

Stock Market Is Irregular

New York, Oct. 21 (UP)—Realizing sales brought irregularity into the stock market today after an active rise to new highs since Pearl Harbor. Volume was close to 700,000 shares.

Steel shares were given a lift at the outset on a favorable income report by Crucible Steel. Later, when Republic Steel made its report showing net income for the first nine months equal to \$1.61 a share, against \$2.90 a share in the corresponding period of last year, most issues of the group receded.

Modest selling appeared in motors and they retreated to small losses after Chrysler reached a new 1942 top and General Motors eased its high. Railroad stocks equaled in most instances while the so-called reorganization railroad bonds experienced a substantial rally. Utilities and chemicals were narrowly mixed. Oils held small gains, with Standard of California, Texas Company and Continental at new highs. The last declared a quarterly dividend of 25 cents, the same as paid in the preceding quarter.

Homestake Mining rose nearly a point. Patino lost more than a point on profit-taking.

BOSTON WOOL
Boston, Oct. 21 (UP)—All types of grease wools continued quiet in the Boston market today.

Small sales of Ohio one-quarter blood wools were made at 53 cents for wools shrinking 43-44 per cent. The demand for wools continued strong with prices at ceiling levels.
