

# Stocks Advance; Utilities Strong

By Elmer C. Walzer  
(United Press Financial Editor)

New York, Feb. 1 (AP)—Stocks advanced today under the leadership of the peace issues, notably the utilities which reached a new high in the average since August 31, 1937.

Utilities featured not only in strength but also in volume. The whole group turned up. Columbia Gas led in turnover with heavy volume also in American Power, Commonwealth & Southern, United Corp., American Water Works, Engineers Public Service, Kalamazoo Edison, LaCade Gas, National Power, and Public Service of New Jersey. These had net gains ranging to more than a point. Market experts pointed out that utilities would benefit substantially in peace because it would bring lower taxes without reduction in rates.

Packing issues again were in demand with Armour preferred at a new high. New tops were noted in such peace issues as J. I. Case, Columbia Broadcasting B. Crosley Radio, Evans Products, Kalamazoo Stove, Gimbel, Goodrich, Hayes Manufacturing, and Reo Motors.

Millard Chapin, private first

Washington, Feb. 1 (AP)—Some 4,000,000 Americans were being reminded today that they owe income taxes for 1942 or 1943 which must be paid up on or before March 15.

These are the persons who choose the installment plan to meet the unforgiven portion of their 1942 or 1943 income tax bill. The bureau of internal revenue reports that mailing of statements—"duns"—is being completed by the various collectors' offices.

In 1943, congress decided that in connection with inauguration of the withholding tax system, taxpayers would be exempt from payment of 75 per cent of their 1942 or 1943 tax, whichever was smaller. In most cases the 1942 obligation was the smaller. Half of the unforgiven portion was due and payable last March 15, and the remainder on March 15, 1945.

**Statement Is Made**

Provision for payment of the final instalment was not made on

the 1944 tax forms. This was principally because relatively few of the 50,000,000 taxpayers are affected. The bureau said it wanted to keep its new simplified form as simple as possible and that to add to it would have caused too much confusion. So separate reminders—statements of amounts due—were sent to all who still owe.

Persons receiving the statements must pay, even though they may be entitled to refunds on their 1944 tax bill which would more than offset the amount shown on the separate statement. They may claim their refunds as provided on the 1944 form, but they may not credit them against what they owe as the "unforgiven" obligation.

For the great majority of taxpayers there will be but one form to file on or before March 15—the annual return. For others there will be the payment of the deferred tax bill and the filing of a declaration of estimated 1945 income.

**MEASURE TO DIE**

Salem, Ore., Feb. 1 (AP)—The bill which would levy a five cent tax on aviation gasoline will die in committee, it appeared today after a hearing on the bill yesterday which brought out the fact that funds derived from this source, and spent on airports would not receive matching federal funds.

**Millions to Pay Past Due Taxes**
