

Trading Increases On Stock Market

By Elmer C. Walzer
(United Press Financial Editor)

New York, March 21 (UP)—Trading increased on the stock market today as a decline rounded out its third day. Prices receded fractions to more than 2 points with the general average at a new low since February 2.

Toward closing time many issues advanced their lows, but a majority retained declines. There were a few strong exceptions, including Pere Marquette issues, up as much as 3 points on resumption of dividends after an 8-year lapse on the prior preference stock; and Nickel Plate issues, up as much as 5 1/2 points in the preferred on announcement of plans to refund nearly \$60,000,000 of the road's bonds.

Against the market at this time, according to the experts, was government pressure to check speculation, the forthcoming seventh war loan, continued favorable war news, and the recently increased margin requirements especially on the low-priced stocks.

PORTLAND LIVESTOCK

Portland, Ore., March 21 (UP)—Livestock: Cattle 150, calves 35. Beef cattle active, fully steady; lower grade cows in light supply but demand limited. Depaul Hoopmen Favored to Win

New York, March 21 (UP)—Depaul university's smooth and speedy team became a short priced favorite today to win the national invitation basketball tournament, and was quoted 15 to 17 points better than Rhode Island State, its semi-final opponent to night.

Defending champion St. John's, its prestige shaken by a narrow escape from defeat in the first round, was a bare 4 to 1 point favorite over Bowling Green of Ohio in the other semi-finals contest.

At Kansas City, Mo., on Friday night, Arkansas opposes Oregon and Utah plays Oklahoma A. & M. in the western NCAA semi-finals.

The final games in both the east and west will be played here and at Kansas City on Saturday night.

CAP Unit Holds Navigation Class

A second class in the primary course of navigation was held at Monday night's Civil air patrol cadet meeting at headquarters, conducted by Lt. Oille Bowman, and a training film on the same subject was also shown.

Church Announces Special Meetings

A series of special meetings are being conducted in the First Baptist church by Rev. Floyd Arnold, pastor of the St. Helens First Baptist church, it was announced here today. According to Rev. Kenneth Tobias, pastor of the local church, the meetings are designed to "reinforce the faith of Christians", and members of other churches and the public are invited.

The special meetings, which will be conducted through Easter, begin at 7:30 p. m. Rev. Arnold will be on his third lecture tonight using "The Spiritual Man" as his topic.

Change Is Made In Potato Sales

Because of changes in the definitions of certified seed potatoes and "war approved" seed potatoes, such potatoes sold for table use must be sold as "table stock" potatoes, at or below the ceiling prices established for table stock potatoes, W. H. McGargar, OPA food price executive, said today.

It has never been intended, McGargar said, that seed potatoes sold for table use should be sold at seed potato ceiling prices at any level of distribution.

This action, which becomes effective March 24, 1945, is necessary because information received by OPA indicates that farmers-producers and carlot distributors of potatoes have been selling certified and "war approved" seed potatoes for table use at seed potato ceiling prices that are higher than the ceiling prices for table stock potatoes.

Change Is Made In Potato Sales

Following the navigation class, Lt. Larry Lermo conducted a re-view and study on civil air regulations and a general discussion followed.

Owing principally to an increase in soda ash and chlorine production, the total output of common salt in the United States in 1944 exceeded 16,000,000 tons.

Church Announces Special Meetings

Yes, there is still a tire shortage. The reason is simple, the needs of our Armed Forces come first. But you can help lick the tire shortage in many easy ways that take only a minute or two of time or a little extra care in driving. And we can help you lick the tire shortage by stretching the mileage in your present tires. Our men are trained tire specialists. They make careful, complete tire inspections... the kind that help to spot trouble before it happens. They're trained, too, in making strong, durable repairs that last as long as the tire.

Shoop & Schulze Tire Service

An average of 1.9 or almost two tires per car are worn to a critical condition. Unless these tires are recapped or retreaded immediately, they will in a few hundred miles be worn beyond repair.
