

Nimitz Asserts Aid of Russians Would Be Help

By William F. Tyree (United Press War Correspondent)

Pearl Harbor, Jan. 2 (AP)—Fleet Admiral Chester W. Nimitz would welcome the Russians as Allies in the war against Japan.

"The Pacific commander's first 'on-the-record' statement regarding the Soviets came in answer to a correspondent's question at a press conference Monday at which Nimitz pledged that his commanders would use all available resources against the Japanese 'without loss of time.'"

American reverses on the Western front, he conceded, had upset the offensive schedule for the Pacific.

At the same time, he said the United States must be prepared to seize bases on the China coast and to invade the Japanese homeland occupying "enough of it to win the peace."

Nazi Blow Retards
Returning from a tour of American forward bases with a forecast of a "very unhappy 1945" for the Japanese, Nimitz told newsmen at a press conference that the success of the German counteroffensive in Belgium and Luxembourg would delay the re-development of forces in Europe, particularly the air forces.

However, the Pacific commanders "will continue to carry on our operation with what is available" with the goal of defeating Japan completely at the earliest possible moment, Nimitz said.

"We will continue to move in the direction of Japan, to seize bases from where we can carry the war closer and closer," Nimitz said. "We hope to meet the remaining units of the Japanese surface fleet and dispose of them as we have in the past . . ."

Will Invade Japan
"We should be prepared to invade Japan and we will undoubtedly have to occupy enough of it to win the peace. I believe also that it is essential for us to go to the China coast in order to secure the land masses necessary for the deployment of our huge forces."

Nimitz said he had had a "very satisfactory series" of conferences with Admiral Sir Bruce Fraser, commander of the new British Pacific fleet, and the future of coordinated American-British efforts "looks very bright indeed."

Referred to 1945, he said: "I don't know yet the capacity of the Japs to take punishment in their homeland. What we will do this coming year will give us some idea of what they can stand."

As for 1944, Nimitz disclosed in a year-end review that Japan has lost 6,650 planes and 1,018 ships, including two battleships, five carriers and seven heavy cruisers in the past 12 months.

PORTLAND LIVESTOCK
Portland, Ore., Jan. 2 (AP)—Livestock: Cattle 2100, calves 225. Market not fully established. Few early sales fed steers and beef cows around 25c lower. Some lower grades steady. Personal Property Blanks Mailed Out

Some 1,200 personal property return blanks were mailed out today by J. A. Fountain, Deschutes county assessor, to those whose names appeared on the 1944 tax rolls. Fountain added that, while no records are available, approximately the same number were mailed last year.

The personal property returns are to be signed, filled out and returned to the assessor's office on or before March 2. Due to the shortage of help, Fountain stated today that the returns should be sent back to his office as early as possible.

Persons failing to file their returns for the state personal property tax will be penalized, according to law, at the rate of \$10 for each day of delinquency, Fountain stated.

Newcomers to Deschutes county and others who do not receive a blank through the mail this week for the payment of personal property taxes, may obtain one

Stocks Enhanced \$8 Billions, Reach Peak for Seven Years

By Elmer C. Walzer (United Press Financial Editor)

New York, Dec. 30 (AP)—Valuation of all stocks listed on the New York stock exchange rose by \$8,000,000,000 during 1944 to new highs since 1937 in the general average, while bonds also made new seven-year tops.

The year ended on a rising market induced by a new demand for war material and statements by high-ranking army and navy leaders the end of the conflict still was far off.

Earlier in the year there had been several interruptions to the rise based mainly on "peace scares." Wall street would welcome peace and a resumption of civilian output, but the trading element fears that the transition period may be a difficult one. Hence each time the end of the war appeared in sight they sold stocks as a precautionary measure.

Experts are agreed that the new year may have similar unsettling markets. They foresee a highly selective trading.

The post-war era is expected to find the United States swinging more and more to an internationalistic attitude. As a result, many are predicting heavy listings of foreign stocks here.

Volume ahead is not expected to reach the variety of 1929 which set an all time record, but an increase of moderate proportions is foreseen. The 1944 volume around 258,000,000 shares compared with 278,741,765 in 1943.

Railroad stocks and bonds were the outstanding performers of the year. They led their respective markets higher and the rail stock average showed an appreciation of more than 33 per cent as compared with the close of 1943.

Utilities were given a whirl before Nov. 7 as a sort of election bet. Some declined when President Roosevelt was re-elected, but they turned up again before the end of the year. Numerous special issues and special groups received attention. Investors bought rather heavily of preferred stocks and the higher priced issues of the major groups.

Since the United States entered the war in late 1941, stocks have risen by around \$20,000,000,000. Bond valuation has increased considerably more, but that gain was largely caused by addition to listings of vast amounts of U. S. government bonds.

Industrial production held at a level just under the record set last year, while income payments reached a new top. This had a favorable influence on the market as did a fairly large flow of dividend payments.

Prospect of tax reductions of

Aircraft Shares Lead on Market

By Elmer C. Walzer (United Press Financial Editor)

New York, Jan. 2 (AP)—Prices moved in a narrowly irregular area today in a stock market dominated by transactions in aircraft shares and low-priced mining issues.

These two groups made up 25 per cent of all the business done on the big board. A few rails and utilities plus Pepsi-Cola contributed a fair amount of volume. But the main list of stocks fell into the typical first of the year doldrums.

Prices turned down after a steady opening. At the lows, Chrysler sold at 94 off 1 1/2; U. S. Steel 59 1/2 off 5/8; and Atlantic Coast Line 52 off 1 1/2. These issues came back partially and the whole list displayed a steady to firm tone near closing time.

Anticipation of an increase in the depreciation allowance for income tax purposes as proposed by War Mobilizer Byrnes, aided the aircrafts. Aviation corporation featured the whole market in turnover and made a new high. Heavy trading also was noted in Curtiss-Wright, Bell Aircraft, North American Aviation, and Lockheed. These registered advances ranging to more than a point.

Supernin, is "just what the doctor ordered" for you.

Supernin is aspirin plus—contains the same pure, safe aspirin you have long known—but developed by doctors in a special way for those upset by aspirin in its ordinary form.

This new kind of aspirin tablet dissolves more quickly, lets the aspirin get right at the job of relieving pain, reduces the acidity of ordinary aspirin, and does not irritate or upset stomach—even after repeat doses.

Tear this out to remind you to get Supernin today, so you can have it on hand when headaches, colds, etc., strike. See how quickly it relieves pain—how fine you feel after taking. At your druggist's, 15c and 39c.

MARRIAGES STILL LEAD

Marriage licenses issued in Deschutes county during 1944 outnumbered divorce complaints by more than two to one. Mrs. Dan P. Dacey, county clerk, said today. Divorce complaints filed during the year totaled 80 while marriage licenses issued numbered 172.

SMALL GIRL HURT

Falling from her roller skates while playing in the front room of the family home, Janet Lindsey, age 3, received a broken left wrist today, according to the physician who attended her at the St. Charles hospital. After emergency treatment the child was taken to her home, 1240 Baltimore.
