

Possibility Of Peace Between Babe And Manager Is Seen

RUTH IS READY TO FORGET ROW

Huggins May See Him Later, Slugger Told

(U. P. Leased Wire to The Bend Bulletin)
NEW YORK, Sept. 1.—Babe Ruth, suspended from the New York Yankees for "unbecoming conduct," reported his "sins" in the office of Colonel Jacob Ruppert, owner of the Yankees, and left Ruppert's office to "explain" to Miller Huggins, Yankee manager.

Ruth was lectured by Ruppert in the presence of newspapermen and then was told he "will have to settle it with Huggins."

Ruth told newspapermen that Huggins had refused to talk to him. "I asked him if he would talk to me tomorrow," Ruth said, "and he told me that when he wanted to talk to me he would send for me."

After his rebuff by Huggins, Ruth went into the ball park and soon appeared with Colonel Jacob Ruppert of the Yankees, in Colonel Ruppert's box. Ruth was not recognized until the sixth inning. Then the crowd began shouting "We want Ruth" and "Babe, you big bum, get in there." Babe and Colonel Ruppert stood up, both smiling and bowed to the fans.

NEW YORK, Sept. 1.—Babe Ruth arrived in New York today, supposedly in disgrace, but was accorded the same "Babe Ruth reception" he has received many times in the past.

Throngs gathered around him at the station and cheered him as he passed through.

Finally the crowd grew so large that he was forced to fight his way to a taxi in which he left for his hotel. The last few feet of the walk through the station were only accomplished by means of his friends getting behind the babe and shoving him.

The babe reiterated his intention of pleading his case before Colonel Jacob Ruppert, owner of the New York Yankees, demanding remission of the \$5,000 fine and withdrawal of the suspension which Miller Huggins, manager of the Yankees, gave him.

BAITIMORE, Sept. 1.—Brother Paul, provincial of the Xaverian brothers, who was head of St. Mary's industrial school when Babe Ruth was there, is going to New York in a few days for a talk with his former charge.

"I feel sure that when I tell him about the effect of his conduct on the boys in school here it will do more than anything else to straighten him out," he said. "He is the idol of all the boys here and they have been depressed ever since they heard that their hero had fallen from grace."

Washington's Senators Defeat Athletics, 7-3

(U. P. Leased Wire to The Bend Bulletin)
GRIFFITH STADIUM, WASHINGTON, Sept. 1.—Playing in real championship form, the Washington Senators defeated the Philadelphia Athletics here this afternoon by a score of 7 to 3 before 20,000 spectators.

The victory increased the lead of the Senators to four and a half games over the Athletics in the American league pennant race.

The world champions distinctly outplayed the young Philadelphians, who were nervous and uncertain in every tight place.

Swimming, Singing, Woman Says Ten Miles Too Short

(U. P. Leased Wire to The Bend Bulletin)
VENICE, Cal., Sept. 1.—Mrs. Anna Van Skike, 65 year old aquatic marvel, completed her fifth annual swim of 10 miles off the Southern California coast today.

Mrs. Van Skike, a former grand opera star, sang a medley of popular ballads as she skimmed over her course, three miles out at sea. She made the distance in exactly six hours.

"I feel like going another ten miles," said the swimming songster after completing the course. "Next year I'm going to swim 15 miles."

Bad Luck to Meet Him

Earl Stolz, who fights at 146 pounds, and who is conceded by the men he has encountered to be one of the toughest in the business. Dean is matched with Spec Woods in the main event of the Hippodrome smelter here on the night of September 10.

FINE RECORD HELD BY FRANKIE DOYLE

Californian Who Meets Earl Stolz Is Clean Liver

Although only 21 years of age, Frankie Doyle, who will face Earl Stolz in the semi final of the fight card to be staged at the Hippodrome in Bend on the night of September 10, has an imposing list of knockouts, decisions and draws chalked up to his credit. Since entering the ring, Doyle has lost only two decisions, one of them to Submarine Dean, who will appear on the same card with Doyle here on September 10.

Doyle is credited with seven knockouts and nine decisions. He has retired such men as Jimmie Morrell, K. O. Smith and Young Firpo over the k. o. route, and has won decisions from Red Snyder, Kid Harco and George Maddox. Doyle has fought five draws, going 10 rounds with Kid Harp on one occasion. Doyle, who will weigh in at 138, is known as one of the cleanest athletes on the coast, neither using tobacco or any supposedly stimulating beverage.

