

Selling Flurry Lowers Stocks

New York, Jan. 12 (AP)—A last minute selling flurry brought the whole stock market into lower ground today at a time when the list had been rallying from earlier profit-taking.

Deschutes Gets More "E" Bonds

An army-navy allocation of \$20,981 in E bonds to Deschutes county has raised E sales in this county during the recently concluded sixth war loan drive to 10 per cent above the quota of \$430,000.

Final figures for the drive, computed as of Jan. 2 by the state war finance headquarters and released today, show that Deschutes county sales totalled \$1,740,500, which is 55 per cent above the county quota of \$1,120,000.

Officers Probe Window Breaking

Bend police today were investigating a raid by boys on the Deschutes County Public Library and the Trinity Episcopal church, in which a total of 15 window panes were broken by the throwing of rocks.

Following the attack on the library, the youthful vandals crossed Wall street and hauled rocks through four window panes in the basement of the church.

Library attaches told officers that they possibly could identify one or more of the boys.

Co. I Sergeant Visiting in Bend

Back from nearly three years in the south Pacific, Sgt. Forrest E. Brown was one of the busiest persons in Bend today, and his missions are very personal.

He is delivering messages from members of Bend Co. I to parents and friends in this city. However, Sgt. Brown admitted today, he is not having great trouble in delivering his messages.

There are few Bend boys remaining in the original company, Sgt. Brown reports. Most of them have been assigned to other outfits.

Visiting here with his brother, Elmer Brown, the Co. I sergeant was accompanied from Portland by his wife, Mildred. He was married just before going overseas.

Flowers dusted with arsenic may kill bees that visit them, but the honey is not affected enough to make it unsafe for human consumption.

Soybean Compound Tags Eaten By Illinois Pup

Springfield, Ill., Jan. 12 (AP)—A mongrel puppy today faced execution within the next 10 days for eating license plates off of cars.

The dog was caught after partaking of his 25th Illinois license plate in the last three weeks. The tags are made of a Soybean compound.

The dog was considered a motorist's whose plates he ate, however and partook of 1944 tags only.

Law enforcement officials today were investigating reports that Hood River valley residents were preparing to meet Japanese-Americans in an effort to dissuade them from staying in this area.

Meanwhile the American Legion post was preparing to conduct a county-wide poll to determine public opinion on the question of allowing the Japanese to return.

Although no Nisei have returned, some of their baggage has arrived at the railroad station here. Reports were current that valley residents sought to organize a committee to meet trains and inform returning Japanese-Americans that they are not wanted in the region.

In response to a request from a legion committee for a vote in Hood River county on return of Japanese-American property holders, county Judge C. D. Nickelsen informed the legionnaires that if such a vote were conducted it would have to be at Legion expense, that taxpayers funds could not be used for such a purpose.

Following his arrest near The Dalles by state police, Robert Calhoun, 21, a marine stationed at the Klamath Falls barracks, last night was returned to Bend to face charges of stealing approximately \$75 from two persons here. He was held in the county jail under \$150 bail, pending arraignment in court. Bail had been set on a charge of larceny of more than \$35 by Justice of the Peace Wilson George.

POT OF GOLD

New York (AP)—Byron Nelson topped all golf money records in 1944. He won more than \$42,000 in war bonds.

Are Ruled Out

Washington, Jan. 12 (AP)—The office of defense transportation, drawing the reins still tighter on the nation's railroads, has ordered immediate discontinuance of all seasonal train service to resorts and the cancellation beginning March 1 of trains on which 35 per cent of the seats were not occupied in November of 1944.

The order was issued last night to implement Mobilization Director James F. Byrnes' directive to curtail non-essential railroad schedules to save coal. Other moves by Byrnes to save critically-short coal were a request to keep building and home temperatures to 68 degrees or less and a ban on store and window display lighting.

Chase E. St. Clair, senior employment officer of the U. S. employment service area office here, spoke on employment problems of returning veterans.

Following the meeting, at which Willard A. Higgins, commander, president, refreshments were served by the auxiliary.

Organization of a "B" basketball church league which will include grade school children up to 12 years of age and up to the seventh grade will be considered at a jamboree to be held in the high school gymnasium tomorrow afternoon at 1:30 o'clock.

A highly successful church league for older boys is already functioning.

Fifty years ago there were only four automobiles in the United States.

TO PROTECT the financial investment you have in your car

COMPLETE LUBRICATION SHOULD BE A MUST AT REGULAR INTERVALS

One of the most expensive and most difficult to replace units of your car, short of a bad wreck, would be the transmission and rear axle gears. For better performance and longer car-life—make it a practice to drive in often to have these vital parts inspected and if necessary lubricated.

In addition there are scores of other vital parts that should be regularly lubricated for safe war-time driving.

"THE HOME OF PROPER LUBRICATION"
