

Decline Suffered By Stock Market

By Elmer C. Walzer
(United Press Financial Editor)

New York, Feb. 21 (UP)—Stocks had their widest decline of the year today on what Wall Street interpreted as a federal reserve drive to eliminate all speculation from the markets.

Transactions, though slightly under yesterday, exceeded the million share mark for the 18th consecutive session.

Principal reason given for the decline was the recommendation of Marriner S. Eccles, chairman of the federal reserve board, that a wartime excess profits tax be applied to speculative gains on stocks and real estate. However, technical factors also played a part since the market had risen for eight straight sessions to new highs for more than seven years.

Approach of the holiday tomorrow also brought in some evening up operations.

The Eccles statement confirmed in the Wall Street mind recent rumors the federal reserve planned to eliminate all margin trading. That rumor has neither been confirmed or denied by the federal.

Delayed Action on Sea Lions Asked

Ira N. Gabrielson, director of the U. S. fish and wildlife service, and formerly a resident of Oregon, has expressed a desire that the Oregon state legislature do not take any action on removal of protection from sea lions until a study to be started in April is completed. It was learned here today.

A telegram was received from Gabrielson by Robert W. Sawyer, Bend, who, as a former member of the state highway commission, in 1931 was associated with the late George W. Sorenson, of Port Orford, in action leading to the removal of bounty on the large seals. Sawyer points out that action taken under the leadership of Sorenson in 1931 was on the basis of reports from the United States biological survey, now incorporated in the fish and wildlife service, that sea lions are not destructive to commercial fish.

In the telegram received here today, Gabrielson said that "data used before regarding sea lions are still the best available."

Iwo Battle
(Continued from Page One)

bloody hand-to-hand struggles. The Japanese were relatively quiet last night. A local counter-attack on the American left flank, supported by several tanks and artillery fire, was beaten off, and attempts at infiltration were thwarted.

U. S. warships and guns supported the marines throughout the night, rocking the Japanese-held part of Iwo with a ceaseless barrage which continued this morning.

Planes Give Aid
Carrier-borne planes swarmed back into the battle of Iwo today, carrying out heavy bombing and strafing attacks.

Making it plain that the marines had come to stay, the unloading of supplies and rations on the beaches went on all last night.

"The Japanese are resisting desperately, and the fighting is fierce in some parts of the combat area," United Press correspondent Mac R. Johnson reported from a warship off Iwo.

He said the Japanese were resorting to their night infiltration tactics which has become standard with them. One U. S. battalion alone reported that more than 100 Japanese were killed in these attempts.

Prineville Plans Aid for Library

Prineville, Feb. 21 (Special)—Mrs. R. L. Schee, president of the library club, has announced the annual silver tea to be held at the home of Mrs. J. H. Rosenberg Thursday, February 22, from 2 to 5 p.m.

Co-hostesses for the tea will be Mrs. O. O. Hagedorn and Mrs. Leo Bauer.

Those pouring will be Mrs. M. D. Barney and Mrs. Ed Belknap for the first hour; second, Mrs.

G. O. Fairchild and Mrs. W. N. Byers; third, Mrs. L. M. Bechtell and Mrs. Ted Goodwin.

This annual tea, usually a colonial theme, is held each year on or near Washington's birthday, the proceeds of which go to the club's book fund. This fund, raised by membership fees, the annual library tag day, and the tea, is used to purchase books for the rental shelf at the Hagedorn drug store.

When a book has paid for itself it is placed in the library and the fund used to purchase another. In this way 40 books were contributed last year to the county library.
