Stocks opened irregularly high.

falling off in volume.
Stocks opened irregularly higher and then turned down in the leading groups for a brief period.
By mid-session a rally was in progress and it carried through until closing with the averages under their best levels since

The stock exchange and curb exchange announced stiffer mar-gin regulations after the close Saturday. These involved elimina-tion of margins on stocks selling nder \$10 a share and an equity in accounts of at least \$1,000, plus a rise in margins generally from a rise in margins generally from 23 per cent to 25 per cent of mar-ket value. The regulations, effec-tive today for new accounts, will apply in part to old accounts on April 2.
