Injured Soldier's Sister to Serve in Nurse Corps

At present, he is having a little difficulty manipulating crutches, but, he points out, he will be provided with an artificial limb. He hopes to be able to continue his service in the army, in some capacity.

its members after it has persuaded them to join its roster. She recommended group participation in projects and suggested a rotation method of drafting all members to take part.

"Program chairman should study particularly the native abilities of various members," Miss Huston declared. "Investigate what each person does well."

Miss Houston and Mrs. Webber are en route to Portland to attend the forthcoming regional meeting of Business and Professional Women clubs.

Guests present at the session were six members of the Prineville BPW club.
