

Oregon Defeats Texas in Western Regional Championship Play

Meets Oklahoma In Final Round Winner Will Get Shot At National Title

San Francisco, March 21 (UP)—The University of Oregon, holder of the Pacific Coast conference basketball title, and University of Oklahoma, representative of the Missouri Valley's Big Six, play tonight for the western regional championship of the National Collegiate Athletic association.

The team that wins earns the right to play Ohio State, eastern regional winner, for the national championship on March 27, at Evanston, Ill.

Oregon and Oklahoma came through semi-final games at the Golden Gate International coliseum with impressive displays of fast-breaking basketball.

Oregon defeated a stubborn Texas team, Southwest conference representative, 56-41, after a close first half. Oklahoma put out Utah State Aggies, Rocky mountain area representative, 50-39, in the opener.

The losers, Utah State and Texas, play a consolation game for third place.

Most of the 5,000 fans who scattered through the 12,000-seat coliseum at the fair site favored the tall Oregon team over the Sooners from Norman in the final.

Held to a 19-16 score in the first half through the brilliant work of Bobby Moers and Oran Spears, Texas defense stars, the Webfoots turned on the heat for five minutes early in the second half to score 13 points and settle the issue.

John Dick, forward, led the drive, scoring five points in little more than a minute.

His better-known running mate, Laddy Gale, who topped Pacific Coast conference scorers this season, failed to count a field goal over Spears' defense in the first half and got only two in the final, both coming after Moers' other Texas guard, had left the game on fouls.

In the Oklahoma-Utah State game, the Sooner main team kept on even terms with the Sooners for 13 minutes. Then the Sooners cut loose in a rally that stretched their lead to 11 points at the halfway mark.

Utah cut down the Oklahoma lead in the opening minutes of the second half but the drive collapsed when Cal Agricola, key to the defense, was banished on personal fouls. Oklahoma's first-stringers came back soon after and ran away with their rivals.

Floyd Morris, Utah forward, took scoring honors for the game with 15 points. Forwards Garnett Corbin and Jimmy McNatt were high for Oklahoma with 12 points each.

Sport Tabloids

Visalia, Cal., Mar. 21 (UP)—Jack Andrews, southpaw pitcher injured in a fall at home plate in a rookie game at Lindsay, was counted out of the Oakland Oaks takes to Bakersfield today. Far in the lead in the number of wins in the current exhibition series with the San Francisco Seals, the Oaks meet the Seals tonight and Wednesday in the windup of the series.

Hanford, Cal., Mar. 21 (UP)—Having lost five straight games to the Oakland Oaks, the San Francisco Seals headed for Bakersfield today intent on winding up an exhibition series with more snap than they have been showing recently. Showers kept the squad off the practice field yesterday.

Hollywood, Mar. 21 (UP)—With movie lover Robert Taylor pitching the first ball, the Hollywood Stars of the Pacific Coast league play the Chicago White Sox in Gilmore stadium today. The hurlers picked for the game were Bill Fleming and Ruggie Ardizola.

Riverside, Cal., Mar. 21 (UP)—The Sacramento Solons, meeting Los Angeles at Ontario today, are ready now for the 1939 season opening. Manager Ben Borgmann announced. He said the only regular still not in shape is infielder Art Garibaldi, who reported late.

Anaheim, Cal., Mar. 21 (UP)—Kewpie Barrett and Paul Gregory were named to pitch for Seattle today against Portland in a resumption of their exhibition series. Third baseman Dick Gyselman is out of the hospital recovering from an attack of gallstones and will be back in a suit within a week.

Los Angeles, Mar. 21 (UP)—Los Angeles went back to its own league, meeting Sacramento in an exhibition today, after taking a 9-4 drubbing yesterday from the Chicago Cubs. Billy Herman and Phil Cavaretta each knocked homers with bases loaded.

Fullerton, Cal., Mar. 21 (UP)—Portland played Seattle today in the first of four games crowded into "got-away" week. The Beavers play the Red Sox in Anaheim today, again here Thursday, and at Anaheim Friday. On Saturday they meet Hollywood here in the last camp game. The Beavers go to Visalia to play Oakland Tuesday and Wednesday en route to the league opener in Sacramento April 1.

New York, Mar. 21 (UP)—The east will be favored slightly over the west when Long Island university and Loyola of Chicago meet tomorrow night in the final of the second annual New York writers' invitation basketball tournament. L.I.U. Blackbirds were the choice because they were regarded generally stronger than Brooklyn's St. John's five that extended Loyola into overtime before

bowing 51-46 in the semi-finals before a capacity house of 18,206 in Madison Square garden last night. Long Island vanquished Bradley Tech of Peoria 36-32. In a preliminary the two teams eliminated in the first round played to decide fifth and sixth places, and New Mexico's Aggies scored over Roanoke college 55-52.

Pittsburgh, Mar. 21 (UP)—Charles W. Bowser stepped into big-time football coaching today with a three-year contract at the University of Pittsburgh. Pitt's board of trustees at the same time opened an investigation of athletic turmoil at the school. Bowser has been in private business for the past year, but has 15 years of coaching experience, including two terms as assistant at Pitt and head coaching positions at two small colleges. Dr. John Bain (Joek) Sutherland, who was Pitt's coach for 15 years, quit March 4 because of "intolerable" conflict between his athletic department and the university administration. After approving the Bowser contract, which reportedly carries an annual salary of \$7,500, the trustees appointed seven of their members to an investigating committee, at the request of Chancellor John G. Bowman.

Finally, someone hit upon the answer. Persons of Italian ancestry around New York were digging into old shoe boxes and under mattresses for years. They were spending their money to see DiMaggio play ball.

