Strength in Rails Bolsters Market

By Elmer C. Walzer (Quoted From Financial Editor)

New York, Jan. 17 (UP)—Strength in rails and speculative buying in issues connected with television and electronics featured an active, generally higher stock market today.

Steadiness in the list yesterday in the face of a Securities & Exchange commission proposal to ban floor trading on the exchanges bought in new buying. Market experts believed the floor trading situation would be solved by a compromise. This group holds that the floor trader plays a very important part in providing liquidity for the market.

Radio Corporation of America led the television-electronics issues in volume and equalled its high at 12 up 3/4 point, a wide rise for that issue. New highs were made by Emerson Electric and Farnsworth Radio and Television. Zenith Radio rose more than a point. Westinghouse Electric and General Electric were firm.

Pork Cuts Price Reduction Asked

Washington, Jan. 17 (UP)—The office of price administration today ordered a reduction in the wholesale price of certain pork cuts and said the changes would bring an average savings of one-half to one cent a pound to consumers throughout the country.

Pork cuts involved were smoked loins under 10 pounds and rough shoulders (neck bone in). On the loins, OPA reduced wholesale prices from \$28.50 to \$27.50 a hundredweight (central price zone) while the prices of fresh or frozen shoulders were reduced from \$19.75 to \$19.25 (central price zone).

The reductions will be reflected in retail ceiling prices.

Motorists Told Of Gas Records

All operators of passenger cars with basic "A" rations must have "mileage rationing records" to be eligible to apply for any gasoline rations, E. W. Eggen, district OPA mileage rationing representative, emphasized today.

These mileage record forms replaced the old tire rationing record, on which was kept a list of all gasoline rations issued to the vehicle.

Without this important record form, no motorist may be issued a "B" or "C" supplemental ration, Eggen explained.

Information has been received from local OPA boards that many motorists did not understand the use of the record form and lost or destroyed theirs.

No supplemental rations or special or furlough rations for cars with basic "A" rations may be issued to an applicant who does not present his mileage rationing record with his supplemental gasoline application, Eggen emphasized.

In cases where a motorist was not issued a mileage rationing record, or it was lost or destroyed, he should apply at once to his local board for a duplicate.

Carrel Boylan Listed Missing

Pfc. Carrel Boylan, 29, has been missing in Germany since Dec. 21, his parents, Mr. and Mrs. Bert C. Boylan, 9509 Southeast Knight street, Portland, 6, have been informed by the war department.

Carrel, a graduate of Bend high school in 1939, enlisted while attending Oregon State college about two years ago, was attached to the engineer corps and sent back to Oregon State college to study engineering. When the army training program was discontinued he was reassigned to an infantry unit and sent overseas.

His father, formerly district attorney in Jefferson county, was later district attorney for Deschutes county and then became Bend city attorney. For the past three years he has been a special attorney for the lands division of the U. S. department of justice with offices in Portland.

A brother, Ralph Boylan, 330 East Kearney, Bend, left recently for Fort Lewis, Wash., for army induction. His family plans to reside in Bend for the duration, according to information received today.
