High School Athletes Compete Here for Place in State Meet

RECORDS ARE UNDER FIRE

Preliminary Events Reveal Class

High school athletes from the north-central Oregon region in Bend for the 10-county track and field meet this morning cleared decks for action when preliminaries were held in various sprint, hurdle and field events, and this afternoon were engaged in the serious business of determining the championship of district No. 2 of the state. In the preliminaries, Bend was well represented in the group qualifying for the afternoon finals.

Judging from performances in the preliminaries, a number of Bend invitational records will be shatered before the final relay this afternoon.

Byron ("Pop") Haines, Lava Bear sprinter and broad jumper, was the outstanding athlete taking part in the preliminaries and had no difficulty in placing in the three events in which he was entered. Haines won his heat in the 100 yard dash in 10.8 seconds, with one of his own team mates, Townsend, placing second. Others who qualified for the finals in the century were Hoobler, Burns; Gilpin, The Dalles; Oliver, John Day and Homer of Wapinitia.

So many names were scratched in the high hurdles that preliminaries were not necessary and Reitan and Glover of Bend, Peterson of Prineville and Phelps of Hood River were to meet in the finals this afternoon.

Haines and Rasmussen of Bend won their heats in the 220 yard dash with ease. Both were so far ahead of other contestants that they slowed up at the tape. Haines and Howell qualified in the first heat, Rasmussen and Hoobler placed in the second and Oliver and Gilpin took the third. The best time was made by Oliver, representing John Day.

In the low hurdles, Glover, Bend; DeMaris, Prineville; Summers, Hood River; Watson, The Dalles; Beesley, Redmond, and Reiten, Bend, qualified. Beesley's time, 29.6 seconds, was the best made in any of the three heats.

Sullivan of Burns, a former Bend boy, tossed the discus 105 feet, 10 inches to place first in the qualifying round. Other finalists and their tosses in the trials follow: Culp, John Day, 103 feet, two inches; Jones, Redmond, 102 feet, 4 inches; Strom, Bend, 94 feet, 6 inches; Porfily, Prineville, 92, feet, 8 inches; Svetic, Bend, 86 feet, 7 inches.

Haines placed first in the broad jump trials with a leap of 19 feet, 5 inches, one inch better than the invitational meet record. Oliver, John Day, was second, with a jump of 18 feet, 11½ inches, and Beesley, Redmond, was third with a leap of 18 feet, 5 inches. Others who placed for the finals were Sullivan, Burns; Numa, Parkdale, and Jones, Mitchell.

George of The Dalles and DeMaris of Prineville placed highest in the javelin throw.

Approximately 150 registered for the Bend meet, but the qualifying heats greatly reduced this number for the main performance this afternoon.

Sport Tabloids

Seattle — The Washington crew may be invited to Honolulu for a regatta in a few years, Bob Sawtelle of Hawaii said yesterday after arrival at the Husky boathouse. He may place an order for a four-oared shell Monday with George Pocock, famous boat builder. Sawtelle is a member of the Hawaiian A. A. U. board of managers and rows with Hawaii's six-seated Myrtle club crew.

Seattle—Although Coach Hec Edmundson won't admit it, his Washington track and field team was favored to beat the University of Oregon at the stadium this afternoon. Better condition and ability to pick off more second and third places will likely mean the meet for the Huskies. However, Coach Bill Hayward's 30 years as a track and field athlete and coach may spring the Webfeet in winners. Outstanding races should be the 100 and 220-yard dashes with Paul Starr, Oregon ace, pitted against Frank Plumb, Husky star of Chinook, Wash.

Portland — Washington high school's Colonial track team, fastest in the history of the school, sprinted to firsts in 12 of 14 events to win the Portland interscholastic league trophy in competition here yesterday. The crack squad garnered 72 points, Grant high running a bare second with 28 tallies. As a result of the sensational victories over contesting track teams in preliminary and final meets staged recently, it was generally conceded most of the members would tie or break existing state records at the Oregon state meet at University of Oregon next week end. Tommy Collins, Washington broad jumper, was the only trackster to establish a new record in the meet yesterday. His mark of 22 feet surpassed the previous record of 21, 11¾ inches held by Forest "Skeet" O'Connel, formerly of Commerce high school, which was set back in 1930. In only one event were the Colonials completely shoved out of the placing. The 100-yard low hurdles was won by Franklin high in :14. In the half-mile, however, they took both a first and second.

