Active Session Aid to Stocks

By Elmer C. Walzer
(United Press Financial Editor)

New York, Dec. 29 (UP)—Stocks added fractions to more than four points to yesterday's gains in an active session today, lifting the general average to a new high since September 4, 1937.

The rise was seen as a typical year-end rally such as has been experienced in industrial stocks in 42 out of the past 46 years. The index also rose more than a point in the average, but the rally made in better percentage showing and their average touched a new high since August 31, 1937. The utility average on a fair-sized gain made a new high since January 8, 1940.

Many factors combined to lift the market. In the first place, the funds for stock buying recently accumulated in the form of year-end dividends and amounts realized when profits were taken a few sessions ago were being spent. Improved war news and a glimmer of a hope for tax adjustments when Germany is wiped out also added to the list. Near closing time some short covering came into a few issues, notably Chrysler which rose more than four points.

Avery Ejection Not Bidle Plan

Chicago, Dec. 29 (UP)—Montgomery Ward and company refused today to turn over its books to the army officers named by the government to operate the company's facilities in seven cities under a presidential seizure order.

H. L. Pearson, vice-president and treasurer of the wholesale and retail store firm, said he would not give up the books, at least not until he had talked to Sewell Avery, militant chairman of the board of directors, who has challenged the government's right to take over the plants.

Avery on Job

Simultaneously, at a court hearing, attorneys for the company said the firm would not comply with any mandatory orders for turning over the books but added that they were accessible if the government representatives wanted to come in and look at them.

Meanwhile, at Washington Attorney General Bidle said there would be no attempt to evict Avery forcibly.

Bidle said Avery was "perfectly harmless" and when asked why he was less harmless now than a few months ago when he was carried out, the attorney general added:

"He always was harmless. I guess we are following a new technique this time."

Portland Stores Are Cited By OPA

Portland, Dec. 29 (UP)—The office of price administration in Portland today served complaints on eight branches of Safeway, Inc., and four branches of a local chain group, Fred Meyer, Inc., alleging unlawful acceptance of expired ration stamps after new standards were announced earlier this week.

It was charged the stores accepted sugar, red and blue ration stamps and sold ration-free canned vegetables which had been returned to the ration list.

Miss Cecilia Gallagher, enforcement attorney for the OPA, said that hearings on the complaints had been scheduled Jan. 8 before a regional hearing commissioner from the San Francisco office.

Confusion Blamed

The cited stores were involved in confusion on Tuesday resulting from failure of the OPA to

Court Rules Hines Must Pay Big Tax

Salem, Ore., Dec. 29 (UP)—The state supreme court today upheld the Harney county circuit court in its decision that the Edward Hines Lumber company must pay \$8,284.14 for a 1940 corporation excise tax. The Harney court had held that the company's business was not unitary in nature and that its Oregon business had yielded a net income.

The company had brought suit against the state tax commission, represented by Charles V. Galloway. Justice George Rossman wrote the decision.