Bill O'Donnell Tops Basketball Scoring

University of Portland, Or., March 20 (Special)—Bill O'Donnell of Bend outscores his nearest rival almost three-to-one with a total of 254 points in 22 games according to final figures released this week on the Pilot basketball season.

O'Donnell, a senior, has an enviable record. He has been high-point man for the Pilots every season since his freshman days in 1935. Only once in four years was he forced from the floor on personal fouls. He is the son of Mr. and Mrs. W. L. O'Donnell of Bend.

The Pilots finished their schedule with 13 wins against 10 losses, 813 points against opponents' 787, and a clean slate in nine starts on the home floor.

Oratorical Contest Is Planned Tonight

The oratorical contest for high school students held under the auspices of the B. P. O. E. is scheduled to begin at 8:30 o'clock tonight in the Elks hall. High school students from Bend and LaPine will participate in the contest and the winner chosen tonight will go to Klamath Falls to enter the state meet.

Redmond students who were to take part in the contest will be unable to participate because of illness. H. H. DeArmond, chairman in charge for the lodge, learned today.

The contest at which "Americanism, the Protector of Liberty" will be discussed is open to the public.

TRAINING TABLE IS ROOKIE'S FOE

Many Eating Themselves Out of Baseball

By Paul Scheffels (United Press Staff Correspondent)

New York (UP)—A baseball rookie who has failed to make the major leagues during his spring trial can advance 100 reasons for his failure, but a prominent southern hotel manager recently put the finger on the cause when he said that "rookies are the athletes who make their biggest fumbles at the table."

The Cincinnati Reds, whose club is streamlined with youth at almost every position, went into their spring training menus with almost microscopic exactness and published the following figures: It takes about 200 chickens to produce the 84 dozen eggs the Reds consume each week.

About three gallons of milk, four gallons of fruit juice, 30 heads of lettuce, five gallons of ice cream, five pies, 16 pounds of butter, six gallons of cream and 50 loaves of bread are devoured daily.

No Hitter: \$2 Reward

Curt Davis, whose pitching arm carries plenty of the Cubs' 1939 pennant hopes, goes way back to boyhood for his major baseball thrill. After pitching a shutout in an amateur game on the lots of his home town, Azusa, Cal., he was handed a \$2 bill by an enthusiastic fan. "At that time, it seemed ridiculous to get paid for playing baseball," he recounts. "I couldn't believe my pitcher was worth two dollars to anybody."

Ward Cuff, star halfback of the New York professional Giants and New York of Marquette's Cotton Bowl grid machine in 1936, will pass up summer school at his alma mater this year to hold down an extremely lucrative job at the New York world's fair. He will return to school next spring to complete his work for a degree.

Jim Poole, star end of the Giants, is a three-letter man in pro sports. He just closed a basketball tour throughout the south and plans to report to Evansville, Ind., in the Three-I league, a Boston Bee farm. Poole will leave baseball in time to join the Giants for the Chicago All-Star game on August 30.

New Coaching School

Long Island university, N. Y., will conduct an all-sports coaching school from August 21 to 27 and plans to hold it annually. Andy Kerr, Colgate's football wizard, was the first coach picked.

The retention of George Piggas by President Harridge brought to 13 of the number of active umpires on the American league roster but take it from all the arbiters, that doesn't mean a think. Last year, they were thankful that there were only 12 but looked what happened. Harry Geisel was out half the season with a broken hand and Red Ormsby was on the sidelines the entire campaign because of illness.

Rookie Pitcher John Tate, up for a trial this spring with Detroit Tigers, is the first prospect to reach the Bengals from their training in Beaumont, Tex. More than 1,500 boys have gone through the school and Tate is the first to survive.

Sage-Rat Hunters on Job Near Redmond

Redmond, Mar. 20—It was open season on sage rats and other varmints who were out enjoying the spring weather Sunday. Farmers and sportsmen, armed mostly with 22 rifles, not only found the animals out in good numbers but because vegetation has not yet sprung up, found they could see the varmints better.

Howard Hartley, active member of the Redmond-Sisters sportsmen's club, said he saw 10 sage rat hunters on a trip Sunday in the district near Redmond.

Wants to Add Another State

The clash of city and country is given a new twist by Detroit Councilman John A. Kronk, above, who heads a secession movement that would make a "49th state" out of five counties in Detroit metropolitan area.

Kronk's move is protest against what he charges is failure of rural-controlled state legislature to provide for Detroit needs.

Some of the lectures will be illustrated.

GEOLOGY SCHOOL OPENS TONIGHT

Classes in High School Open to Public

The first of a series of schools dealing with the spectacular geology of Central Oregon and the economic minerals found in the eroded stumps of the old mountains of Crook and Jefferson counties will open here tonight, under auspices of the state department of mines and mineral industries.

The classes are to be held in room 306 of the Bend high school building and Leslie Motz and John Eliot Allen, members of the assay and geology staff in Baker, will be in charge. Motz and Allen are to reach here this afternoon from Baker.

Members of the Deschutes Geology club, sponsoring organization, stress that the geology and mining school is to be presented without charge and is intended for all interested in Central Oregon, its economic minerals and its ancient formations.

The classes are open at 7 o'clock

and will last for about two hours. They are to be held over a period of six weeks with two classes on Tuesday and Wednesday nights.

There will be no home work required, and there will be no examinations. C. G. Springer, Deschutes Geology club president, said in pointing out that one of the purposes of the school will be to enable Bend people to obtain information that should be of great value in passing on to visiting tourists.

Tonight's class will open with a study of the origin of the earth, followed by a lecture on the atmosphere and weathering.
