New York, July 21 (U.P.)—The stock market today pushed into new high ground since late January in the industrial average and into new highs for the year in railroad shares.

Experts explained the rise as caused mostly by technical factors. Lack of pressure following the recent attempt of rails to break through their high attracted new buying. Reports of continued stiff Russian resistance to German attacks also aided sentiment. President Roosevelt's message was in line with Wall street expectations and when it was released prices moved ahead.

Numerous issues moved into new high ground for the year and longer. Rails featured. A long list of oil issues made new highs or equaled their tops for the year. Special issues made wide gains. Steels and other heavy industry shares made substantial gains while motors rallied after a decline that carried Chrysler to a new 1941 low.

Motor shares failed to join the recovery with the vigor of other groups. They were retarded by an order by Price Administrator Leon Henderson over the weekend that automobile production be cut 50 per cent next season.

New highs for the year were made by Santa Fe, Atlantic Coast Line, Louisville & Nashville, Southern Railway issues, Lehigh Valley, Nickel Plate preferred and Gulf Mobile & Ohio preferred.

Oil issues to make new tops included Socony-Vacuum, the most active issue, Standards of California, Indiana and New Jersey, Texas Corporation, Indian Refining, and Continental.

Sidney Blumenthal preferred gained 7 points on a few transactions. Other issues had gains ranging to more than 3 points.

Steels were prominent on the recovery with Bethlehem and Crucible up more than 2 points. Coppers had gains ranging to more than a point in American Smelting.

Stock sales were 910,000 shares, of which 420,000 came on the last-hour rally, compared with 420,000 shares for Friday's full session. Curb stock sales were 114,000 shares against 71,000 Friday.

Dow Jones preliminary closing stock averages: Industrial, 129.50, up 1.52; rail, 30.54, up 1.03; utility, 18.59, up 0.08; 65 stocks 43.77, up 0.69.

Portlanders Get "Blacklist" Names

Portland, July 21 (U.P.)—Portland exporters have received a 50-page volume containing approximately 1,800 names of firms and persons with whom they are asked not to do business, Howard E. Waterbury, Portland manager for the department of commerce said today.

The blacklist is known under the police name of "the proclaimed list of certain blocked nations."

The persons on the list are to be regarded as German nationals and no article covered by the export control act may be shipped to them except under special circumstances, Waterbury said.

Waterbury said the list is of little value locally since exporters here were quietly advised not to deal with nazi firms some time ago.
