

# Stocks Advance For 7th Session

**By Elmer C. Walzer**  
(United Press Financial Editor)

New York, Feb. 7 (UP)—Stocks advanced today for the seventh consecutive session with the railroad issues leading the way. Trading, though under yesterday's volume, was moderately active.

Early in the session the market wavered when traders cautiously took profits in a sizable group of issues. This selling failed to bring any wide decline and soon confidence was restored and the leading groups moved ahead with the utility average reaching a new high since August 25, 1937.

Railroad stocks had gains ranging to more than 2 points in Atlantic coast line. Union Pacific rose more than a point. New York Central and Baltimore and Ohio were active and firm. Norfolk and Western sold at 22 1/2 off 2 points, a factor that prevented a wider rise in the railroad average.

Investment buying boosted several preferred stocks by 1 to 5 points, the widest rise in Guantánamo sugar preferred. Preferred stocks of the utility division were strong. U. S. Rubber preferred rose 4 points to a new high.

# FDR London Visit Held Improbable

London, Feb. 7 (UP)—Visits by President Roosevelt to London and Paris following the big three conference appeared unlikely today.

Well-informed sources said Roosevelt had declined an invitation from King George and Queen Elizabeth to be a guest with Mrs. Roosevelt at Buckingham palace.

The president was understood to have pleaded that the pressure of business awaiting him in Washington would not permit him to visit London at this time.

High French and allied diplomatic sources in Paris believed there also was no basis for reports that the president would visit the French capital.

With the French smarting at being left out of the big three talks, this would be the worst possible psychological moment for the president to visit Paris, informants said.

# Portland Man Injured in Duel

Portland, Ore., Feb. 7 (UP)—Percy E. Minor, Portland, was in a critical condition at County hospital today after receiving a gunshot wound in the back Monday night in a duel with Deputy Sheriff Lee Perkins.

Minor had fired at Perkins when the latter went to Oregon shipyard dormitories to investigate a report that a man had beaten his wife. The deputy sheriff fired back several times. One of the shots apparently struck Minor near the spinal column, immediately below the neck.

An eagle or buzzard soaring upward in the sky in great circles is spiraling within the air of a rising current.

## RED RYDER

# Important Farm Meeting Is Set

Redmond, Feb. 7—Most important meeting of the year for farmers and all who are interested in agriculture, is the planning meeting scheduled for Friday, Feb. 9, said County Agent H. G. Smith today, in announcing the program.

Coming to address the meeting, which is to be held at the county agent's office, Redmond, beginning at 10:00 in the morning and continuing through the day, will be Clifford L. Smith, who is state assistant county agent leader in extension, and Miss Elizabeth Boeckl, Deschutes home demonstration agent.

The discussion will follow a four-fold program, the first of which will be trends in agricultural production in the state and in each individual county of the state; second, consideration of the latest outlook information; third, hearing a report of the newly formed county veterans' agriculture advisory committee; and fourth, consideration of the possibility of a county economics conference to be held immediately after the war, anticipating coming changes.

The following sub-committees of the county agriculture planning committee will be present: land use, livestock, crops, farm, home and rural life, farm labor, and the newly formed veterans' committee.

This meeting will really set up the program for the coming year, the county agent said, and will be of vast importance. Any one who is interested in this matter is invited to attend any or all of the sessions.

# GRINDING VALVES

is a simple procedure — to a man who knows how, and has the time and equipment to do the job.
