

*No job is as sure
as your Bond!*

Think it over.

Think it over especially when you get the urge to *spend now*... when you get the idea that maybe it wouldn't hurt to cash some of those War Bonds.

Because if you let those Bonds go now, or before they reach maturity, you're letting go *one sure thing* in your future.

United States War Bonds are the best investment in the world. No matter what happens in postwar America, you can always be sure to collect those *four dollars* for every *three* you've loaned Uncle Sam, when your Bonds mature.

No job—no income—no other opportunity offers you such certain security, such a chance to protect your own future, or such a chance some day to have some of the things you've always wanted.

Instead of cashing in your Bonds next time you're tempted, buy another just to be on the safe side. Your country needs the money—and you need War Bonds!
