# Market Decline Still Continues

By Elmer C. Walzer
(United Press Financial Editor)

New York, March 3 (UP)—The stock market today extended the decline of the previous session on week-end evening up operations.

Selling largely was precautionary inasmuch as traders are extremely reluctant to carry commitments of any size over week-end periods when unexpected war developments may occur.

Analysts still feel that the heavy weight of idle funds available for investment is almost a guarantee against any extended period of decline. That there is a tremendous volume of money around was demonstrated overnight when the treasury department announced that in the $14,000,000,000 Seventh war loan drive, to start May 14, the goal for individuals has been set at a new high of $7,000,000,000.

Among the more active stocks losses of a point or more were noted for Allied Chemical, American Air Lines, Nickel Plate preferred, and General Railway Signal. Chrysler, Bethlehem Steel, U. S. Steel and N. Y. Central had fractional declines.
