

American Swimmer Collapses After Unusual Showing

CHANNEL AGAIN UNCONQUERED

Gertrude Ederle Makes Two-thirds of Way

(U. P. Lensed Wire to The Bend Bulletin)
 NEW YORK, Aug. 18.—The North American Newspaper Alliance announced through the United Press this afternoon that Gertrude Ederle collapsed at 3:58 p. m. after she had covered more than two-thirds of the distance across the English channel, she appeared to be going strong when the sea became rough and she suddenly collapsed, the announcement stated.

CAPE GRIS NEZ, France, Aug. 18.—Gertrude Ederle collapsed and abandoned her attempt to swim the English channel shortly before 4 o'clock this afternoon.

Beaten by unforeseen weather conditions and a stiff wind which blew up from the southwest after she had started, the young American girl was forced to quit after she was estimated to have covered the distance from Cape Gris Nez to within about seven miles of Dover.

With the channel smooth and everything apparently propitious for a successful effort, Miss Ederle entered the water at Cape Gris Nez at 7:10 a. m., brimming with confidence. A strong wind came up from the southwest and roughened the channel waters so that during the last two hours she was buffeted by heavy seas and made progress only with the greatest difficulty.

The American girl had been in the cold water about eight hours and 48 minutes when she was taken aboard the tug La Marine, on which her trainer and friends had accompanied her.

Collapse Unforeseen
 The collapse of Miss Ederle, who was regarded to have been the best chance of any swimmer who has made the attempt against the treacherous and treacherous tides of the channel since Charley Tait, another American, succumbed in September, 1923, came as a blow to the swimmer's admirers. Her physique, pluck and condition had led all to suppose that she would succeed in swimming the channel, although the waters never have been beaten by a woman.

Only Jabez Wolfe, the veteran trainer, who was dissatisfied with Miss Ederle's training methods, had expressed lack of confidence as she slid from a rock on the French coast this morning and set out cheerfully for England.

In all only five men have succeeded in swimming the channel. Next Tuesday will be celebrated the 50th anniversary of the first successful attempt, that of Captain Mathew Webb on August 25, 1875.

Will Hang Up Gloves If Manager Persists

(U. P. Lensed Wire to The Bend Bulletin)
 LOS ANGELES, Aug. 18.—Jack Dempsey threatened to play an ace-in-the-hole today in his cross-country poker game with Jack Kearns, his ex-partner.

The champion served notice on his manager and the New York boxing commission that he will hang up his gloves until the Kearns-Dempsey contract expires in September, 1926, if Kearns matches him today with Harry Wills.

Dempsey reiterated he was doing his own matchmaking and that Kearns would not get his 35 per cent cut on the Harry Wills match next July unless he maintained a "hands off" policy.

"Anything Kearns does before the New York boxing commission today regarding my proposed fight with Harry Wills will be without my authority and not binding," the titleholder said.

"If he posts a forfeit for that match, and Mullins covers it, then Mullins will lose the bout and I will quit fighting until my present contract with Kearns expires."

Laborer, In Suit Filed, Asks \$15,000 Damages

The first personal damage action ever filed against one of the local sawmill companies by an employe, so far as records showed today, is that which Richard Watson filed during the last week through B. A. Green and Louis V. Lundberg, Portland attorneys, in which Watson asks \$15,000 damages from the Brooks-Seaton Lumber Co.

Watson states in his complaint that on May 14 he was employed at the dipping apparatus used in connection with moving lumber from the yard to the planers.

In picking up one of the chains to throw it off, Watson's arm was caught and pulled into the nigger-head in such a way that his body was turned a complete revolution and his arm was twisted three turns, he states in the complaint.

Fractures of the right wrist and hand, dislocation of the wrist, a fracture of the small bones of the wrist and ring finger, permanent deforming and stiffness of the wrist, numbness of the hand, spraining of the back and a wrenching of the muscles of the left side, resulted, according to the complaint, so that Watson is permanently incapacitated for carrying on his vocation of baker.

"Just Stickup," Claims Fugitive From Prison

first two steps of the tower stairs. Guard Holman, who was concealed behind the iron fence, shot me through the left arm. As he shot me Willos shot him with a pistol.

"By the time we went through this tower the bullets were coming fast. We all dropped to the ground outside. Jones, Willos and I were on the ground, and I called to Lute Savage, who was standing in the garage, to come over to where we were, as we wanted him for protection from the bullets from the other guards. He would not come, so I took one shot at him with my pistol. Whether I hit him or not I don't know.

Jones Counsels Caution
 "About this time Jones was shot in the side somewhere. About that time Willos and I started for No. 2 tower along the side wall, as this was the best route for our getaway. Kelly stopped to shake hands with Jones. Jones said: 'Tell the boys to play careful and not make it more than one.' Jones then took the gun and fired a load of buckshot through Holman's head, who was sitting up against the wall. Made him unconscious of what was going on around him.

TEAM PLANNED HERE BY OLDER ATHLETES

Club and College Elevens May be Played

At the same time that high schools of Central Oregon are planning to branch out this year and schedule football games with outside schools, the older football players are likewise planning to show Central Oregon fans a better class of football than has been seen here in previous years, bringing in club teams and possibly an eleven representing one of the smaller colleges.

No representative independent football was played in Central Oregon from 1916 until last year. In the fall of 1924 Bend and Prineville supported fast teams, that at Prineville being sponsored by the American Legion.

These teams were not organized until late in the season, and they played only two games, against each other. The first resulted in a tie score and the second in a victory for Bend.

This year, however, the former college and high school players are anxious for an early start and a longer schedule, and it is expected that a call will be issued for practice early in September.

It is not known whether Prineville

will put out a team or not, but the game took well there last year and it is probable that an eleven will be organized.

The Bend team, however, is looking farther away for games, and will enter into negotiations with American Legion teams in The Dalles and Hood River, club teams in Portland and the smaller colleges, with a view to bringing as many of these teams to Bend as possible.

A large percentage of last year's players are still available, as well as some new men who have recently made their homes in Bend, and indications are that a faster team can be gathered together than that which played last year.

Men who played on the Bend independent team in 1924 and who are still here and anxious to get under way, include Brosterhous, Philbrook, Cunningham, Gates, Edlick, Coyner, Chute, Hicks, Swick, Young, Morris, Bunnell and Ordway.

In addition it is expected that one or two men who played with Prineville last year will be out for places on the Bend team, and there are some other former college players here who are expected to turn out.
