

Industrial Shares Lead on Market

By Elmer C. Walzer (United Press Financial Editor) New York, Jan. 3 (AP)—Highest grade industrial shares led the stock market to new highs since September 4, 1937, today on the heaviest trading since last July 5. Higher priced railroad issues made gains of a point or more while the others firmed fractionally. As the rails rested after their recent sharp rise, the industrial stocks assumed leadership. Their average crossed over to a new high since October 25, 1939, and was within touching distance of the railroad average.

Local Egg Prices To Drop 3 Cents

Beginning tomorrow, egg prices here will average a three cent drop per dozen, it was announced today by the war price and rationing board, which at the same time made known ceiling prices for the ensuing week. Egg prices are due to be cut for the next nine weeks, it was said. Eggs which are shipped in may have a higher ceiling price, providing they are segregated from local eggs and are so designated, according to E. H. Kennedy, price clerk.

Minister Speaker At Club Luncheon

Europe's hope for after the war lies in the spirit kept alive in occupied countries by clergy of the Christian church, Rev. Robert Nicholas, pastor of Westminster Presbyterian church, told the Bend Kiwanis club at the weekly noon meeting of the organization at the Pine tavern. In the church, he declared, was the last stand of opposition to national socialism. "The ministers," he declared, "refused to be silenced."
