weary bunch of Lava Bears ar rived here from the Deschutes country 220 miles distant, last night shortly before game time, then wilted before Medford's fastbreaking Tornado, with the contest ending 50 to 20 in favor of the Jackson county hoopmen. Only in one quarter, the second, did the tired Bears show a flash of real ball, and at half time Medford held a lead of only 23 to 16 far from comfortable for the high-scoring Tornado that has won 14

Bend's late arrival here was Bend's late arrival nere was largely due to snow conditions be-tween the Deschutes city and Klamath Falls. The Bears expect-ed to get into Klamath Falls around noon, in time for a leisurely lunch and a rest, but the arrival time was 2:00 p.m. The ball play-ers were obviously weary at game time, and only in the second quarter did they snap out of their lethargy and provide for fans a brand of ball similar to that used by the Bears last March in bat-tling their way into the state fin-als in Salem.

Each fighter went to the canvas once on knockdowns. Sharp hit the deck for a seven-count in the third round, while Huber stayed down for nine seconds in the fourth. During the remainder of the bout they whaled away at one another with little damage. Oregon's heavy king took the bout mostly by winning a few rounds and staying even in the others, except for the fourth—which he almost sat out on his haunches. Huber weighed 19712, while Sharp scaled in at 190.
