

# Food Situation In U. S. 'Tight,' Says OPA Chief

Portland, Ore., Dec. 28 (Special) — Commenting on action of the OPA in cancelling certain outstanding food ration stamps, McDannell Brown, Portland district OPA director, pointed out that the OPA had no alternative in view of the tight food situation. He reiterated statements from Washington that the actions were necessary because civilian supplies of sugar, butter and commercially canned fruits and vegetables are at the lowest point since the war began and meat supplies are declining.

Brown said: "Supplies of food were not large enough to permit spending of both the 1945 ration stamps and all of those carried over from 1944."

"We all recognize that most people who have old ration stamps simply didn't need the food at the time the stamps were intended for use. Enough stamps will be made good in 1945 to assure each consumer his fair share of the 1945 supply. It would have been unfair to let some people spend stamps unneeded in 1944 for food available in 1945."

**Surveys Made**

To show the extent of unspent ration stamps and their possible effect on future rationing, OPA announced results of surveys made in October by the census bureau. The surveys showed that at that time outstanding processed foods (blue) stamps equalled 2.8 months supply, and that outstanding unspent meat and fats (red) stamps equalled 2.5 months supply. On sugar, the surveys showed that unused sugar stamps and coupons equivalent to about two months regular consumer ration were outstanding. The sugar survey did not include stamp 33, which became good on September 1.

In order to clear up some of the existing confusion as to currently valid stamps and on point values of those canned food items which go back on the ration list, Brown issued the following statement: (following quoted).

The following stamps are now valid:

Sugar stamp No. 34. (All other sugar stamps including canning sugar coupons are now cancelled.)

Processed food stamps (blue stamps) X5 Y5 Z5, A2 and B2. All other processed food stamps are now invalid.

Meats and fats stamps (red stamps) Q5, R5 and S5. All other meats and fats stamps are now invalid.

There is no change at this time in the meat and fats point values with the exception of butter which was raised to 24 points per pound, effective Tuesday morning, December 26, 1944.

Additional changes in meats and fats points will become effective Sunday, December 31, 1944.

The following processed food items were returned to the ration list, effective Tuesday, December 26, 1944:

- Asparagus, 10 points, No. 2 cans.
- Peas (exclude soaked dry peas), 20 points, No. 2 cans.
- Spinach, 10 points, No. 2 cans.
- Beans, green or wax, 10 points, No. 2 cans.
- Corn (except vacuum packed, whole kernel, 12 oz. tin), 20 points, No. 2 cans.
- Corn (except vacuum packed, whole kernel, exclude corn on cob), 20 points, No. 2 cans.
- "Point" values on other food items will be announced as soon as they are received from San Francisco," Brown advised.

## Dealers Are Told Of New OPA Rules

Reports that Bend dealers have continued to accept red, blue and sugar stamps for rationed foods despite a recent order of the OPA have reached headquarters here, it was learned today. These reports have resulted in Jackson T. Moore acting on instructions from state and national headquarters, to issue the following official statement:

"Since many local dealers have declared that they do not consider that they have received proper notification of the rationing rules now in effect, these dealers are hereby officially notified that any rationed goods sold without the proper stamps constitutes a violation of the law and is subject to penalty."

The new order of the OPA, which cancelled certain red, blue and sugar stamps as of Monday midnight, is in effect in Bend, Moore added, and these cancelled stamps may not be accepted by dealers.

**FOUR CARS TAGGED**

Cars registered to four Bend residents were recently tagged for overtime parking on downtown streets, police reports disclosed today. The cars were registered to A. A. Symons, 840 Portland avenue; P. B. Johnson, 2042 West Seventh street; Patt Skinner, 220 Drake road, and L. Carter, 1445 West Fourth street.

**APARTMENT BURGLARIZED**

After breaking the lock off the door, burglars entered and ransacked the apartment of Bob Reid, Gilchrist apartments, according to police reports today. The victim

## To Front for Facts

Paul V. McNutt, above, War Manpower Commissioner, soon will leave Washington for Europe where he and other WMC and WPB representatives will gather first-hand information on the munitions supply situation at the Western Front.

reported that he was unable to find where anything had been taken.

## Portland Drunks Due for Roundup

Portland, Ore., Dec. 28 (Special) — Portland police were under orders today to arrest every person found on the city's streets under the influence of liquor, as plans were being laid to reduce the number of traffic fatalities during the coming week.

Four of Portland's five traffic deaths over the Christmas weekend involved persons who had been drinking, and in addition 65 per cent of the accidents in the city involved drunken drivers, according to Capt. James W. Purcell, head of the police bureau's traffic division.

Purcell declared that every officer and every piece of equipment would be used, if necessary to avoid a recurrence of weekend tragedies. The orders, effective immediately, will be continued indefinitely, he said.

In defining the policy to be followed in the city's traffic courts, Municipal Judge J. J. Quinn warned that drunken drivers will be given jail sentences.

Buy National War Bonds Now!

## Buying of Bonds Takes New Spurt

Portland, Ore., Dec. 28 (Special) — The sudden upswing of bond buying in Oregon during the past few days has been attributed by state sixth war loan drive officials as due in part to the effect of bad news from the war fronts on the civilian population.

The same trend is reflected in blood donations, Red Cross officials indicated.

Official figures released today show that Oregon's series "E" bond sales in the drive total \$31,668,332 or approximately 93.1 per cent of the quota of \$34 million. However, bonds bought through Dec. 31 will count toward the state's quota.

At the Portland blood donor center, calls for appointments kept the switchboard operators busy yesterday, as persons who have lapsed for over a year between donations attempted to secure immediate appointments.
