Time Limit Asked On Busy Lines

The Pacific Telephone and Telegraph company is now starting to ask the cooperation of long distance telephone users to limit their conversations over heavily loaded lines to five minutes, according to H. C. Kerron, manager for the company here.

The goal is to speed up telephone traffic over congested routes during hours when demand is heaviest and calls are subject to delay. At such times of peak demand the operator will say at the start of conversation, "Please limit your call to five minutes—others are waiting," according to Kerron.

Richard Services Held in Redmond

Redmond, May 21—Funeral services were held Friday afternoon at the Four-Square Gospel church with Rev. Fitch officiating for Mrs. Clarence Richards who died at the Medical Dental clinic on May 18. She was 32 years of age and is survived by her husband and three small children.

With her husband, Mrs. Richards came to Redmond from the middle west a few years ago. C. H. Irwin was in charge of arrangements. Burial was in the Redmond cemetery.

Devers, Boss of the European Command

World War I: Artillery teacher Fort Sill, Okla. Devised method to vastly increase accuracy.

1940: Made commander at Fort Bragg, N. C. Raised strength 13-fold and made Bragg the largest post in the nation, bigger than any German has. Bossed vast construction program.

5000 65,000

1941: Went to Fort Knox, Ky., as Armored Forces chief. Boosted armor from 4 to 14 divisions in 14 months.

May 1943: Takes over as commander of American forces in European war theater to key the final invasion battles.

On alert, good-humored Lieut.-Gen. Jacob L. Devers, new chief of American forces in the European war theater, weighs the staggering task of leading the A. E. F. for invasion. He was master of his job before he got it, for tanks have been his bedfellows, artillery his voice, physical fitness his watchword. As Armored Forces chief, "Jackie" Devers himself picked out the land dread-

naughts and self-propelling artillery we're winning with. At 55 he's the youngest of his rank. A West Pointer '09, he served in Panama, in Hawaii, in France; he supervised building of the bases we got from Britain. This York, Pa., Dutch-Irishman is a hater of paper work, drives his staff officers from their desks to the field. He's five-ten, weighs 174, has mouse-colored hair.

RATION CALENDAR

Washington, May 21 (AP)—The office of price administration today extended for one week the time during which blue stamps (G, H, and J, processed foods) in war ration book two may be used by consumers. OPA said the move was made to relieve retailers of an end of the monthly buying rush.

Instead of expiring on May 31, as previously announced, blue stamps G, H, and J, will be good through June 7.

OPA also announced that the next three sets of blue stamps in ration book two—K, L, and M—totaling 48 points, will become valid on May 24, and instead of expiring at the end of June, will continue to be good through July 7. This will provide an overlap period of two weeks when both sets of stamps will be good.

An OPA spokesman said that the change should make marketing easier both for consumers and retailers and should avoid the

sort of congestion that prevailed in many retail stores at the end of April.

PUC SETS HEARING
A public utilities commission hearing on the application of Pacific Trailways requesting an extension of permit right as a motor carrier of persons and express fixed termini so as to serve Camp Abbot via connecting highways from their junctions with U. S. highway 97 have been set for June 2 in the county courthouse in Bend.

The hearing will be held at 3 o'clock in the afternoon.
