

# Stocks Continue Monday Decline

By Elmer C. Walzer  
(United Press Financial Editor)

New York, March 20 (U.P.)—Stocks extended yesterday's decline by fractions to more than 2 1/2 points in a moderately active session today.

Railroads featured the decline, although losses were spread over most of the market. Airlines, recently strong, dropped as much as 2 1/2 points in Eastern. Motors, oils and aircrafts lost small amounts. Special shares lost as much as 3 points in Dresser Manufacturing, which increased its outstanding stock by four times. Activity centered around Allegheny Corporation, Aviation Corporation, and International Telephone, none of which had a wide range. Utilities held well as a group. Investment buying sustained such stocks as American Telephone, Allied Chemical and Bullman.

The recession reflected caution in the part of traders unwilling to risk purchases. The small volume of offerings sought rather wide declines in many instances.

## Wood Research Fund Eliminated

Washington, March 20 (U.P.)—The house appropriations committee has eliminated \$227,520 for wood waste research from the agriculture department's 1946 budget, it was disclosed today.

The committee said the army and navy advanced "very substantial sums of money" for research at the Madison, Wis., forest products laboratory.

"The committee believes the same sources can be relied upon for any sums needed in the future for these purposes," the report said.

Reps. Harris Ellsworth, R., Ore., and Homer Angell, R., Ore., testified before the committee that unless the appropriation was made vast amounts of potentially valuable forest products would be wasted. Ellsworth and Angell urged establishment of wood research laboratories in the Pacific northwest.

At least 10 towns in the bridgehead area were captured overnight, including Eudenberg, 2 1/2 miles east of the Rhine-Ruhr-Berlin superhighway. The First Army seized a big fighter-plane strip near Eudenberg and extended its hold on the military highway to more than 7 1/2 miles.

## Odd Fellows Plan For Redmond Trip

Final arrangements are being made for the special assembly of the Rebekah and I.O.O.F. lodges Friday night at 8 o'clock in the Redmond Townsend hall, local groups have announced. Bend members are to make the trip by bus, on the regular 6:15 schedule that evening. A banquet will be served prior to the assembly.

Officers present will include Mrs. Ethel Bailey of Roseburg, president of the Rebekah assembly.

## Yanks Close Gap

(Continued from Page One)

Third army tank columns were barely four miles northwest of Kaiserslautern early today. There they were only 20 miles from a juncture with seventh army troops advancing northward through the breached siegfried line forts near Pirmasens.

A second major German communications center at Neunkirchen, 27 miles southwest of Kaiserslautern, was only two miles from Patton's vanguards this morning. The third enemy keystone at Mainz on the Rhine 45 miles northeast of Kaiserslautern, also was imperiled by a tank column that drove to within seven miles of the city on the seventh.
