Announcing—another Chevrolet Achievement

Imperial Landau

Specially-Built Fisher Body—Strikingly Beautiful Duco Colors—Elegantly Appointed—The Aristocrat of All Chevrolets

Again Chevrolet revolutionizes every previous conception of quality and elegance in a low-priced automobile by presenting the Imperial Landau—a new model whose distinction and smartness entitle it to comparison with the costliest custom-built cars.

Its specially-built Fisher body reveals all the masterly craftsmanship for which the Fisher name is famous. The finish is lustrous black Duco, with embellishments of brilliant chasseur red.

With oblong windows—with nickel-plated windshield rim and hand bows—with vaulted roof, and with top and rear quarter in mouse gray textile leather, this aristocrat of all Chevrolets is one of the most strikingly beautiful cars to be seen on the streets and highways.

And, of course, it has all the power, speed and smoothness—all the flashing acceleration, finger-tip steering and unflinching dependability that have brought to Chevrolet such world-wide fame.

This beautiful car is now on display in our showroom. Come and see it. You will be delighted to learn that a car so low in price provides such commanding individuality and style!

Familiarity breeds TRUST

CONTRARY to the old adage, familiarity with some things breeds trust. Advertised products, for instance. The trade-names and firm-names you see regularly in this paper, by reason of their very continuity, kindle familiarity first and then confidence. These are the names that leap to your lips in market-places.

Familiarity of this sort is a thing to be cultivated. The more you know about an advertiser and his wares, the more you are able intelligently to invest the family outlay for the necessities of life. This truth is self-evident.

Read the advertisements in this paper. Read them as carefully as you would read something you had to sign your name to. They will save your shopping time and your shopping dollars. Go into the stores with your mind more than half made up as to what you want and what you will have to pay.

Familiarity with known goods breeds contempt for the unknown. Advertising begets familiarity
