

Stocks Soar to Seven Year Highs

By Elmer C. Walzer
(United Press Financial Editor)

New York, Jan. 4 (U.P.)—Stocks rose to new 7-year highs in the general average today following a brief digestion period in the early trading. Volume, still above a million shares, was lighter than the previous session, but the market breadth enlarged in scope.

Liquor shares were particularly active and strong following an estimate that the distillers will be able to turn out as much as 56,000,000 proof gallons of Rye and Bourbon whisky, gin and blending spirits in the January production holiday granted by the war production board.

Railroad shares were heavily traded with the higher prices issues showing gains ranging to 3 points. Aircrafts rested although aviation corporation continued active at the previous close. Some of the coppers, steels, oils, and utilities displayed strength. International Telephone again was active but unchanged. Eastern air lines made a new high while American Airlines eased fractionally.

'Ah-h-h' Man
Snub-nosed and freckled, Van Johnson, above, new Hollywood find, appears to be the current heart-throb, especially among the more mature segment of the sweet sisterhood. His pictures attract long lines of sighing girls, who spurn Frank Sinatra to see Johnson make faces, which, they declare, "does something" to them.

Junior Chamber Plans Observance

Bruce Gilbert, President of the Bend Junior chamber of commerce, announced today that the week of January 14-21 is being observed nationally as Junior chamber of commerce week. On January 22 the United States Junior chamber of commerce will celebrate its 25th anniversary, with over 800 local organizations joining with the national Junior chamber of commerce in staging Founder's day banquets.

It was on January 21, 1920, that the Junior chamber of commerce movement was founded in St. Louis with twelve organizations as the original nucleus. The Junior chamber of commerce in Bend was organized in February 1944.

The local organization is holding its Founder's day banquet on Saturday, January 20. The banquet will be the high point of the presentation of a distinguished service award key to the young man of the community, between the ages of 21 and 35, who has rendered the most outstanding contribution to the community in the past year. Similar presentations are being made by Junior chambers of commerce throughout the nation upon the approval of nominees' qualifications by the United States Junior chamber of commerce which provides the awards.

Bus Line Plans Schedule Change

An important change in the Hamman Stage lines schedule between Bend and Salem was announced here today by Floyd Hamman, owner. The change is to become effective next Monday, Jan. 8.

Buses which now leave from Bend for Salem at 6 p. m., will after that date leave here at 7:30 a. m., Hamman said. The bus will arrive in Salem at 12:35 p. m., and leave on the return trip to Bend at 1:50 p. m., arriving here at 7:10 p. m.

Hamman stated that the revised schedule will make it possible to make connections with other services north and south from Salem, as well as to a number of western cities such as Monmouth, Dallas, Philomath, Newport, McMinnville and Newberg.

With the opening of the state legislature in Salem soon, Hamman believed that this schedule change would prove attractive to a number of Bend folks wishing to attend the sessions.

"On mink fur farms the animals are usually housed in separate pens because of their pugnacious dispositions.

1944 Numbers to Stay on Coupons

Motorists in the Portland OPA district were advised today by E. W. Eggen, mileage rationing representative, not to change the endorsement on their present gasoline coupons when they get their new motor vehicle registration stickers. They are instructed to leave the old license number endorsements "as is" on present coupons as service station operators may not accept coupons on which endorsements have been altered, Eggen emphasized.

Motorists in Southwestern Washington who will receive new 1945 license plates instead of stickers, and those out of state motorists now in Oregon who obtain license plates, are also advised not to change the license number already endorsed on their coupons. These motorists should change their book cover or identification folder of present coupons by drawing a line lightly through the old license plate number and placing the new license plate number above or below.

Also, the license number should be changed on the mileage rationing record which all motorists received from their local boards with their coupon book. These changes should be made in ink, indelible pencil or by typewriter.
