Niskanen Steers Coast Fish Bill

Salem, Ore., Feb. 21 (UP)—Joint fish and game committees of the Oregon house of representatives today took under advisement conflicting views of commercial fishermen, sportsmen and state officials on a bill (HB378) which would restrict fishing for salmon and other fish on coastal streams.

Rep. William Niskanen, Bend, game committee chairman, authored the bill on the basis of a compromise survey and recommendations signed by Chris J. Kowitz, of the Isaac Walton league; W. J. Smith, Oregon wildlife federation; C. F. Henne, commercial salmon fisherman and W. W. Paustinen, Astoria, of the fishermen's union (CIO).

There was little agreement after a three hour hearing last night on the bill, which would remove all seines and fixed gear from all coastal streams and bays except Tillamook bay; cut down the fishing days in many other streams; permit taking of shad in all streams, and close to all commercial fishing Salmon river, Nestucca river, Hunter's creek, Flora's creek, Euchre creek, Pistol river, Sand lake and Netarres bay. It would be effective next Jan. 1.

Clothing Drive Is Big Success

Prineville, Feb. 21 (Special)—Under the sponsorship of the American Legion, Junior chamber of commerce, and Legion auxiliary, the campaign to collect clothing for the relief of Russian civilians met with a fine response, reports Frank Burr, chairman of the city collection committee.

At the official closing Saturday, there were 164 bundles weighing 2,725 pounds which were sent to Portland Monday. The collection consisted of clothing of all sorts including shoes and some bedding, such as comforters and blankets.

Legion Commander M. D. Barney and School Superintendent R. H. McAtee, general chairman, organized the drive and appointed committees from the various organizations assisting.

A salvage depot was kept open in the barracks next to the courthouse, with the American Legion auxiliary in charge. Mrs. Percy Smith is auxiliary president. The Lions Club auxiliary, Mrs. J. E. Adamson, Jr., chairman, also assisted.

The American Legion furnished trucks to collect in the outlying districts and the Junior chamber of commerce committee, Frank Burr, chairman, took charge of the city house to house pickup and took care of the final tying of bundles and shipping.

Alaska Flu Wave Claims 17 Lives

Point Barrow, Alaska, Feb. 21 (UP)—A wave of flu today had taken 17 lives in this northernmost village on the rim of the Arctic circle.

Volunteer squads of nurses were distributing sulfa drugs to villagers, few of whom were able to leave their homes to hunt for food. A fuel shortage also was reported. Deaths occurred mainly among the weak and old, nurses said.

A dramatic story was told of three children left homeless by the epidemic. Their father died at a fish camp, and the mother decided to make the homeward trip. She died en route in the sled.

Bend Committee Attends Hearing

Meeting today in Salem with the senate fish and game committee to protest the passage of house bill 113, which would restrict South Twin and Sparks lakes to fly fishing, were Ken Moody, Willfred Jossy and W. J. Baer.

While an unofficial committee, the trio presented to the senate committee the stand of Central Oregon sportsmen on the question of further legislation against forms of fishing other than fly fishing. Both the Deschutes County Sportsmen's association and the chamber of commerce fish and game committee had previously gone on record as opposing the bill.

Youth Club Notes

Bare Facts from the Bears' Den

By Ruth Ann Terlisner

Come on to the Bear's Den, all you Youth Club members, for a very important meeting. Let's crowd the Den with at least 200 members on Thursday, March 8, at 7:30. How about it?

If you find yourself standing in a line so long you're almost ready for another milkshake before the first one comes, just be patient. The girls in the snack bar are handicapped by having only one mixer, so no others are available.

Members of the Torch Honor have contributed part of their new bulletin board to the club, so that we may post announcements at the high school.

The snack bar will be closed 15 minutes before closing time every night so that the girls will have time to prepare for the next day.

John Paul Aiken and June Alfrey have been invited as guests to attend the council meeting Monday night.

One member of the council will be on duty every night the club is open. His responsibility is to take complete charge to see that everything is running right. A list will be posted on the bulletin board of the names.

Freshman sub debts are on the job again. This time they are hemming and ironing new dish towels for the snack bar.

Several rumors have been floating around that there will be a general clean up night soon. We hope that all members will be prepared to come.

"Do you wish to volunteer or be drafted?" is Barney O'Doherty's famous question. It seems to work, for Barney and his help have been doing a marvelous job cleaning up after every dance.

Anyone who can sing and is interested in starting the glee club again is asked to sign up on the bulletin board. Practices will be every week and we hope our director will be Miss Elizabeth Boeckli.

The council has worked out a

tentative monthly budget in order to plan the lowering of dues.

Why not be helpful and show the senior hostess or door checker your membership card and register without having to be asked? If your dues aren't paid up by the 10th of every month, you will not be admitted until they are paid. There old rules have been over looked somewhat in the past, but are now being strictly enforced.

Let's see if we can't all help keep the Den spick and span from now on. Three large waste paper baskets have been placed in strategic positions for all the waste that used to be thrown on the floor or left on the table.

Beverly Ellis did a super job of introducing and making the Albany boys feel at home in the Bear's Den on Friday and Saturday night. It seems Albany was her home town.

Friday and Saturday were gala evenings for fellow youth club members. One hundred and forty members and guests registered each night. The dance floor was kept crowded, and there were other groups eating, playing ping pong and some were just relaxing after the excitement of the Albany games.

Atlantic Charter 'Guide, Not Rule'

London, Feb. 21 (UP)—Prime Minister Churchill told critics of Russia's annexation of eastern Poland and the Baltic states today that the Atlantic charter was "a guide, not a rule."

He was replying to questions in commons whether decisions on the future of the Baltic states and Poland at this time did not contradict article two of the Atlantic charter.

Churchill refused resolutely to elaborate in any way on the Crie-mein conference during the Crie-mein period. He is scheduled to make a statement on the conference at the opening of a two-day debate in the house next week.

Churchill Hides His Long Cigars

Cairo, Feb. 21 (UP)—Prime Minister Churchill gave away to Arabian customs during his conference with middle eastern rulers.

Not once did he smoke his traditional cigar at the meetings. And his gesture did not go unnoticed.

Smoking is considered sinful in the Arabian peninsula and King Ibn Saud was said to have greatly appreciated Churchill's tactfulness.

WHY QUINTUPLETS use this great rub for SORE THROAT COUGHS due to COLDS Wonderful for Grown-Ups, Too! Ever since they were tiny tots—when the Quintuplets caught cold—their chests, throats and backs are immediately rubbed with Musterole. Musterole gives such blessed prompt relief because it's more than just an ordinary "salve." It's what so many Doctors and Nurses call a modern counter-irritant. It not only relieves coughs, sore throats, aching chest muscles due to colds, makes breathing easier—but it actually helps break up congestion in upper bronchial tract, nose and throat. And Musterole is so much easier to apply than a mustard plaster. White, Stainless. Just rub it on! "No Fuss. No muss with Musterole!" IN 3 STRENGTHS: Children's Mild Musterole, Regular, and Extra Strong.
