

Russian Drive Affects Market

By T. W. Kienlen
(United Press Staff Correspondent)

New York, Jan. 15 (AP)—A peace market developed in stocks today when the Russian army began an all-out drive through Poland toward the German border.

Prices dropped 1 to 2 around 2 points at the low in the main list but late in the session there was a mild recovery from the lowest levels.

Trading started out at a clip that would have meant more than 2,500,000 shares for a full day but activity lightened after stock tickers fell behind momentarily in the first hour.

Although such "war babies" as steel shares and rails bore the brunt of the selling, there was an undertone of firmness in such peace stocks as low priced motors, motor equipment stocks, and merchandise shares.

Toward the close active rails had losses of around a point in Santa Fe, Atlantic coast line and Delaware & Hudson with Nickel plate preferred and Norfolk & Western both off 2 points and Pere Marquette prior preferred off 3 1/2.

Thousands Flock Into War Jobs

(By United Press)

The threat of work or fight legislation has had almost as much effect in getting men to transfer to war industries as a draft would and thousands of workers have jammed U. S. employment offices throughout the country to sign up for war work, a survey revealed today.

Many major war production centers reported the heaviest increases in war job seekers since D-day and in Wisconsin alone, more than 11,000 applicants jammed USES offices with the greatest increase reported in war-busy Milwaukee.

The war manpower commission at Detroit reported that 5,000 of the applicants processed last week were "highly capable and qualified 4-F's from service industries—the kind we're after."

One of the largest increases was reported in the Minneapolis-St. Paul area. Applicants last Monday and Tuesday at St. Paul increased 400 per cent over the previous weeks, while in Minneapolis, the increase for the first two weeks of this month topped a similar period in December by 125 per cent.

Boston reported a 40 per cent increase and in Pennsylvania applicants jumped more than 20 per cent.

PORTLAND LIVESTOCK
Portland, Ore., Jan. 15 (AP)—Livestock: cattle 2500, calves 125. Uneven. Fed steers 25-50c lower, many unsold. Other classes steady to weak, some bid 25c lower. He was overtaken by officers at Marshall and Third street.

Do You Suffer 'PERIODIC' FEMALE PAIN
With Its Weak, Nervous "Dragged Out" Feelings?
If at such times—you like so many girls and women suffer from cramps, headache, backache, feel tired, restless, a bit moody—all due to functional periodic disturbances—
Start at once—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous not only to help relieve monthly pain but also accompanying tired, weak, nervous feelings of this nature. This is because of its soothing effect on one of woman's most important organs. Taken regularly—Pinkham's Compound helps build up resistance against such symptoms. Follow label directions.

Selective Service Status Is Cleared

In order to clear up an apparent misunderstanding on the part of many Bend men, J. D. Donovan, chairman of the Deschutes county selective service board, today explained that only those in non-essential jobs will be reclassified. This applies not only to those in the 4-F classification, but all other men in jobs not necessary to the war effort.

"There have been numerous calls from men even in the Bend mills inquiring about their status," Donovan stated. "It must be understood that the lumber industry is considered essential to the prosecution of the war, and that men employed in it will not be disturbed unless they are found to have a record of absenteeism. Their status will remain unchanged unless the selective service laws are changed.

"Certainly, the men who are not in essential work know this fact, and these men are the ones who will call in and reclassify," Donovan added.

Truce Ends Fire in Greek Strife
Athens, Jan. 15 (AP)—A truce ended the shooting in the Greek civil war today.

Some ELAS units were understood to have failed to receive notification of the signing of the truce, which became effective at 12:01 A. M.

The ELAS forces, however, gave every indication of observing the terms of the truce. They had been pulling out of the banned areas as fast as their superior officers spread the word of the agreement.