Portland—Teams from West Linn and Salem high schools enter finals for the Oregon state high school golf team championship meet today at Oswego Country club course. University high, Eugene, was eliminated yesterday by Salem, 9 to 3. West Linn barely nosed out the Milwaukie golfers, 8½ to 7½, in an extra nine holes. The finalist team vie in a 36 hole match. Milwaukie and University high play for third and fourth places. Columbia preps and Eugene high meet in a consolation round. Corvallis will play the victor in the later match for fifth position.

Salem—Salem high school fought hard to nose out the Chemawa Indians 10 to 9 in a game at Chemawa Friday afternoon. The Chemawa team collected 9 hits, getting a run for each one. Salem made 12 hits. Silverton high school took a firmer hold on the leadership of the Willamette Valley league by swamping Woodburn 14 to 2 yesterday. Schwab, Silverton pitcher, chalked up his sixth successive victory. Silverton made 13 hits and Woodburn 4.

Salem—University of Washington's tennis team was much too much for Willamette university yesterday, taking a meet here 5 matches to 1. It was Willamette's firs tdefeat.

Corvallis—Oregon State baseball nine, helped by a home run by Mitola, outfielder, gathered 12 hit sto win the game from Columbia university, Portland, here yesterday, 8 to 1.

COAST LEAGUE
(By United Press)

Dick Ward, young Los Angeles rookie, was credited today with the best pitching performance of the Coast league season to date.

Only for a light infield tap that Emli Mailo beat out as a hit, prevented him from entering baseball's hall of fame. That tap which was converted into a run, was the only thing resembling a hit Oakland could exact from the young hurler yesterday. The Acorns lost, 3 to 1, and Los Angeles marched to within a half game of first place.

Both Sacramento and Hollywood lost ground in their even struggle for the lead by going down to defeat. Emboldened by two two victories out of three tries, the San Francisco Seals struck off another triumph over Sacramento last night to the tune of 9 to 4. Vinci was pounded for 13 hits. The Seals polished off their performance in the ninth by scoring four runs. It was Curt Davis' second straight win.

Hollywood after being victorious three straight days was finally routed by Portland, 9 to 1. The veteran Tom Sheehan was chased from the mound under a shower of 13 hits and Costa, his successor, was nicked for three more. Joe Bowman was effective, yielding only six hits. Four of them, however, were doubles. Keesey, Portland first baseman, starred with five hits in five tries.

The Mission Reds made it two out of three from Seattle by winning 4 to 2. Caster brought about his own defeat by donating three runs on errors and a wild pitch. Otherwise he pitched brilliantly, collecting eight strikeouts and limiting the Reds to eight hits. T. Pillette was touched for 12 hits, three of which were garnered by Summa.

Wall Street Happy As Markets Go Upward

(Continued from page one)

carry on into the autimn, and some observers predict a still longer span for the bull movement.

The public is in the market as well as the big operators. The fact that brokerage loans have risen only a small amount in proportion to market activity an dprice advances leads to the belief that much of the buying is for cash—is, in other words, investment buying.

There are pools—perhaps 50 of them—in operation. Publicity for the pools is mostly of the variety gladly printed in all sections. It recounts actual business improvement in most instances.

Strangely enough though the rise was started by inflation, this factor has lost its significance. If business continues to improve it is believed in financial circles that President Roosevelt will not use the powers given him under the farm bill inflation rider.

France Is Big If

The problem of France and the gold standard is a big one in the financial community. France denies the possibility of leaving gold but these denials are not taken seriously.

If France goes off gold, other major powers now on gold are expected to follow. The way would then be open to general return to gold, which many authorities believe would be a bullish factor.

Should the dollar rise sharply in terms of foreign currencies when and if France abandons gold, the market may experience a reaction downward accompanied by a temporary drop in commodity prices.

It is confidently believed, however, that such reaction would be short-lived since business improvement would then have enough momentum to carry the load without artificial stimulus through inflation. The belief in Wall street is that America has been undersold, and that Americans realize the fact and will continue to buy.

