

Stocks Irregular; Trading Is Dull

By Elmer C. Walzer
(United Press Financial Editor)

New York, March 13 (UP)—Stocks moved irregularly in dull trading on the stock exchange today.

Dealings fell under yesterday's total and were around the smallest of the year. Rails gained on average while other major groups registered minor declines.

The whole list firmed from the day's lows although there was no particular rush to buy. Special issues rose 1/2 to more than 2 points in several instances on light turnover.

Trading continued under the influence of uncertainty of the market's immediate future. The general tendency in the financial district was to hope for light markets which would make the Washington agencies forget the exchanges and thus eliminate prospects of a series of new restrictions.

PORTLAND LIVESTOCK

2 Oil Companies Announce Merger

The consolidation of two large west coast oil companies was announced today by A. H. DeFries, vice president of the General Petroleum corporation, and C. S. Beesemyer, president of the Gilmore Oil company, according to information received by B. F. Ball and E. W. Willis, Oregon managers for the companies. Both organizations have served western motorists for many years and have quite similar backgrounds. Operations will continue under the management of the General Petroleum, west coast marketers of Mobilgas and Mobiloil. Road oil and asphalt operations will, however, be handled by a Gilmore organization.

The merging of the two organizations results in the appointment of B. F. Ball, as resident manager, and E. W. Willis, as assistant manager for the Oregon division, and other assignments will be announced in the near future, according to DeFries.

To Retain Advantages
"We plan," he stated, "to retain all the advantages, of both our combined dealer and field organization representation, that have so effectively contributed to the strength of the two companies, and through this new organization offer greater services to the motoring public and the industrial plants of the west coast."

"One of the interesting results of this consolidation will be the

extension of General's generous military leave policy to all Gilmore employees who are in the armed services or may later join. Under this arrangement designated dependents of such employees will receive each month from General a payment representing a substantial portion of the difference between the pay and allowances granted the employee by the government and the salary that was being paid when the employee went on leave. Jobs will of course be waiting for them when they return."

WE'RE TEAMING UP!

Gilmore Independent Dealers join the great group of Mobilgas and Mobiloil Independents to serve you better

The Gilmore Oil Company and the Independent Dealers who feature its products recently had the opportunity to better their customers and themselves. They were offered the privilege to market Mobilgas, America's favorite gasoline, as well as Mobiloil, the world's largest selling motor oil, and other Mobil products. This, the Gilmore dealers readily decided to do. They know this happy affiliation with the present Mobilgas Independent Dealer organization will mean more to you in service and in better products. Continue to patronize your former Gilmore Independent Dealer... you'll find him enthusiastic and proud to be known henceforth as your Mobilgas Dealer... to display at his place of business... the world-famous Flying Red Horse.

1. This means greater convenience. Thousands more Independent Mobilgas Dealers are now ready to help keep your car on the job.
2. This teaming-up will make possible a greater availability of products and accessories necessary to the life of your car.
3. This teaming-up means that customers of these Mobilgas Dealers will share in the advancements provided by the world's greatest refineries.
