

### Scouts to Meet In Bend Friday

A scout leaders' "round table" meeting, which will be attended by Boy Scout heads from all over Central Oregon, is scheduled for 7:30 o'clock tomorrow night in the city hall. It was announced here today by Bob Lamott, scout executive from Klamath Falls. Scout leaders of Bend, Prineville and Redmond are expected at the gathering, which will feature "troop and pack committeemen in action," according to Lamott.

All cub and scoutmasters and their assistants in the midstate are expected at the gathering, when important business is slated to be discussed.

Scout leaders from Bend, Prineville and Redmond last night attended a combination potluck dinner, court of honor and troop demonstration in Prineville. The meeting was supervised by Charles E. Downie, chairman of the troop committeemen of that district, assisted by Committeemen Ray Moore and Henry Hulett.

**Erickson Presided**

Scout master Alfred Erickson was in charge of the troop demonstration, the maneuvers being led by Senior Patrol Leader Lee Adams.

The court of honor was conducted by Dick McRae, assistant scout master. A colored motion picture showing scout activities in the summer camp at Crescent Lake was shown by Lamott.

The Prineville meeting was attended by District Commissioner LeRoy Fox and Jack Burpee, chairman of organization, from Bend; P. M. Houk, district chairman; Floyd Barton, neighborhood committeeman, and Ned Fields, district finance chairman, from Redmond.

### Mrs. America Meets the War

No need to exercise restraint when planting your victory garden this spring if 'twas sugar for home canning that was holding you back. Although Mrs. America will not be allowed quite as much as last year, she can get 20 pounds for each member of her family, up to a maximum of 160 pounds for a family of eight. One pound of sugar will be allowed for each quart of fruit or fruit juices to be canned. And only five pounds of the 20 pound maximum allowance for each person can be used for canning vegetables and for making jams, jellies, relishes, catsup, etc. As

The road to Cologne is pointed out—from the popular song of practically the same name—near Duren, Germany. Four Allied Armies ripped through Germans' western defenses on a blazing 150-mile battlefield in a general offensive that has rolled the enemy's vital Rhineland line back within 14 miles of Cologne.

### Heavy Casualties Mark Battle for Iwo Jima

The bodies of two U. S. Marines lie where they fell on shell-blasted sand of Iwo Jima beach, mute evidence of ferocity of battle for vital isle that rivals that of Tarawa. Photo-radioed from Guam to San Francisco by U. S. Navy radio-telephoto.

In a matter of fact, we have about the same amount of sugar available for home canning this year as last—700,000 tons—but last year people actually obtained more than a million tons of sugar with home canning stamps and coupons, depleting the supplies

for normal home use.

Here's how you will go about getting your home canning sugar, starting May 15. Ask your local war price and rationing board to mail you an application (OPA Form R-341) or stop in at the board and pick it up in person. Fill out the form and attach to it a "Spare Stamp 13" from war ration book four for each member of the family covered in the application. Mail it, or take it in person, to the board.

They will decide, on the basis of the application, how much sugar you're permitted, and then will issue coupons good for five pounds or one pound each. The coupons will be good through November 30, 1945, but applications will not be accepted after October 31.

The "Ration Holiday" for odd

### Song Pun Points Road to Cologne

lot shoes has been extended through March 10. This allows a three-week period during which odd lot shoes can be sold ration free. The time was lengthened because the recent freight embargo delayed some of the shipments from wholesalers to the stores. If you buy a pair of these shoes without giving a shoe stamp in exchange, remember that the ceiling price is 25 percent less than the "regular" price. Be ever vigilant in checking ceiling prices. Never pay more. Every housewife is a soldier in the home front army fighting inflation.

The expression "Good Old Summer Time" will have an additional meaning this year for the housewife who is struggling to keep her family clothed on a limited wartime budget. Early summer will mark the appearance in stores of more low and moderately priced clothing, as promised by Uncle Sam under the joint program of the Office of Price Administration and the War Production Board. The rise in clothing prices has been one of the major factors in the increased cost of living. This comprehensive program is designed to channel a greater portion of cotton, rayon and wool allocated for civilians into the lower-priced fields.

### Earwig Parasite Order Not Filled

While an increasing number of plant-eating earwigs is being noted in Bend, it developed today that a manpower shortage might seriously interfere with any organized campaign against the pests. At the city hall, City Manager C. G. Reiter said he has a standing order for 80,000 parasite-infested earwigs, and that he would renew his plea for early shipment of the insects which are deadly to earwigs. Reiter said that the order has been in for two years, and that he was advised by the Portland laboratory that it is doubtful whether it can be filled owing to a shortage of help.

These parasite-infested earwigs, if obtained, will be released in the city. The parasite eats the earwig to which it has been attached by hand, then spreads to other earwigs and causes their ultimate deaths.

### Soil Conference Held in Madras

Madras, March 1 (Special)—A soils and crops conference was held at the office of County Agent Kenneth W. Sawyer last Tuesday. A group of reclamation bureau officials from Boise and Salem attended. The group met to outline basic recommendations on soils and fertilizer, water application and cropping practices. A mimeographed report will be prepared for general distribution.

Among those attending were: Dr. W. A. Powers, soils scientist, O. S. C.; M. F. Sandoz, soil conservationist, Portland; G. V. Schirk, bureau of reclamation, Salem; E. R. Jackman, extension specialist farm crops, O.S.C.; Dr. D. Curtiss Mumford, head farm management department, O.S.C.; A. S. King, extension specialist in soils, O.S.C.; Hollis Sanford, bureau of reclamation, Boise and A. M. Christensen, Redmond.

**WANT TITLE RENOVATED**  
Cambridge, Mass. (AP)—That hardy perennial of the stage, "Life With Father," was reviewed by the Harvard Lampoon as follows: Soon to be retitled "Life With Grandfather."

### Snow Piling Up At Crater Lake

The snow pack on February 25 on the Annie spring course in Crater Lake national park was found to be 72 inches, with a water content of 24.2 inches or 33.6% of the snow on the ground. This compares with a snow depth of 38.9 inches with a water content of 13.4 inches or 34.5% when the measurement was taken at the end of January. Last year the measurement was made on March 1, at which time the snow depth was 63.9 inches with a water content of 21.7 inches or 34%.

The ski trip was made by Bob Stevens of Medford, Robert C. Briscoe of Fort Klamath, and Corporal Harold Chavis, who is ski instructor for the Marine corps at Klamath Falls.

### Madras Legion Plans New Home

Madras, March 1 (Special)—Members of John Sloss Post No. 125 of the American Legion of Madras are making plans to buy property upon which they will erect a building to house their organization, as well as establishing a legion home for veterans of World War II. Proceeds from the dances given by the Legion are being turned over to the building fund.

The modern mechanized American army still used work animals including horses, mules, dogs, homing pigeons, and native beasts of burden in the Pacific islands and in Burma.

### Their Soldier's a Lucky Guy

Luckier than most soldiers overseas is Maj. Joe Hattenbach, of Cleveland. Every single day, somewhere in Italy, he knows that from one to three letters from his family are on their way to him. They've been doing that ever since he entered the service in September, 1942. So far he has received about 1000. He also writes a daily letter home, and the photo above shows Mrs. Hattenbach, with daughters Nancy, left, and Marcia, looking over some of their "fan mail."