MAJOR LEAGUES

New York, May 13.—(UP)—Young Blondy Ryan, the Giants' utility infielder who batted a dismal .143 in his first 20 major league games, drove out his first home run, with two mates aboard, yesterday clinching victory as New York downed Pittsburgh 11 to 3.

The Pirates, leaders o fthe National league, never recovered from that fourth-inning blow. The Giants bombarded three Corsair flingers for 14 hits while Hal Schumacher yielded eight.

The third-place St. Louis Cardinals lost ground by dropping an 11-inning contest to Boston, 4 to 3. Wally Berger tied the count in the ninth with a homer, and scored the winning run in the 11th after doubling.

Cincinnati gained on the Cards when a six-run outburst in the first inning gave the Reds a 7 to 3 win over Brooklyn. Chick Hafey's four-bagger with the bases loaded featured the rally.

Four runs in the eighth inning completed the Phillies' 8 to 4 victory over Chicago. Dick Bartell started the Phils' scoring in the sixth with a home run, and three more tallies were added in the seventh.

Rain and one re-schedule postponed three American league games, as Cleveland dropped the league lead afte ra2 4-hour tenure, by losing to Philadelphia, 7 to 3. This enabled the idle New York Yankees to return to the top. The A's combined four hits, a walk and two errors in the ninth for five runs. Mahaffey and Grove limited the Indians to four hits, while the A's hammered Ferrell and Connally for 11.

"Outdoor" Franklin Again Visits In Bend

"Outdoor" Franklin, always a friend of the Deschutes country, gained an even more favorable impression of the sportsman's paradise of interior Oregon this week when he caught nine fine fish, weighing a total of 14½ pounds, at South Twin lake, using a fly. Franklin visited Bend in his big Richfield scout car and stopped one night as a guest of W. J. Moore of the City Limits auto camp. On his return to California, Franklin, a visitor here several times in past years, plans to give the Bend country all the publicity possible.

The scout car used by Franklin on his trips is considered one of the most completely equipped camping and outing cars in the country.

When in Bend, Franklin was on his way to the sportsmen's show at Spokane, Wash. After the show, Franklin will drive north to Lake Louise and other points of interest in British Columbia. He will return through Oregon over the Roosevelt highway.

New Type Four H Clubs Offer Forestry Training

Oregon 4H club boys and girls have a "head start" on Uncle Sam's reforestation army in becoming acquainted with and helping to solve the state's forestry problems.

Forestry, which began its 4H club career in a small way some five years ago, is entering its second year as a standard club project in Oregon on a par with the various branches of agriculture and home economics. The work cousists essentially of reforestation, tree identification, use of simple forestry instruments, forest trips, wild life study, wood utilization and the planning and making up of an exhibit.

Club boys—and girls too—have taken up the new project with great enthusiasm, planting thousands of trees obtained from the state forestry nursery at Corvallis, clearing land, building trails, camp grounds and cabins, and becoming proficient in tree identification. In Tillamook county the county court last year turned an 80 acre tract over to the 4H foresters for a laboratory, and this year these youngsters are observing the results of their previous efforts, while preparing for another season's activities.

In Lane county the 135 clubbers who completed the forestry project last year prepared two public forest camp sites in the national forests as a part of their work. In many other sections of the state, too, forestry is one of the most popular projects.

"Bringing the practical lessons of forestry to the 4H club boys and girls is one of the most helpful movements along forestry lines in recent years," says George W. Peavy, dean of the school of forestry at Oregon State college.

Dean Peavy, and other prominent forestry men in Oregon and the northwest, are giving the boys and girls and the state club department valuable assistance with the new project.

Paulina Lake Road Will Be Open About May 20

Paulina lake, still under a mass of ice, will be accessible to motorists about May 20, five days after the eastern brook lakes can be legally fished, according to information from Ray Reed, proprietor of the Paulina resort. Reed has a crew of men at work breaking a road through the barrier of snow, still four feet deep in places. The workers expect to complete the clearing of the road down over the rim in four or five days, but motorists are advised not to try to drive to the lake until May 20. At the resort, the snow is about two feet deep at present. The lake ice is becoming mushy.

Deschutes county lakes which will be opened on May 15 are East, Paulina, Elk, Lava, Little Lave and Sparks.
