires were in the Hannegan pass and on Bacon and Silesia creeks.

Small fires were reported on Damonian and Day creeks south of Lyman.

HARVEST HAND KILLED

THE DALLES, Aug. 11.—Frank C. Shoemaker, a comb harvester operator on the Pierson brothers ranch near Moro died at 7 o'clock last night after being fatally injured when his clothing caught on the set screw of a whirling shaft. His back was broken.

UNIONS' CHIEF BATTLING REDS

Masquerade Under Guise of Labor, Belief

Campaign Launched by William Green Considered Strong Policy Move

(U. P. Leased Wire to The Bend Bulletin) WASHINGTON, Aug. 11.—President William Green of the American Federation of Labor has undertaken to purge American labor unions of alleged communistic influences which he believes are masquerading as associations for the uplift of the workers.

Green made public today the results of an investigation by the Chicago Federation of Labor of eight of these associations, which, he charges, are run by an "interlocking directorate" composed of communist leaders.

All of them, it was shown, have headquarters in Chicago and operate throughout the country.

The first open attack of the American Federation of Labor was a direct charge that the "American Negro Labor Congress" was organized by communists to create racial prejudice and enlist the support of negro workers affiliated with the A. F. of L.

The object of Green's expanded move, it was said, was to prevent support of the schemes to arouse labor by "misrepresentation and deception," where local unions are asked to contribute.

The various enterprises which Green charges are directed by communists from a central headquarters in Chicago, in addition to the "Negro Labor Congress," were given as "Irish Workers and Peasants Famine Relief," "Trade Union Educational League," "Amalgamated," "Labor Defense Council," and two publications, the "Daily Worker" and the "Workers Monthly."

President Green, who first opened attack on communists within the Federation of Labor at the 1923 convention, was believed to view this program as a strong policy move.

He has seized upon the report of the Chicago Federation of Labor to aid in his campaign against radicalism coming into American trade unions by the back door.

Temper is too precious a possession to lose.

News of the Markets WILD ADVANCES FEATURE TRADE

Spectacular Gains Made By High Stocks

(Wall Street Journal Financial Review) NEW YORK, Aug. 11.—Wild advances in a handful of high priced stocks overshadowed considerable selling in the ground list in today's session. Spectacular uprushes occurred in American Can, General Railway Signal and General Electric, in anticipation of a readjustment in their capital stock.

Under cover of these demonstrations heavy offerings of oils, steels, motors and tire shares were thrown on the market, creating a rather ragged price movement.

Pressure on the Pan-American issues was particularly insistent, while United States Steel, General Motors, White, Mack Truck and other recent leaders drifted lower. Ralls developed greater activity under the leadership of New York Central, Reading and Frisco.

However, the advancing tendencies of this class were not well sustained, the carrier group turning bull again in the afternoon.

The market closed irregular. Closing prices included: U. S. Steel 120 3/4, off 1 1/2; Can 22 1/2, up 8; Mack Truck 198 1/2, up 1 1/2; General Railway Signal 290, up 3 1/2; Pan American B 60 3/4, off 3 1/2; Ward "D" 69 1/2, up 1/2; Westinghouse Air Brake 119 1/2, up 1/2; General Electric 315, up 7; Baldwin 112 1/2, up 1 1/2; Montana Power 91, off 2 1/2; North American 57 1/2, off 1 1/2; Continental Can 78 1/2, up 1/2; Hudson Motor 84 1/2, up 1 1/2; Allied Chemical 96 1/2, up 2 1/2; General Baking 172 1/2, up 2 1/2; Frisco 53 1/2, off 1/2; Washab 37, up 1; New York Central 118 1/2, off 1/2; C. & O 102 1/2, up 1/2; A. T. & T. 139 1/2; Texas Company 46 1/2; Electric Power 34 1/2.

Jail Sixteen Klansmen, Carried Weapons, Held

(U. P. Leased Wire to The Bend Bulletin) FRAMINGHAM, Mass., Aug. 11.—Sixteen alleged members of the Ku Klux Klan, charged with assault with dangerous weapons in connection with a riot with anti klansmen at South Sudbury early today in which five persons received gun shot wounds, today pleaded not guilty to the charge when arraigned before District Judge Edward W. Blodgett and were released on \$200 bail each for a hearing next Tuesday.

There were two versions today of how the rioting began. Klansmen asserted that nothing occurred until anti klansmen who were in the road near the farm hurled a shower of stones. Anti klansmen, however, declared the trouble began when shotguns loaded with buckshot were discharged into their midst. Five anti klansmen were wounded.

CATTLE CRACK RECORD

(U. P. Leased Wire to The Bend Bulletin) KANSAS CITY, Mo., Aug. 11.—The upward trend of cattle prices continued on the local market today and a five year record was broken when 17 head of prime steers sold for \$15.10 a hundred. This is the top price for fat cattle on the Kansas City market since 1920.

