# Downward Turn Made By Stocks

By Elmer C. Walzer Inited Press Financial Editor

New York, Feb. 8 (IP) — Stocks turned down slightly in the leading averages just before closing time today and broke a rise that had been in progress for seven

consecutive sessions.

The losses were small and considered insignificant in trading circles. The general average finished with a decline of only 9-

ished with a decline of only 9100ths point.

The market rise was based on
technical factors. However, Wall
street analysts ran up danger signals on the belief the high level
of stock prices might soon be
given a selling test.

Many stocks made new highs

r equaled their heighs. The leaders moved narrowly. Gains of one to two points were noted in special stocks. Superior Oil of Calicial stocks. Superior Oil of Cali-fornia, the star performer in re-cent sessions, ran up more than eight points to a new high. Pre-ferred stocks in the rail and util-ity divisions had advances run-ning to nearly four points. Aviation Corporation was the

st active issue traded. It made a new high. Baltimore and Ohio and Packard were poor contend-ers for second and third.
