

A.C.L. Stocks Go Up to New High

By Elmer C. Walzer
(United Press Financial Editor)

New York, March 14 (AP)—Atlantic coast line stock ran up 5 points to a new high at 64 1/2 to feature today's stock market.

Trading generally was dull but prices held firm over a broad front. Railroad issues advanced with Atlantic coast line which in turn responded to an announcement the company had sold a large block of Louisville & Nashville stock, using the proceeds to buy back some outstanding L. & N. bonds.

The rail group was fairly active with gains ranging in the main from fractions to more than a point. Erie held top place in activity with Baltimore & Ohio second and New York Central third. These issues gained fractionally.

Steels turned irregular late in the day after early firmness. Motors held steady to firm. Utilities were firm in the common stock group and mixed in the preferred shares. Mercantiles held steady. Du Pont gained more than a point in the chemicals where prices generally were firm. Special issues gained as much as 4 points in Pacific coast company.

German Targets Under Air Attack

London, March 14 (AP)—Almost 2,000 American heavy bombers and fighters fanned out across Germany again today to pound a wide range of Nazi targets, including railway lines and rail and highway bridges.

The targets were not immediately identified.

The big raiding fleet was spearheaded by more than 1,250 U. S. Eighth air force Flying Fortresses and Liberators, covered by upwards of 650 Mustangs and Thunderbolt fighters.

Benzol Plants Hit

British bombers made a heavy attack last night on two benzol plants near Gelsenkirchen and Herne in the Ruhr.

German broadcasts said bombers were approaching southern Germany from Italy in daylight today.

RAF Mosquitos dropped blockbusters on Berlin and Frankfurt-on-Main during the night. Night fighters supported the British bombers.

Two bombers were lost in RAF raids yesterday and last night, the air ministry reported.
