

# Churchill Talk Weakens Market

By Elmer C. Walzer (United Press Financial Editor)  
New York, March 7 (UP)—Prime Minister Winston Churchill's remark yesterday that "one good heave" will end the war in Europe brought irregularity into the stock market today.

Market experts, in setting forth this reason for a decline in many of the leading issues, pointed out that the market's nervousness over prospect of a quick end of the war was based upon the uncertainties of reconversion such a move would bring.

Earlier in the session the leaders showed gains sufficiently large to carry the general market average to a new high since 1937. But then cautious selling developed. Meantime, traders side-tracked their operations to special issues and special groups. Some of the specials held gains ranging to 3 points.

# Gilchrist 4-H Club Sets Meet

Gilchrist, March 7—Members of the 4-H Cooking club of Gilchrist will be witnesses to a demonstration arranged by Nina Mae Jacobs and Curtis Christianson at their next meeting, it was announced today. County Agent Peters attended the last-fourth-meeting of the group on March 2, and gave an interesting talk on 4-H club work, and answered numerous questions for the boys and girls.

Patty June Willingham has been named publicity chairman for the newly formed organization.

# William A. Davis Succeeds Vinson

Washington, March 7 (UP)—Chairman William H. Davis of the war labor board will succeed Fred M. Vinson as director of economic stabilization, the White House announced today.

Vinson was confirmed by the senate yesterday as the new federal loan administrator. He will take over his new duties tomorrow.

George W. Taylor, now vice-chairman of the WLB, will become its chairman.

Davis and Vinson have been among the most prominent figures in the administration program to combat inflation. Taylor is generally credited with being the author of the "Little Steel formula of wage stabilization."

Davis appears winner since its formation and has had intimate knowledge of virtually every major wartime wage dispute.

The realignment of the administration's stabilization team appeared to give Davis a victory in his months-old feud with Vinson over Vinson's order restricting so-called "fringe" wage increases.

Vinson ruled that there could be no so-called fringe increases if they necessitated any price increase. The WLB, particularly Davis, contended that it could issue directives for fringe increases and that Vinson then could approve them even if price increases were necessary.

# Chinese Capture Lashio Airfield

Chungking, March 7 (UP)—The Chinese First army under Lt. Gen. Sun Li-jen, assisted by an American army task force, captured the old Burma road junction town of Lashio and its airfield today in the climax of a three-weeks' offensive.

A communique announced that Old Lashio was taken by storm after defeating Japanese troops in a series of hard-fought delaying actions.

# Work or Jail Bill Teeth Are Barred

Washington, March 7 (UP)—The senate today overwhelmingly rejected a "work-or-jail" amendment to pending manpower legislation.

The vote, 69 to 23, came on a proposal to require every man from 18 to 45 not qualified for military service to take an essential war job under threat of \$10,000 fine and five years imprisonment.

# WOULD AID MANILA

San Francisco, March 7 (UP)—Mayor Roger Lapham today approved a resolution creating a city-sponsored trust fund for the rebuilding of Manila and called upon residents of San Francisco and other communities to contribute through a "parade of dimes."
