## To Release Flow Of LIVER BILE

Do This Every Morning For 30 Days

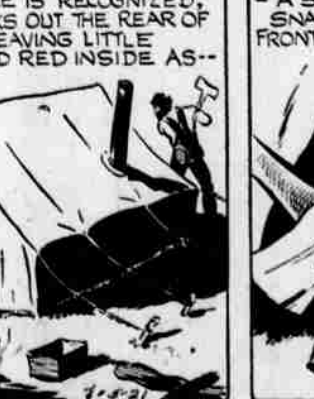

Get a bottle of Kruschen Salts tonight. Start right in tomorrow morning and take as much as will be on a dime in a glass of water (hot or cold) half an hour before breakfast in your morning cup of tea or coffee and keep this up for 30 days. Kruschen taken this way helps relieve such symptoms as sick headaches, bowel sluggishness and so-called bilious indigestion, when due to insufficient flow of bile from the gallbladder. You can get Kruschen, a famous English formula made in the U. S. A., at Magill Drug Co. or any drug store. You must be satisfied or money back.

CAUTION: (Note) For an occasional cathartic or purgative, to relieve common constipation, we believe there is nothing better than quick-acting Kruschen in larger doses—try it according to directions on the bottle.—Adv.