WOOL HOLDS STEADY

(U. P. Leased Wire to The Bend Bulletin) BOSTON, Aug. 11.—The wool market thus far this week has been steady. The buying by mills is only moderately active but there seems to be some pressure following reports that France is a heavy buyer of Australian wools and that there has been a very good demand. Fine straight combed 54 @ 55c, half blood 53 @ 54c, quarter blood 51 @ 52c.

Former Supervisor Here Tells of Northern Fire

Motorboats and snowshoes are standard parts of the forest fire fighting equipment in the Chugach national forest, according to M. L. Merritt, formerly supervisor of the Deschutes forest, now assistant district forester for Alaska.

In an interview given Lucille F. Saunders, formerly of The Bend Bulletin staff, Merritt, who was also formerly located in Bend, explains that there is just one small region in this farthest north national forest where fires occur, and these are usually fought from motorboats.

The Heart of a People

TRUE STORY is the one magazine in all the world that is written by you and me and our neighbors.

That is why the tales between its covers thrub with vitality; TRUE STORY is so close to life itself that millions read it and are entertained and inspired.

You never cease to wonder about life and you eagerly seek to widen your knowledge of it—to broaden your contact with it.

That's why you should get a copy of September TRUE STORY today.

Read it tonight, under the library lamp, and learn why it is the favorite magazine of two million people.

Better hurry, because TRUE STORY does not linger on the stands.

MOVIES "THUNDERING HERD" OPENS AT THE CAPITOL THEATER History came to life in all its vivid realism last night at the Capitol theater. Which is merely another way of saying that "The Thundering Herd," Paramount's picturization of the powerful novel of the same name by Zane Grey, began its local engagement there and will remain for the next three days. The cast was evidently selected with care and the featured players, in particular, acquit themselves with considerable distinction. Jack Holt has seldom been seen to better advantage; Lois Wilson has a part to which she brings both beauty and histrionic ability. Noah Berry plays a villainous role in his usual effective style, and Raymond Hatton wins new laurels in his characterization of an experienced buffalo hunter. Picture goers who prefer their film fare seasoned with plenty of thrills found this screen play much to their liking. The Indian battle is one of the tremendously exciting highlights in the picture, and the stampede of 2,000 bear-maddened buffaloes is certain to make even the most blasé film fan sit up and take notice. "The Thundering Herd" is not only excellent film entertainment but it is an enduring tribute to that race of Americans too often forgotten in the hustle and bustle of this jazz age.

Many Here Poison Themselves Daily Carelessness of Modern Living Results in Digestive Disorders, Sick Headache, Gas, Biliousness—Dr. H. S. Thacher's Remarkable Prescription Relieves Many A neglected liver can often cause more trouble than a bottle of poison. When the liver is clogged and inactive, it fails to secrete the juices necessary to digestion and elimination. Worst of all, it fails to purify the blood properly. When this happens annoying symptoms tell you that a state of self-poisoning exists in your body. Symptoms Lead to Sick Bed It explains why a sluggish liver is attended by such symptoms as constipation, biliousness, sick-headaches, sourness and gas on a weak stomach, loss of appetite, pains in the back and sides, and a nervous, run-down condition—symptoms that lead to the dangerous and expensive sick-bed unless corrected in time. Dr. H. S. Thacher, noted medical practitioner, perfected a wholesome vegetable prescription to keep the liver healthy. It is giving quick relief and renewed strength, energy and vigor to numbers here. This prescription, known pharmaceutically as Dr. Thacher's Liver and Blood Syrup, doesn't cost much; is pleasant to take and contains only ingredients that are known to physicians for their corrective and health-building properties. Notice Quick Difference Try this great prescription yourself. Notice the quick difference in the way you look, eat, sleep and feel. You will be completely satisfied; otherwise, there will be no cost. Dr. Thacher's Liver and Blood Syrup is sold and recommended by McGill & Erskine, Pilot Butte Pharmacy and all leading druggists. Adv. 9-21-23-44-95

New Accessories That Are Necessary For Perfect Operation of Your Motor=== AIR CLEANERS— Ten thousand gallons of air are consumed for every gallon of gasoline used by automobile engines. Road dust pollutes this air and very severely wears the motor's moving parts, because it is composed largely of minute particles of sharp edged sand or quartz. This dust forms an abrasive compound, because when it is sucked in with the carburetor air it mixes with the oil film on the cylinder walls, where it grinds away the engine's efficiency with each piston stroke. An A C AIR CLEANER will prevent road dust from forming a grinding compound on the moving parts of the motor. It Is Easily and Quickly Installed, So Have One Put On Today! OIL PUROLATORS— An oil purifying system. Oil does not wear out. It does lose its lubricating value as it gathers grit and then does more harm than good. But if you take out that grit, and keep it out, the oil itself is just as good as ever—some authorities say better. That is what a PUROLATOR does. It removes the grit as fast as it appears and keeps your oil continuously clean. INSTALL ONE TODAY GASOLINE FILTER— Prevents carburetor and vacuum tank trouble, excess carbon and obstructed gas lines. Enables your motor to develop maximum power. CHEAPLY AND QUICKLY INSTALLED The above parts are for sale at the Bend Garage Co. and we can install them for you at our shops while you are at your work. See Us Today!