The California fighter will step into the local ring with Stolz to entertain the Bend fans while Submarine Dean and Spec Woods are getting into their trunks. Dean and Woods are training hard, the Portland fighter having arrived here several days ago with his trainer, Alex McLennan of The Dalles. Woods is to make Dean's weight before the day of the bout, assuring a match of more equal weight than that of the last card. Dean and Woods fought 10 hard rounds to a decision in favor of Woods here in August.

Headlight Law Being Complied With Here

custom of dimming lights when passing other vehicles and permits driving with bright lights at all times, except for dimming on wet pavements. With the exception of this dimming clause, the new Oregon law is similar to that now in use in California. Houston this morning reported that he has information that Washington at the next session of its legislature will take under consideration the passage of a law similar to that now in operation in this state.

Properly adjusted and equipped headlights, as provided in the regulation, are intended to provide sufficient distribution and intensity without the "glare." There are three phrases in this law—"length of projection," "width of projection," and a "glare" phrase. There must be sufficient illumination in front of the car at all times to observe a substantial object or a person directly in front of the car at 200 feet.

Four in Five

To win a state golf championship is considered no little feat but to cop the honors four times in five years is, indeed, something quite out of the ordinary. That's what Miss Bernice Wait of Oshkosh, Wis., has just succeeded in doing, recently winning the Wisconsin fair sex crown for the fourth time since 1921. A bright future is predicted for her.

Boy Scouts Officials Will Attend Meeting

The Central Oregon area council of the Boy Scouts of America will be represented at the regional committee meeting in Spokane September 15 and 16 by at least one scout official. This was decided today noon at the meeting of the scout executive committee of the area council held in the Pilot Butte Inn. The council representative at the Washington meeting will be John Dubuis. Myron H. Symons may also attend the meeting. An attempt will be made to have a representative from Redmond make the trip.

A report on the scouts' summer camp in the Suttle lake country featured the meeting today. In connection with today's session of the scout officials, it was made known that troop No. 2 of Prineville had won the troop efficiency contest. The patrol efficiency contest was won by the Owl patrol of troop No. 1, Bend. John Dubuis is scout master of this troop and Harvey Mackenzie is assistant scout master.

At the meeting of the boy rangers last night in the city council room it was decided to purchase the necessary equipment for initiatory ceremonies. Calvin Smith was named guard for lodge No. 2.

The scout executive committee today granted W. Bernard Morse, scout executive, his annual vacation, beginning next Tuesday. Morse will attend the scout executives' training school in Spokane on four days of his vacation.

What Variety of Movie Is Favorite With Bend?

What kind of moving picture shows do you like?

That is the question that the management of the Bend Theatres, Inc., is asking of the public, and it is a question which the public will answer this month. Then, when the question is answered, the management of the theaters will see to it that the public gets just exactly what it wants.

It happens that something like 672 pictures really worthy of attention will be produced this year. The local theaters are able to use but 312 in the same period. Even after years of experience it's the hardest thing in the world for a theater man to tell in advance just what sort of plays will score, and what sort will cause the movie fan to register lack of interest.

So the theaters have made one of the most varied selections of plays ever offered here in so brief a time, and will keep careful figures on attendance and degree of appreciation. There will be some in which the action is grouped about some famous star, there will be some in which "the play's the thing" although the star won't be ignored. There will be westerns and northern, and dramas of love and tragedy, and humor.

They will have one thing in common—quality, so it's an even break except as to type of production.

What types will Bend pick?

BEND IRON WORKS PUTS UP BUILDING

Permits Increase—Plant at Klamath Falls Started

Construction of a new pattern storage building at the Bend Iron works is under way today, with a view to increasing the facilities of the plant throughout. The present storage room will be converted into a welding room, and the removal of the welding equipment to these quarters will give more space in the machine shop.

The new storage room is 27 by 24 feet in dimensions, and will provide storage for a much larger stock of patterns. Manager C. J. Dugan explains. The enlargement now being effected will take care of the plant's increase in business for the next 10 years, it is expected. The company now has \$15,000 worth of patterns in stock.
